A decrease in premiums shall be effective the first day of the month immediately following the month in which the change is reported.

6. If an eligible person's employer offers employer-sponsored health insurance and the department of social services determines that it is more cost effective, such person shall participate in the employer-sponsored insurance. The department shall pay such person's portion of the premiums, co-payments, and any other costs associated with participation in the employer-sponsored health insurance.

7. Those persons found eligible for medical assistance through this section shall have the right to purchase dental or optical insurance or both through the Missouri Consolidated Health Care Plan.”; and

In determining the need of a claimant, the costs of providing medical treatment which may be furnished pursuant to sections 208.151 to 208.158 and 208.162 shall be disregarded. The amount of benefits, when added to all other income, resources, support, and maintenance shall provide such persons with reasonable subsistence compatible with decency and health in accordance with the standards developed by the division of family services; provided, when a husband and wife are living together, the combined income and resources of both shall be considered in determining the eligibility of either or both. "Living together" for the purpose of this chapter is defined as including a husband and wife separated for the purpose of obtaining medical care or nursing home care, except that the income of a husband or wife separated for such purpose shall be considered in determining the eligibility of his or her spouse, only to the extent that such income exceeds the amount necessary to meet the needs (as defined by rule or regulation of the division) of such husband or wife living separately. In determining the need of a claimant in federally aided programs there shall be disregarded such amounts per month of earned income in making such determination as shall be required for federal participation by the provisions of the federal Social Security Act (42 U.S.C.A. 301 et seq.), or any amendments thereto. When federal

law or regulations require the exemption of other income or resources, the division of family services may provide by rule or regulation the amount of income or resources to be disregarded.

2. Benefits shall not be payable to any claimant who:

(1) Has or whose spouse with whom he or she is living has, prior to July 1, 1989, given away or sold a resource within the time and in the manner specified in this subdivision. In determining the resources of an individual, unless prohibited by federal statutes or regulations, there shall be included (but subject to the exclusions pursuant to subdivisions (4) and (5) of this subsection, and subsection 5 of this section) any resource or interest therein owned by such individual or spouse within the twenty-four months preceding the initial investigation, or at any time during which benefits are being drawn, if such individual or spouse gave away or sold such resource or interest within such period of time at less than fair market value of such resource or interest for the purpose of establishing eligibility for benefits, including but not limited to benefits based on December, 1973, eligibility requirements, as follows:

(a) Any transaction described in this subdivision shall be presumed to have been for the purpose of establishing eligibility for benefits or assistance pursuant to this chapter unless such individual furnishes convincing evidence to establish that the transaction was exclusively for some other purpose;

(b) The resource shall be considered in determining eligibility from the date of the transfer for the number of months the uncompensated value of the disposed of resource is divisible by the average monthly grant paid or average Medicaid payment in the state at the time of the investigation to an individual or on his or her behalf under the program for which benefits are claimed, provided that:

a. When the uncompensated value is twelve thousand dollars or less, the resource shall not be used in determining eligibility for more than twenty-four months; or

b. When the uncompensated value exceeds twelve thousand dollars, the resource shall not be used in determining eligibility for more than sixty months;

(2) The provisions of subdivision (1) of this subsection shall not apply to a transfer, other than a transfer to claimant's spouse, made prior to March 26, 1981, when the claimant furnishes convincing evidence that the uncompensated value of the disposed of resource or any part thereof is no longer possessed or owned by the person to whom the resource was transferred;

(3) Has received, or whose spouse with whom he or she is living has received, benefits to which he or she was not entitled through misrepresentation or nondisclosure of material facts or failure to report any change in status or correct information with respect to property or income as required by section 208.210. A claimant ineligible pursuant to this subsection shall be ineligible for such period of time from the date of discovery as the division of family services may deem proper; or in the case of overpayment of benefits, future benefits may be decreased, suspended or entirely withdrawn for such period of time as the division may deem proper;

(4) Owns or possesses resources in the sum of one thousand dollars or more, **except that for eligibility for medical assistance, the resource limit shall be two thousand five hundred dollars or more**; provided, however, that if such person is married and living with spouse, he or she, or they, individually or jointly, may own resources not to exceed two thousand dollars, **except that for eligibility for medical assistance, the resource limit shall be five thousand dollars or more**; and provided further, that in the case of a temporary assistance for needy families claimant, the provision of this subsection shall not apply;

(5) Prior to October 1, 1989, owns or possesses property of any kind or character, excluding amounts placed in an irrevocable prearranged funeral or burial contract pursuant to subsection 2 of section 436.035, RSMo, and subdivision (5) of subsection 1 of section 436.053, RSMo, or has an interest in property, of which he or she is the record or beneficial owner, the value of such property, as determined by the division of family services, less encumbrances of record, exceeds twenty-nine thousand dollars, or if married and actually living together with husband or wife, if the value of his or her property, or the value of his or her interest in property, together with that of such husband and wife, exceeds such amount;

(6) In the case of temporary assistance for needy families, if the parent, stepparent, and child or children in the home owns or possesses property of any kind or character, or has an interest in property for which he or she is a record or beneficial owner, the value of such property, as determined by the division of family services and as allowed by federal law or regulation, less encumbrances of record, exceeds one thousand dollars, excluding the home occupied by the claimant, amounts placed in an irrevocable prearranged funeral or burial contract pursuant to subsection 2 of section 436.035, RSMo, and subdivision (5) of subsection 1 of section 436.053, RSMo, one automobile which shall not exceed a value set forth by federal law or regulation and for a period not to exceed six months, such other real property which the family is making a good-faith effort to sell, if the family agrees in writing with the division of family services to sell such property and from the net proceeds of the sale repay the amount of assistance received during such period. If the

property has not been sold within six months, or if eligibility terminates for any other reason, the entire amount of assistance paid during such period shall be a debt due the state;

(7) Is an inmate of a public institution, except as a patient in a public medical institution.

3. In determining eligibility and the amount of benefits to be granted pursuant to federally aided programs, the income and resources of a relative or other person living in the home shall be taken into account to the extent the income, resources, support and maintenance are allowed by federal law or regulation to be considered.

4. In determining eligibility and the amount of benefits to be granted pursuant to federally aided programs, the value of burial lots or any amounts placed in an irrevocable prearranged funeral or burial contract pursuant to subsection 2 of section 436.035, RSMo, and subdivision (5) of subsection 1 of section 436.053, RSMo, shall not be taken into account or considered an asset of the burial lot owner or the beneficiary of an irrevocable prearranged funeral or funeral contract. For purposes of this section, "burial lots" means any burial space as defined in section 214.270, RSMo, and any memorial, monument, marker, tombstone or letter marking a burial space. If the beneficiary, as defined in chapter 436, RSMo, of an irrevocable prearranged funeral or burial contract receives any public assistance benefits pursuant to this chapter and if the purchaser of such contract or his or her successors in interest cancel or amend the contract so that any person will be entitled to a refund, such refund shall be paid to the state of Missouri up to the amount of public assistance benefits provided pursuant to this chapter with any remainder to be paid to those persons designated in chapter 436, RSMo.

5. In determining the total property owned pursuant to subdivision (5) of subsection 2 of this section, or resources, of any person claiming or for whom public assistance is claimed, there shall be disregarded any life insurance policy, or prearranged funeral or burial contract, or any two or more policies or contracts, or any combination of policies and contracts, which provides for the payment of one thousand five hundred dollars or less upon the death of any of the following:

- (1) A claimant or person for whom benefits are claimed; or
- (2) The spouse of a claimant or person for whom benefits are claimed with whom he or she is living.

If the value of such policies exceeds one thousand five hundred dollars, then the total value of such policies may be considered in determining resources; except that, in the case of temporary assistance for needy families, there shall be disregarded any prearranged funeral or burial contract, or any two or more contracts, which provides for the payment of one thousand five hundred dollars or less per family member.

6. Beginning September 30, 1989, when determining the eligibility of institutionalized spouses, as defined in 42 U.S.C. Section 1396r-5, for medical assistance benefits as provided for in section 208.151 and 42 U.S.C. Sections 1396a et seq., the division of family services shall comply with the provisions of the federal statutes and regulations. As necessary, the division shall by rule or regulation implement the federal law and regulations which shall include but not be limited to the establishment of income and resource standards and limitations. The division shall require:

(1) That at the beginning of a period of continuous institutionalization that is expected to last for thirty days or more, the institutionalized spouse, or the community spouse, may request an assessment by the division of family services of total countable resources owned by either or both spouses;

(2) That the assessed resources of the institutionalized spouse and the community spouse may be allocated so that each receives an equal share;

(3) That upon an initial eligibility determination, if the community spouse's share does not equal at least twelve thousand dollars, the institutionalized spouse may transfer to the community spouse a resource allowance to increase the community spouse's share to twelve thousand dollars;

(4) That in the determination of initial eligibility of the institutionalized spouse, no resources attributed to the community spouse shall be used in determining the eligibility of the institutionalized spouse, except to the extent that the resources attributed to the community spouse do exceed the community spouse's resource allowance as defined in 42 U.S.C. Section 1396r-5;

(5) That beginning in January, 1990, the amount specified in subdivision (3) of this subsection shall be increased by the percentage increase in the Consumer Price Index for All Urban Consumers between September, 1988, and the September before the calendar year involved; and

(6) That beginning the month after initial eligibility for the institutionalized spouse is determined, the resources of the community spouse shall not be considered available to the institutionalized spouse during that continuous period of institutionalization.

7. Beginning July 1, 1989, institutionalized individuals shall be ineligible for the periods required and for the reasons specified in 42 U.S.C. Section 1396p.

8. The hearings required by 42 U.S.C. Section 1396r-5 shall be conducted pursuant to the provisions of section 208.080.

9. Beginning October 1, 1989, when determining eligibility for assistance pursuant to this chapter there shall be disregarded unless otherwise provided by federal or state statutes, the home of the applicant or recipient when the home is providing shelter to the applicant or recipient, or his or her spouse or dependent child. The division of family services shall establish by rule or regulation in conformance with applicable federal statutes and regulations a definition of the home and when the home shall be considered a resource that shall be considered in determining eligibility.

10. Reimbursement for services provided by an enrolled Medicaid provider to a recipient who is duly entitled to Title XIX Medicaid and Title XVIII Medicare Part B, Supplementary Medical Insurance (SMI) shall include payment in full of deductible and coinsurance amounts as determined due pursuant to the applicable provisions of federal regulations pertaining to Title XVIII Medicare Part B, except the applicable Title XIX cost sharing.

11. A "community spouse" is defined as being the noninstitutionalized spouse.

12. An institutionalized spouse applying for Medicaid and having a spouse living in the community shall be required, to the maximum extent permitted by law, to divert income to such community spouse to raise the community spouse's income to the level of the minimum monthly needs allowance, as described in 42 U.S.C. Section 1396r-5. Such diversion of income shall occur before the community spouse is allowed to retain assets in excess of the community spouse protected amount described in 42 U.S.C. Section 1396r-5."; and

Further amend said bill, Page 45, Section 208.153, Line 74, by inserting after all of said line the following:

"208.174. 1. (2) All outpatient hospital services, payments therefor to be in amounts which represent no more than eighty percent of the lesser of reasonable costs or customary charges for such services, determined in accordance with the principles set forth in Title XVIII A and B, Public Law 89-97, 1965 amendments to the federal Social Security Act (42 U.S.C. 301, et seq.), but the division of medical services may evaluate outpatient hospital services rendered under this section and deny payment for services which are determined by the division of medical services not to be medically necessary, in accordance with federal law and regulations;

(3) Laboratory and X-ray services;

(4) Nursing home services for recipients, except to persons in an institution for mental diseases who are under the age of sixty-five years, when residing in a hospital licensed by the department of health and senior services or a nursing home licensed by the department of health and senior services or appropriate licensing authority of other states or government-owned and -operated institutions which are determined to conform to standards equivalent to licensing requirements in Title XIX of the federal Social Security Act (42 U.S.C. 301, et seq.), as amended, for nursing facilities. The division of medical services may recognize through its payment methodology for nursing facilities those nursing facilities which serve a high volume of Medicaid patients. The division of medical services when determining the amount of the benefit payments to be made on behalf of persons under the age of twenty-one in a nursing facility may consider nursing facilities furnishing care to persons under the age of twenty-one as a classification separate from other nursing facilities;

(5) Nursing home costs for recipients of benefit payments under subdivision (4) of this subsection for those days, which shall not exceed twelve per any period of six consecutive months, during which the recipient is on a temporary leave of absence from the hospital or nursing home, provided that no such recipient shall be allowed a temporary leave of absence unless it is specifically provided for in his plan of care. As used in this subdivision, the term "temporary leave of absence" shall include all periods of time during which a recipient is away from the hospital or nursing home overnight because he is visiting a friend or relative;

(6) Physicians' services, whether furnished in the office, home, hospital, nursing home, or elsewhere;

(7) **Dental services;**

(8) **Services of podiatrists as defined in section 330.010, RSMo;**

(9) Drugs and medicines when prescribed by a licensed physician, dentist, or podiatrist; except that no payment for drugs and medicines prescribed on and after January 1, 2006, by a licensed physician, dentist, or podiatrist may be made on behalf of any person who qualifies for prescription drug coverage under the provisions of P.L. 108-173;

[(8)] (10) Emergency ambulance services and, effective January 1, 1990, medically necessary transportation to scheduled, physician-prescribed nonelective treatments;

[(9)] (11) Early and periodic screening and diagnosis of individuals who are under the age of twenty-one to ascertain their physical or mental defects, and health care, treatment, and other measures to correct or ameliorate defects and chronic conditions discovered thereby. [(10)] (12) Home health care services;

[(11)] (13) **Optometric services as defined in section 336.010, RSMo;**

(14) Family planning as defined by federal rules and regulations; provided, however, that such family planning services shall not include abortions unless such abortions are certified in writing by a physician to the Medicaid agency that, in his professional judgment, the life of the mother would be endangered if the fetus were carried to term;

[(14)] (18) Personal care services which are medically oriented tasks having to do with a person's physical requirements, as opposed to housekeeping requirements, which enable a person to be treated by his physician on an outpatient, rather than on an inpatient or residential basis in a hospital, intermediate care facility, or skilled nursing facility. Personal care services shall be rendered by an individual not a member of the recipient's family who is qualified to provide such services where the services are prescribed by a physician in accordance with a plan of treatment and are supervised by a licensed nurse. Persons eligible to receive personal care services shall be those persons who would otherwise require placement in a hospital, intermediate care facility, or skilled nursing facility. Benefits payable for personal care services shall not exceed for any one recipient one hundred percent of the average statewide charge for care and treatment in an intermediate care facility for a comparable period of time;

[(15)] (19) Mental health services. The state plan for providing medical assistance under Title XIX of the Social Security Act, 42 U.S.C. 301, as amended, shall include the following mental health services when such services are provided by community mental health facilities operated by the department of mental health or designated by the department of mental health as a community mental health facility or as an alcohol and drug abuse facility or as a child-serving agency within the comprehensive children's mental health service system established in section 630.097, RSMo. (c) Rehabilitative mental health and alcohol and drug abuse services including home and community-based preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health or alcohol and drug abuse professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management. As used in this section, "mental health professional" and "alcohol and drug abuse professional" shall be defined by the department of mental health pursuant to duly promulgated rules.

With respect to services established by this subdivision, the department of social services, division of medical services, shall enter into an agreement with the department of mental health. Matching funds for outpatient mental health services, clinic mental health services, and rehabilitation services for mental health and alcohol and drug abuse shall be certified by the department of mental health to the division of medical services. The agreement shall establish a mechanism for the joint implementation of the provisions of this subdivision. In addition, the agreement shall establish a mechanism by which rates for services may be jointly developed;

[(16)] (20) **Comprehensive day rehabilitation services beginning early posttrauma as part of a coordinated system of care for individuals with disabling impairments. Rehabilitation services must be based on**

an individualized, goal-oriented, comprehensive and coordinated treatment plan developed, implemented, and monitored through an interdisciplinary assessment designed to restore an individual to optimal level of physical, cognitive, and behavioral function. The division of medical services shall establish by administrative rule the definition and criteria for designation of a comprehensive day rehabilitation service facility, benefit limitations, and payment mechanism;

(21) Hospice care. As used in this subsection, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the division of medical services to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with Subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(22) Such additional services as defined by the division of medical services to be furnished under waivers of federal statutory requirements as provided for and authorized by the federal Social Security Act (42 U.S.C. 301, et seq.) subject to appropriation by the general assembly;

[(17)] (23) Beginning July 1, 1990, the services of a certified pediatric or family nursing practitioner to the extent that such services are provided in accordance with chapter 335, RSMo, and regulations promulgated thereunder, regardless of whether the nurse practitioner is supervised by or in association with a physician or other health care provider;

[(18)] (24) Nursing home costs for recipients of benefit payments under subdivision (4) of this subsection to reserve a bed for the recipient in the nursing home during the time that the recipient is absent due to admission to a hospital for services which cannot be performed on an outpatient basis, subject to the provisions of this subdivision:

(a) The provisions of this subdivision shall apply only if:

a. The occupancy rate of the nursing home is at or above ninety-seven percent of Medicaid certified licensed beds, according to the most recent quarterly census provided to the department of health and senior services which was taken prior to when the recipient is admitted to the hospital; and

b. The patient is admitted to a hospital for a medical condition with an anticipated stay of three days or less;

(b) The payment to be made under this subdivision shall be provided for a maximum of three days per hospital stay;

(c) For each day that nursing home costs are paid on behalf of a recipient pursuant to this subdivision during any period of six consecutive months such recipient shall, during the same period of six consecutive months, be ineligible for payment of nursing home costs of two otherwise available temporary leave of absence days provided under subdivision (5) of this subsection; and

(d) The provisions of this subdivision shall not apply unless the nursing home receives notice from the recipient or the recipient's responsible party that the recipient intends to return to the nursing home following the hospital stay. If the nursing home receives such notification and all other provisions of this subsection have been satisfied, the nursing home shall provide notice to the recipient or the recipient's responsible party prior to release of the reserved bed.

2. [Additional benefit payments for medical assistance shall be made on behalf of those eligible needy children, pregnant women and blind persons with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the division of medical services, unless otherwise hereinafter provided, for the following:

(1) Dental services;

(2) Services of podiatrists as defined in section 330.010, RSMo;

(3) Optometric services as defined in section 336.010, RSMo;

(4) Orthopedic devices or other prosthetics, including eye glasses, dentures, hearing aids, and wheelchairs;

(5) Hospice care. As used in this subsection, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement

and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the division of medical services to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(6) Comprehensive day rehabilitation services beginning early posttrauma as part of a coordinated system of care for individuals with disabling impairments. Rehabilitation services must be based on an individualized, goal-oriented, comprehensive and coordinated treatment plan developed, implemented, and monitored through an interdisciplinary assessment designed to restore an individual to optimal level of physical, cognitive, and behavioral function. The division of medical services shall establish by administrative rule the definition and criteria for designation of a comprehensive day rehabilitation service facility, benefit limitations and payment mechanism. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this subdivision shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

3.] Benefit payments for medical assistance for surgery as defined by rule duly promulgated by the division of medical services, and any costs related directly thereto, shall be made only when a second medical opinion by a licensed physician as to the need for the surgery is obtained prior to the surgery being performed.

[4.] **3.** The division of medical services may require any recipient of medical assistance to pay part of the charge or cost, as defined by rule duly promulgated by the division of medical services, for [all covered services except for those services covered under subdivisions (14) and (15) of subsection 1 of this section and sections 208.631 to 208.657] **dental services, drugs and medicines, optometric services, eye glasses, dentures, hearing aids, and other services,** to the extent and in the manner authorized by Title XIX of the federal Social Security Act (42 U.S.C. 1396, et seq.) and regulations thereunder. When substitution of a generic drug is permitted by the prescriber according to section 338.056, RSMo, and a generic drug is substituted for a name brand drug, the division of medical services may not lower or delete the requirement to make a co-payment pursuant to regulations of Title XIX of the federal Social Security Act. A provider of goods or services described under this section must collect from all recipients the partial payment that may be required by the division of medical services under authority granted herein, if the division exercises that authority, to remain eligible as a provider. Any payments made by recipients under this section shall be reduced from any payments made by the state for goods or services described herein except the recipient portion of the pharmacy professional dispensing fee shall be in addition to and not in lieu of payments to pharmacists. A provider may collect the co-payment at the time a service is provided or at a later date. A provider shall not refuse to provide a service if a recipient is unable to pay a required cost sharing. If it is the routine business practice of a provider to terminate future services to an individual with an unclaimed debt, the provider may include uncollected co-payments under this practice. Providers who elect not to undertake the provision of services based on a history of bad debt shall give recipients advance notice and a reasonable opportunity for payment. A provider, representative, employee, independent contractor, or agent of a pharmaceutical manufacturer shall not make co-payment for a recipient. This subsection shall not apply to other qualified children, pregnant women, or blind persons. If the Centers for Medicare and Medicaid Services does not approve the Missouri Medicaid state plan amendment submitted by the department of social services that would allow a provider to deny future services to an individual with uncollected co-payments, the denial of services shall not be allowed. The department of social services shall inform providers regarding the acceptability of denying services as the result of unpaid co-payments.

[5.] **4.** The division of medical services shall have the right to collect medication samples from recipients in order to maintain program integrity.

[6.] **5.** Reimbursement for obstetrical and pediatric services under subdivision (6) of subsection 1 of this section shall be timely and sufficient to enlist enough health care providers so that care and services are available under the state plan for medical assistance at least to the extent that such care and services are available to the general population in the geographic area, as required under subparagraph (a)(30)(A) of 42 U.S.C. 1396a and federal regulations promulgated thereunder.

[7.] **6.** Beginning July 1, 1990, reimbursement for services rendered in federally funded health centers shall be in accordance with the provisions of subsection 6402(c) and Section 6404 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989) and federal regulations promulgated thereunder.

[8.] 7. Beginning July 1, 1990, the department of social services shall provide notification and referral of children below age five, and pregnant, breast-feeding, or postpartum women who are determined to be eligible for medical assistance under section 208.151 to the special supplemental food programs for women, infants and children administered by the department of health and senior services. Such notification and referral shall conform to the requirements of Section 6406 of P.L. 101-239 and regulations promulgated thereunder.

[9.] 8. Providers of long-term care services shall be reimbursed for their costs in accordance with the provisions of Section 1902 (a)(13)(A) of the Social Security Act, 42 U.S.C. 1396a, as amended, and regulations promulgated thereunder.

[10.] 9. Reimbursement rates to long-term care providers with respect to a total change in ownership, at arm's length, for any facility previously licensed and certified for participation in the Medicaid program shall not increase payments in excess of the increase that would result from the application of Section 1902 (a)(13)(C) of the Social Security Act, 42 U.S.C. 1396a (a)(13)(C).

[11.] 10. The department of social services, division of medical services, may enroll qualified residential care facilities, as defined in chapter 198, RSMo, as Medicaid personal care providers."; and

3. (1) In order to be eligible for financial assistance for consumer-directed personal care assistance services under this section, a person shall demonstrate financial need, which shall be based on the adjusted gross income and the assets of the person seeking financial assistance and such person's spouse.

(2) In order to demonstrate financial need, a person seeking financial assistance under this section and such person's spouse must have an adjusted gross income, less disability-related medical expenses, as approved by the department, that is equal to or less than three hundred percent of the federal poverty level. The adjusted gross income shall be based on the most recent income tax return.

(3) No person seeking financial assistance for personal care services under this section and such person's spouse shall have assets in excess of two hundred fifty thousand dollars.

4. The department shall require applicants and the applicant's spouse, and consumers and the consumer's spouse, to provide documentation for income, assets, and disability-related medical expenses for the purpose of determining financial need and eligibility for the program. In addition to the most recent income tax return, such documentation may include, but shall not be limited to:

- (1) Current wage stubs for the applicant or consumer and the applicant's or consumer's spouse;
- (2) A current W-2 form for the applicant or consumer and the applicant's or consumer's spouse;
- (3) Statements from the applicant's or consumer's and the applicant's or consumer's spouse's employers;
- (4) Wage matches with the division of employment security;
- (5) Bank statements; and
- (6) Evidence of disability-related medical expenses and proof of payment.

5. A personal care assistance services plan shall be developed by the department pursuant to section 208.906 for each person who is determined to be eligible and in financial need under the provisions of this section. The plan developed by the department shall include the maximum amount of financial assistance allowed by the department, subject to appropriation, for such services.

6. Each consumer who participates in the program is responsible for a monthly premium equal to the average premium required for the Missouri consolidated health care plan; provided that the total premium described in this section shall not exceed five percent of the consumer's and the consumer's spouse's adjusted gross income for the year involved.

7. (1) Nonpayment of the premium required in subsection 6 shall result in the denial or termination of assistance, unless the person demonstrates good cause for such nonpayment.

(2) No person denied services for nonpayment of a premium shall receive services unless such person shows good cause for nonpayment and makes payments for past-due premiums as well as current premiums.

(3) Any person who is denied services for nonpayment of a premium and who does not make any payments for past-due premiums for sixty consecutive days shall have their enrollment in the program terminated.

(4) No person whose enrollment in the program is terminated for nonpayment of a premium when such nonpayment exceeds sixty consecutive days shall be reenrolled unless such person pays any past-due premiums as well as current premiums prior to being reenrolled. Nonpayment shall include payment with a returned, refused, or dishonored instrument.

8. (1) Consumers determined eligible for personal care assistance services under the provisions of this section shall be reevaluated annually to verify their continued eligibility and financial need. The amount of financial assistance for consumer-directed personal care assistance services received by the consumer shall be adjusted or eliminated based on the outcome of the reevaluation. Any adjustments made shall be recorded in the consumer's personal care assistance services plan.

(2) In performing the annual reevaluation of financial need, the department shall annually send a reverification eligibility form letter to the consumer requiring the consumer to respond within ten days of receiving the letter and to provide income and disability-related medical expense verification documentation. If the department does not receive the consumer's response and documentation within the ten-day period, the department shall send a letter notifying the consumer that he or she has ten days to file an appeal or the case will be closed.

(3) The department shall require the consumer and the consumer's spouse to provide documentation for income and disability-related medical expense verification for purposes of the eligibility review. Such documentation may include but shall not be limited to the documentation listed in subsection 4 of this section.

9. (1) Applicants for personal care assistance services and consumers receiving such services pursuant to this section are entitled to a hearing with the department of social services if eligibility for personal care assistance services is denied, if the type or amount of services is set at a level less than the consumer believes is necessary, if disputes arise after preparation of the personal care assistance plan concerning the provision of such services, or if services are discontinued as provided in section 208.924. Services provided under the provisions of this section shall continue during the appeal process.

(2) A request for such hearing shall be made to the department of social services in writing in the form prescribed by the department of social services within ninety days after the mailing or delivery of the written decision of the department of health and senior services. The procedures for such requests and for the hearings shall be as set forth in section 208.080.

10. Unless otherwise provided in this section, all other provisions of sections 208.900 through 208.927 shall apply to individuals who are eligible for financial assistance for personal care assistance services under this section.

11. The department may promulgate rules and regulations, including emergency rules, to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. Any provisions of the existing rules regarding the personal care assistance program promulgated by the department of elementary and secondary education in title 5, code of state regulations, division 90, chapter 7, which are inconsistent with the provisions of this section are void and of no force and effect.

HOUSE RESOLUTION

HR 1678, (4-12-07, Page 1076) - Jones (117)

JOURNAL OF THE HOUSE

First Regular Session, 94th GENERAL ASSEMBLY

SEVENTY-FOURTH DAY, MONDAY, MAY 14, 2007

The House met pursuant to adjournment.

Speaker Pro Tem Bearden in the Chair.

Prayer by Reverend James Earl Jackson.

Heavenly Father, You are LORD; You have made the heavens, even the heaven of heavens, with all their host, the earth and all that is on it, the seas and all that is in them, and You give life to them all. We thank You for being patient with us.

Lord God, we recognize our own inadequacies and continue to seek Your help even, and especially, in this last week of Session. We are grateful You hear us and answer our prayers.

We are those, not only under Your authority, but under the authority granted to us by the people of this state. We do not take lightly this responsibility. May we do nothing in haste, contemplating every decision and its intended purpose.

Now, may You, God our Father, Who have loved us and given us eternal comfort and good hope by grace, comfort and strengthen our hearts in every good work and word.

In Jesus' name, we pray. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Maureen Jacquot, Mark Jacquot, Jack Jacquot, Genevieve Jacquot and Christopher Scholtzhauer.

The Journal of the seventy-third day was approved as printed.

SPECIAL RECOGNITION

John Howard of Springfield was introduced by Representative Dempsey and recognized as an Outstanding Missourian.

Notwithstanding any other provision of this section to the contrary, when an occupant is delinquent more than ninety days, the owner shall not be liable for sums due for more than ninety days of service; provided, however, that in any city not within a county and any home rule city with more than four hundred thousand inhabitants and located in more than one county, until January 1, 2007, when an occupant is delinquent more than one hundred twenty days the owner shall not be liable for sums due for more than one hundred twenty days of service, and after January 1, 2007, when an occupant is delinquent more than ninety days the owner shall not be liable

for sums due for more than ninety days. Any notice of termination of service shall be sent to both the occupant and owner of the premises receiving such service.

3. The provisions of this section shall apply only to residences that have their own private water and sewer lines. In instances where several residences share a common water or sewer line, the owner of the real property upon which the residences sit shall be liable for water and sewer expenses.

4.] Notwithstanding any other provision of law to the contrary, any water provider who terminates service due to delinquency of payment by a consumer shall not be liable for any civil or criminal damages.

[5.]3. The provisions of this section shall not apply to unapplied-for utility services. As used in this subsection, "unapplied-for utility services" means services requiring application by the property owner and acceptance of such application by the utility prior to the establishment of an account. The property owner is billed directly for the services provided, and as a result, any delinquent payment of a bill becomes the responsibility of the property owner rather than the occupant.

4. This section shall not apply to any city not within a county and any home rule city with more than four hundred thousand inhabitants and located in more than one county.

250.142. 1. Sewerage services, water services, or water and sewerage services combined shall be deemed to be furnished to both the occupant and owner of the premises receiving such service and, except as otherwise provided in subsection 2 of this section, the city, town, village, or sewer district or water supply district organized and incorporated under chapter 247, RSMo, rendering such services shall have power to sue the occupant or owner, or both, of such real estate in a civil action to recover any sums due for such services less any deposit that is held by the city, town, village, or sewer district or water supply district organized and incorporated under chapter 247, RSMo, for such services, plus a reasonable attorney's fee to be fixed by the court.

2. When the occupant is delinquent in payment for thirty days, the city, town, village, sewer district, or water supply district shall make a good faith effort to notify the owner of the premises receiving such service of the delinquency and the amount thereof. Notwithstanding any other provision of this section to the contrary, when an occupant is delinquent more than ninety days, the owner shall not be liable for sums due for more than ninety days of service. Any notice of termination of service shall be sent to both the occupant and owner of the premises receiving such service.

3. The provisions of this section shall apply only to residences that have their own private water and sewer lines. In instances where several residences share a common water or sewer line, the owner of the real property upon which the residences sit shall be liable for water and sewer expenses.

4. Notwithstanding any other provision of law to the contrary, any water provider who terminates service due to delinquency of payment by a consumer shall not be liable for any civil or criminal damages.

5. The provisions of this section shall not apply to unapplied-for utility services. As used in this subsection, "unapplied-for utility services" means services requiring application by the property owner and acceptance of such application by the utility prior to the establishment of an account. The property owner is billed directly for the services provided, and as a result, any delinquent payment of a bill becomes the responsibility of the property owner rather than the occupant.

6. This section shall only apply to any city not within a county and any home rule city with more than four hundred thousand inhabitants and located in more than one county."; and

"99.820. 1. A municipality may:

(1) By ordinance introduced in the governing body of the municipality within fourteen to ninety days from the completion of the hearing required in section 99.825, approve redevelopment plans and redevelopment projects, and designate redevelopment project areas pursuant to the notice and hearing requirements of sections 99.800 to 99.865. No redevelopment project shall be approved unless a redevelopment plan has been approved and a redevelopment area has been designated prior to or concurrently with the approval of such redevelopment project and the area selected for the redevelopment project shall include only those parcels of real property and improvements thereon directly and substantially benefited by the proposed redevelopment project improvements;

(2) Make and enter into all contracts necessary or incidental to the implementation and furtherance of its redevelopment plan or project;

(3) Pursuant to a redevelopment plan, subject to any constitutional limitations, acquire by purchase, donation, lease or, as part of a redevelopment project, eminent domain, own, convey, lease, mortgage, or dispose of, land and other property, real or personal, or rights or interests therein, and grant or acquire licenses, easements and options with respect thereto, all in the manner and at such price the municipality or the commission determines is reasonably necessary to achieve the objectives of the redevelopment plan. No conveyance, lease, mortgage, disposition of land or other property, acquired by the municipality, or agreement relating to the development of the property shall be made except upon the adoption of an ordinance by the governing body of the municipality. Each municipality or its commission shall establish written procedures relating to bids and proposals for implementation of the redevelopment projects. Furthermore, no conveyance, lease, mortgage, or other disposition of land or agreement relating to the development of property shall be made without making public disclosure of the terms of the disposition and all bids and proposals made in response to the municipality's request. Such procedures for obtaining such bids and proposals shall provide reasonable opportunity for any person to submit alternative proposals or bids;

(4) Within a redevelopment area, clear any area by demolition or removal of existing buildings and structures;

(5) Within a redevelopment area, renovate, rehabilitate, or construct any structure or building;

(6) Install, repair, construct, reconstruct, or relocate streets, utilities, and site improvements essential to the preparation of the redevelopment area for use in accordance with a redevelopment plan;

(7) Within a redevelopment area, fix, charge, and collect fees, rents, and other charges for the use of any building or property owned or leased by it or any part thereof, or facility therein;

(8) Accept grants, guarantees, and donations of property, labor, or other things of value from a public or private source for use within a redevelopment area;

(9) Acquire and construct public facilities within a redevelopment area;

(10) Incur redevelopment costs and issue obligations;

(11) Make payment in lieu of taxes, or a portion thereof, to taxing districts;

(12) Disburse surplus funds from the special allocation fund to taxing districts as follows:

(a) Such surplus payments in lieu of taxes shall be distributed to taxing districts within the redevelopment area which impose ad valorem taxes on a basis that is proportional to the current collections of revenue which each taxing district receives from real property in the redevelopment area;

(b) Surplus economic activity taxes shall be distributed to taxing districts in the redevelopment area which impose economic activity taxes, on a basis that is proportional to the amount of such economic activity taxes the taxing district would have received from the redevelopment area had tax increment financing not been adopted;

(c) Surplus revenues, other than payments in lieu of taxes and economic activity taxes, deposited in the special allocation fund, shall be distributed on a basis that is proportional to the total receipt of such other revenues in such account in the year prior to disbursement;

(13) If any member of the governing body of the municipality, a member of a commission established pursuant to subsection 2 of this section, or an employee or consultant of the municipality, involved in the planning and preparation of a redevelopment plan, or redevelopment project for a redevelopment area or proposed redevelopment area, owns or controls an interest, direct or indirect, in any property included in any redevelopment area, or proposed redevelopment area, which property is designated to be acquired or improved pursuant to a redevelopment project, he or she shall disclose the same in writing to the clerk of the municipality, and shall also so disclose the dates, terms, and conditions of any disposition of any such interest, which disclosures shall be acknowledged by the governing body of the municipality and entered upon the minutes books of the governing body of the municipality. If an individual holds such an interest, then that individual shall refrain from any further official involvement in regard to such redevelopment plan, redevelopment project or redevelopment area, from voting on any matter pertaining to such redevelopment plan, redevelopment project or redevelopment area, or communicating with other members concerning any matter pertaining to that redevelopment plan, redevelopment project or redevelopment area. Furthermore, no such member or employee shall acquire any interest, direct or indirect, in any property in a redevelopment area or proposed redevelopment area after either (a) such individual obtains knowledge of such plan or project, or (b) first public notice of such plan, project or area pursuant to section 99.830, whichever first occurs;

(14) Charge as a redevelopment cost the reasonable costs incurred by its clerk or other official in administering the redevelopment project. The charge for the clerk's or other official's costs shall be determined by the municipality based on a recommendation from the commission, created pursuant to this section.

2. Prior to adoption of an ordinance approving the designation of a redevelopment area or approving a redevelopment plan or redevelopment project, the municipality shall create a commission of nine persons if the municipality is a county or a city not within a county and not a first class county with a charter form of government with a population in excess of nine hundred thousand, and eleven persons if the municipality is not a county and not in a first class county with a charter form of government having a population of more than nine hundred thousand, and twelve persons if the municipality is located in or is a first class county with a charter form of government having a population of more than nine hundred thousand, to be appointed as follows:

(1) In all municipalities two members shall be appointed by the school boards whose districts are included within the redevelopment plan or redevelopment area. Such members shall be appointed in any manner agreed upon by the affected districts;

(2) In all municipalities one member shall be appointed, in any manner agreed upon by the affected districts, to represent all other districts levying ad valorem taxes within the area selected for a redevelopment project or the redevelopment area, excluding representatives of the governing body of the municipality;

(3) In all municipalities six members shall be appointed by the chief elected officer of the municipality, with the consent of the majority of the governing body of the municipality;

(4) In all municipalities which are not counties and not in a first class county with a charter form of government having a population in excess of nine hundred thousand, two members shall be appointed by the county of such municipality in the same manner as members are appointed in subdivision (3) of this subsection;

(5) In a municipality which is a county with a charter form of government having a population in excess of nine hundred thousand, three members shall be appointed by the cities in the county which have tax increment financing districts in a manner in which the cities shall agree;

(6) In a municipality which is located in the first class county with a charter form of government having a population in excess of nine hundred thousand, three members shall be appointed by the county of such municipality in the same manner as members are appointed in subdivision (3) of this subsection;

(7) Effective January 1, 2008, in a municipality which is in a county under the authority of the East-West Gateway Council of Governments, except any municipality in any county of the first classification with more than ninety-three thousand eight hundred but fewer than ninety-three thousand nine hundred inhabitants, the municipality shall create a commission in the same manner as the commission for a first class county with a charter form of government having a population of more than nine hundred thousand, such commission shall have twelve members with two such members appointed by the school boards whose districts are included in the county in a manner in which such school boards agree, with one such member to represent all other districts levying ad valorem taxes in a manner in which all such districts agree, six such members appointed either by the county executive or county commissioner, and three such members appointed by the cities in the county which have tax increment financing districts in a manner in which the cities shall agree;

(8) Effective January 1, 2008, when any city, town, or village under the authority of the East-West Gateway Council of Governments desires to implement a tax increment financing project, such city, town, or village shall first obtain the permission of the county tax increment financing commission created in this subsection within which the city, town, or village is located. In the event such commission votes in opposition to the redevelopment project, such redevelopment project shall not be approved unless at least two-thirds of the governing body of the city, town, or village votes to approve such project;

(9) At the option of the members appointed by the municipality, the members who are appointed by the school boards and other taxing districts may serve on the commission for a term to coincide with the length of time a redevelopment project, redevelopment plan or designation of a redevelopment area is considered for approval by the commission, or for a definite term pursuant to this subdivision. If the members representing school districts and other taxing districts are appointed for a term coinciding with the length of time a redevelopment project, plan or area is approved, such term shall terminate upon final approval of the project, plan or designation of the area by the governing body of the municipality. Thereafter the commission shall consist of the six members appointed by the municipality, except that members representing school boards and other taxing districts shall be appointed as provided in this section prior to any amendments to any redevelopment plans, redevelopment projects or designation of a redevelopment area. If any school district or other taxing jurisdiction fails to appoint members of the commission within thirty days of receipt of written notice of a proposed redevelopment plan, redevelopment project or designation of a redevelopment area, the remaining members may proceed to exercise the power of the commission. Of the members first appointed by the municipality, two shall be designated to serve for terms of two years, two shall be designated to serve for a term of three years and two shall be designated to serve for a term of four years from the date of such initial appointments. Thereafter, the members appointed by the municipality shall serve for a term of four years, except that all vacancies shall be filled for unexpired terms in the same manner as were the original appointments.

3. The commission, subject to approval of the governing body of the municipality, may exercise the powers enumerated in sections 99.800 to 99.865, except final approval of plans, projects and designation of redevelopment areas. The commission shall hold public hearings and provide notice pursuant to sections 99.825 and 99.830. The commission shall vote on all proposed redevelopment plans, redevelopment projects and designations of redevelopment areas, and amendments thereto, within thirty days following completion of the hearing on any such plan, project or designation and shall make recommendations to the governing body within ninety days of the hearing referred to in section 99.825 concerning the adoption of or amendment to redevelopment plans and redevelopment projects and the designation of redevelopment areas. The requirements of subsection 2 of this section and this subsection shall not apply to redevelopment projects upon which the required hearings have been duly held prior to August 31, 1991.

99.825. 1. Prior to the adoption of an ordinance proposing the designation of a redevelopment area, or approving a redevelopment plan or redevelopment project, the commission shall fix a time and place for a public hearing and notify each taxing district located wholly or partially within the boundaries of the proposed redevelopment area, plan or project. At the public hearing any interested person or affected taxing district may file with the commission written objections to, or comments on, and may be heard orally in respect to, any issues embodied in the notice. The commission shall hear and consider all protests, objections, comments and other evidence presented at the hearing. The hearing may be continued to another date without further notice other than a motion to be entered upon the minutes fixing the time and place of the subsequent hearing. Prior to the conclusion of the hearing, changes may be made in the redevelopment plan, redevelopment project, or redevelopment area, provided that each affected taxing district is given

written notice of such changes at least seven days prior to the conclusion of the hearing. After the public hearing but prior to the adoption of an ordinance approving a redevelopment plan or redevelopment project, or designating a redevelopment area, changes may be made to the redevelopment plan, redevelopment projects or redevelopment areas without a further hearing, if such changes do not enlarge the exterior boundaries of the redevelopment area or areas, and do not substantially affect the general land uses established in the redevelopment plan or substantially change the nature of the redevelopment projects, provided that notice of such changes shall be given by mail to each affected taxing district and by publication in a newspaper of general circulation in the area of the proposed redevelopment not less than ten days prior to the adoption of the changes by ordinance. After the adoption of an ordinance approving a redevelopment plan or redevelopment project, or designating a redevelopment area, no ordinance shall be adopted altering the exterior boundaries, affecting the general land uses established pursuant to the redevelopment plan or changing the nature of the redevelopment project without complying with the procedures provided in this section pertaining to the initial approval of a redevelopment plan or redevelopment project and designation of a redevelopment area. Hearings with regard to a redevelopment project, redevelopment area, or redevelopment plan may be held simultaneously.

2. Effective January 1, 2008, if, after concluding the hearing required under this section, the commission makes a recommendation under section 99.820 in opposition to a proposed redevelopment plan, redevelopment project, or designation of a redevelopment area, or any amendments thereto, a municipality desiring to approve such project, plan, designation, or amendments shall do so only upon a two-thirds majority vote of the governing body of such municipality.

3. Tax incremental financing projects within an economic development area shall apply to and fund only the following infrastructure projects: highways, roads, streets, bridges, sewers, traffic control systems and devices, water distribution and supply systems, curbing, sidewalks and any other similar public improvements, but in no case shall it include buildings."; and

The commission, subject to approval of the governing body of the municipality, may exercise the powers enumerated in sections 99.800 to 99.865, except final approval of plans, projects and designation of redevelopment areas. The commission shall hold public hearings and provide notice pursuant to sections 99.825 and 99.830. The commission shall vote on all proposed redevelopment plans, redevelopment projects and designations of redevelopment areas, and amendments thereto, within thirty days following completion of the hearing on any such plan, project or designation and shall make recommendations to the governing body within ninety days of the hearing referred to in section 99.825 concerning the adoption of or amendment to redevelopment plans and redevelopment projects and the designation of redevelopment areas. The requirements of subsection 2 of this section and this subsection shall not apply to redevelopment projects upon which the required hearings have been duly held prior to August 31, 1991.]

[99.825. 1. Prior to the adoption of an ordinance proposing the designation of a redevelopment area, or approving a redevelopment plan or redevelopment project, the commission shall fix a time and place for a public hearing and notify each taxing district located wholly or partially within the boundaries of the proposed redevelopment area, plan or project. At the public hearing any interested person or affected taxing district may file with the commission written objections to, or comments on, and may be heard orally in respect to, any issues embodied in the notice. The commission shall hear and consider all protests, objections, comments and other evidence presented at the hearing. The hearing may be continued to another date without further notice other than a motion to be entered upon the minutes fixing the time and place of the subsequent hearing. Prior to the conclusion of the hearing, changes may be made in the redevelopment plan, redevelopment project, or redevelopment area, provided that each affected taxing district is given written notice of such changes at least seven days prior to the conclusion of the hearing. After the public hearing but prior to the adoption of an ordinance approving a redevelopment plan or redevelopment project, or designating a redevelopment area, changes may be made to the redevelopment plan, redevelopment projects or redevelopment areas without a further hearing, if such changes do not enlarge the exterior boundaries of the redevelopment area or areas, and do not substantially affect the general land uses established in the redevelopment plan or substantially change the nature of the redevelopment projects, provided that notice of such changes shall be given by mail to each affected taxing district and by publication in a newspaper of general circulation in the area of the proposed redevelopment not less than ten days prior to the adoption of the changes by ordinance. After the adoption of an ordinance approving a redevelopment plan or redevelopment project, or designating a redevelopment area, no ordinance shall be adopted altering the exterior boundaries, affecting the general land uses established pursuant to the redevelopment plan or changing the nature of the redevelopment project without complying with the procedures provided in this section pertaining to the initial approval of a redevelopment plan or redevelopment project and designation of a redevelopment area. Hearings with regard to a redevelopment project, redevelopment area, or redevelopment plan may be held simultaneously.

2. If, after concluding the hearing required under this section, the commission makes a recommendation under section 99.820 in opposition to a proposed redevelopment plan, redevelopment project, or designation of a redevelopment area, or any amendments thereto, a municipality desiring to approve such project, plan, designation, or amendments shall do so only upon a two-thirds majority vote of the governing body of such municipality.

3. Further amend said bill, Page 87, Section 94.950, by inserting after all of said section the following:

"99.805. As used in sections 99.800 to 99.865, unless the context clearly requires otherwise, the following terms shall mean:

(1) ["Blighted area", an area which, by reason of the predominance of defective or inadequate street layout, unsanitary or unsafe conditions, deterioration of site improvements, improper subdivision or obsolete platting, or the existence of conditions which endanger life or property by fire and other causes, or any combination of such factors, retards the provision of housing accommodations or constitutes an economic or social liability or a menace to the public health, safety, morals, or welfare in its present condition and use;] **"Blighted area", any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where:**

(a) If improved, industrial, commercial, and residential buildings or improvements are detrimental to the public safety, health, or welfare because of a combination of four or more of the following factors, each of which is present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the real property tax increment allocation redevelopment act and reasonably distributed throughout the improved part of the redevelopment project area:

a. Dilapidation. "Dilapidation" means an advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed;

b. Obsolescence. "Obsolescence" means the condition or process of falling into disuse; structures have become ill-suited for the original use;

c. Deterioration. "Deterioration" means with respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas show deterioration, including but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces;

d. Presence of structures below minimum code standards. "Presence of structures below minimum code standards" means all structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes;

e. Illegal use of individual structures. "Illegal use of individual structures" means the use of structures in violation of applicable federal, state, or local laws, exclusive of those applicable to the presence of structures below minimum code standards;

f. Excessive vacancies. "Excessive vacancies" means the presence of buildings that are unoccupied or under-used and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies;

g. Lack of ventilation, light, or sanitary facilities. "Lack of ventilation, light, or sanitary facilities" means the absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building;

h. Inadequate utilities. "Inadequate utilities" means underground and overhead utilities such as storm sewers, storm drainage, sanitary sewers, waterlines, gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are:

- (i) Of insufficient capacity to serve the uses in the redevelopment project area;
- (ii) Deteriorated, antiquated, obsolete, or in disrepair; or
- (iii) Lacking within the redevelopment project area;

i. Excessive land coverage and overcrowding of structures and community facilities. "Excessive land coverage and overcrowding of structures and community facilities" means the over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are:

- (i) The presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety; and
- (ii) The presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings; increased threat of spread of fire due to the close proximity of buildings; lack of adequate or proper access to a public right-of-way; lack of reasonably required off-street parking; or inadequate provision for loading and service;

j. Deleterious land use or layout. "Deleterious land use or layout" means the existence of incompatible land use relationships, buildings occupied by inappropriate mixed uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area;

k. Environmental clean-up. "Environmental clean-up" means the proposed redevelopment project area has incurred division of environmental quality of the department of natural resources or United States Environmental Protection Agency (EPA) remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by state or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area;

l. Lack of community planning. "Lack of community planning" means the proposed redevelopment project area was developed before or without the benefit or guidance of a community plan, or before the adoption by the municipality of a comprehensive or other community plan or the plan was not followed at the time of the area's development. This factor shall be documented by evidence of adverse or incompatible land use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning;

m. The total equalized assessed value of the proposed redevelopment project area has declined for two of the last five calendar years before the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for two of the last five calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or its successor agency for two of the last five calendar years before the year in which the redevelopment project area is designated;

(b) If vacant, the growth of the redevelopment project area is impaired by a combination of two or more of the following factors, each of which is present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the real property tax increment allocation redevelopment act and reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

a. Obsolete platting of vacant land that results in parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible

with contemporary standards and requirements, or platting that failed to create rights-of-ways for streets or alleys or that created inadequate right-of-way widths for streets, alleys, or other public rights-of-way or that omitted easements for public utilities;

b. Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the ability to assemble the land for development;

c. Tax and special assessment delinquencies exist or the property has been the subject of tax sales under Missouri property tax laws within the last five years;

d. Deterioration of structures or site improvements in neighboring areas adjacent to the vacant land;

e. The area has incurred division of environmental quality of the department of natural resources or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by state or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area;

f. The total equalized assessed value of the proposed redevelopment project area has declined for two of the last five calendar years before the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for two of the last five calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or its successor agency for two of the last five calendar years before the year in which the redevelopment project area is designated;

(2) "Collecting officer", the officer of the municipality responsible for receiving and processing payments in lieu of taxes or economic activity taxes from taxpayers or the department of revenue;

(3) ["Conservation area", any improved area within the boundaries of a redevelopment area located within the territorial limits of a municipality in which fifty percent or more of the structures in the area have an age of thirty-five years or more. Such an area is not yet a blighted area but is detrimental to the public health, safety, morals, or welfare and may become a blighted area because of any one or more of the following factors: dilapidation; obsolescence; deterioration; illegal use of individual structures; presence of structures below minimum code standards; abandonment; excessive vacancies; overcrowding of structures and community facilities; lack of ventilation, light or sanitary facilities; inadequate utilities; excessive land coverage; deleterious land use or layout; depreciation of physical maintenance; and lack of community planning. A conservation area shall meet at least three of the factors provided in this subdivision for projects approved on or after December 23, 1997;] "Conservation area", any improved area within the boundaries of a redevelopment project area located within the territorial limits of the municipality in which fifty percent or more of the structures in the area have an age of thirty-five years or more. Such an area is not yet a blighted area but because of a combination of three or more of the following factors is detrimental to the public safety, health, morals, or welfare and such an area may become a blighted area:

(a) Dilapidation. "Dilapidation" means an advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed;

With respect to surface improvements, the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas show deterioration, including but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces;

(d) Presence of structures below minimum code standards. "Presence of structures below minimum code standards" means all structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes;

(e) Illegal use of individual structures. "Illegal use of individual structures" means the use of structures in violation of applicable federal, state, or local laws, exclusive of those applicable to the presence of structures below minimum code standards;

(f) Excessive vacancies. "Excessive vacancies" means the presence of buildings that are unoccupied or under-used and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies;

(g) Lack of ventilation, light, or sanitary facilities. "Lack of ventilation, light, or sanitary facilities" means the absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building;

(h) Inadequate utilities. "Inadequate utilities" means underground and overhead utilities such as storm sewers, storm drainage, sanitary sewers, waterlines, gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are:

- a. Of insufficient capacity to serve the uses in the redevelopment project area;
- b. Deteriorated, antiquated, obsolete, or in disrepair; or
- c. Lacking within the redevelopment project area;

(i) Excessive land coverage and overcrowding of structures and community facilities. "Excessive land coverage and overcrowding of structures and community facilities" means the over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety, or the presence of multiple buildings on a single parcel. - b. Increased threat of spread of fire due to the close proximity of buildings;
- c. Lack of adequate or proper access to a public right-of-way;
- d. Lack of reasonably required off-street parking; or
- e. Inadequate provision for loading and service;

(j) Deleterious land use or layout. "Deleterious land use or layout" means the existence of incompatible land use relationships, buildings occupied by inappropriate mixed uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area;

(k) Lack of community planning. "Lack of community planning" means the proposed redevelopment project area was developed before or without the benefit or guidance of a community plan, or the development occurred before the adoption by the municipality of a comprehensive or other community plan or the plan was not followed at the time of the area's development. This factor shall be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning;

(l) The area has incurred division of environmental quality of the department of natural resources or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by state or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area;

(m) The total equalized assessed value of the proposed redevelopment project area has declined for two of the last five calendar years for which information is available or is increasing at an annual rate that is less than the balance of the municipality for two of the last five calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or its successor agency for two of the last five calendar years for which information is available;

(4) "Economic activity taxes", the total additional revenue from taxes which are imposed by a municipality and other taxing districts, and which are generated by economic activities within a redevelopment area over the amount of such taxes generated by economic activities within such redevelopment area in the calendar year prior to the adoption of the ordinance designating such a redevelopment area, while tax increment financing remains in effect, but excluding

personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, licenses, fees or special assessments. For redevelopment projects or redevelopment plans approved after December 23, 1997, if a retail establishment relocates within one year from one facility to another facility within the same county and the governing body of the municipality finds that the relocation is a direct beneficiary of tax increment financing, then for purposes of this definition, the economic activity taxes generated by the retail establishment shall equal the total additional revenues from economic activity taxes which are imposed by a municipality or other taxing district over the amount of economic activity taxes generated by the retail establishment in the calendar year prior to its relocation to the redevelopment area;

(5) "Economic development area", any area or portion of an area located within the territorial limits of a municipality, which does not meet the requirements of subdivisions (1) and (3) of this section, and in which the governing body of the municipality finds that redevelopment will not be solely used for development of commercial businesses which unfairly compete in the local economy and is in the public interest because it will:

- (a) Discourage commerce, industry or manufacturing from moving their operations to another state; or
- (b) Result in increased employment in the municipality; or
- (c) Result in preservation or enhancement of the tax base of the municipality;

(6) "Gambling establishment", an excursion gambling boat as defined in section 313.800, RSMo, and any related business facility including any real property improvements which are directly and solely related to such business facility, whose sole purpose is to provide goods or services to an excursion gambling boat and whose majority ownership interest is held by a person licensed to conduct gambling games on an excursion gambling boat or licensed to operate an excursion gambling boat as provided in sections 313.800 to 313.850, RSMo. This subdivision shall be applicable only to a redevelopment area designated by ordinance adopted after December 23, 1997;

(10) "Payment in lieu of taxes", those estimated revenues from real property in the area selected for a redevelopment project, which revenues according to the redevelopment project or plan are to be used for a private use, which taxing districts would have received had a municipality not adopted tax increment allocation financing, and which would result from levies made after the time of the adoption of tax increment allocation financing during the time the current equalized value of real property in the area selected for the redevelopment project exceeds the total initial equalized value of real property in such area until the designation is terminated pursuant to subsection 2 of section 99.850;

(11) "Redevelopment area", an area designated by a municipality, in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as a blighted area, a conservation area, an economic development area, an enterprise zone pursuant to sections 135.200 to 135.256, RSMo, or a combination thereof, which area includes only those parcels of real property directly and substantially benefited by the proposed redevelopment project;

(12) "Redevelopment plan", the comprehensive program of a municipality for redevelopment intended by the payment of redevelopment costs to reduce or eliminate those conditions, the existence of which qualified the redevelopment area as a blighted area, conservation area, economic development area, or combination thereof, and to thereby enhance the tax bases of the taxing districts which extend into the redevelopment area. Each redevelopment plan shall conform to the requirements of section 99.810;

(13) "Redevelopment project", any development project within a redevelopment area in furtherance of the objectives of the redevelopment plan; any such redevelopment project shall include a legal description of the area selected for the redevelopment project;

(14) "Redevelopment project costs" include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan or redevelopment project, as applicable. Such costs include, but are not limited to, the following:

(h) All or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred in furtherance of the objectives of the redevelopment plan and project, to the extent the municipality by written agreement accepts and approves such costs;

(i) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or are required to be paid by federal or state law;

(j) Payments in lieu of taxes;

(15) "Special allocation fund", the fund of a municipality or its commission which contains at least two separate segregated accounts for each redevelopment plan, maintained by the treasurer of the municipality or the treasurer of the commission into which payments in lieu of taxes are deposited in one account, and economic activity taxes and other revenues are deposited in the other account;

(16) "Taxing districts", any political subdivision of this state having the power to levy taxes;

(17) "Taxing districts' capital costs", those costs of taxing districts for capital improvements that are found by the municipal governing bodies to be necessary and to directly result from the redevelopment project; and

99.810. 1. Each redevelopment plan shall set forth in writing a general description of the program to be undertaken to accomplish the objectives and shall include, but need not be limited to, the estimated redevelopment project costs, the anticipated sources of funds to pay the costs, evidence of the commitments to finance the project costs, **noting conditions and contingencies, if any**, the anticipated type and term of the sources of funds to pay costs, the anticipated type and terms of the obligations to be issued, the most recent equalized assessed valuation of the property within the redevelopment area which is to be subjected to payments in lieu of taxes and economic activity taxes pursuant to section 99.845, an estimate as to the equalized assessed valuation after redevelopment, and the general land uses to apply in the redevelopment area. No redevelopment plan shall be adopted by a municipality without findings that:

(1) The redevelopment area on the whole is a blighted area, a conservation area, or an economic development area, and has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of tax increment financing. Such a finding shall include, but not be limited to, a detailed description of the factors that qualify the redevelopment area or project pursuant to this subdivision and an affidavit, signed by the developer or developers and submitted with the redevelopment plan, attesting that the provisions of this subdivision have been met;

(2) The redevelopment plan conforms to the comprehensive plan for the development of the municipality as a whole;

(3) The estimated dates, which shall not be more than twenty-three years from the adoption of the ordinance approving a redevelopment project within a redevelopment area, of completion of any redevelopment project and retirement of obligations incurred to finance redevelopment project costs have been stated, provided that no ordinance approving a redevelopment project shall be adopted later than ten years from the adoption of the ordinance approving the redevelopment plan under which such project is authorized and provided that no property for a redevelopment project shall be acquired by eminent domain later than five years from the adoption of the ordinance approving such redevelopment project;

(4) A plan has been developed for relocation assistance for businesses and residences;

(5) A cost-benefit analysis showing the economic impact of the plan on each taxing district which is at least partially within the boundaries of the redevelopment area. The analysis shall show the impact on the economy if the project is not built, and is built pursuant to the redevelopment plan under consideration. The cost-benefit analysis shall include a fiscal impact study on every affected political subdivision, and sufficient information from the developer for the commission established in section 99.820 to evaluate whether the project as proposed is financially feasible;

(6) A finding that the plan does not include the initial development or redevelopment of any gambling establishment, provided however, that this subdivision shall be applicable only to a redevelopment plan adopted for a redevelopment area designated by ordinance after December 23, 1997.

2. In the event that, within ten days after the passage of a municipal or county ordinance adopting a redevelopment plan, the appropriate local election authority receives a notice, signed by not less than one hundred registered voters of the municipality or county, stating the intention of such registered voters to cause a petition to be circulated to resubmit any such ordinance to a second vote by the municipal or county governing body, the ordinance shall not take effect as otherwise provided. In the event that, within forty days after the passage of a municipal or county ordinance adopting a redevelopment plan, the appropriate local election authority receives a petition, signed by a number of registered voters equal to at least ten percent of the number of total votes cast in such subdivision in the most recent mayoral or county commissioner election, requesting that approval of the redevelopment plan be resubmitted to the municipal or county governing body for a second vote, the municipal or county governing body shall vote again on the adoption of the redevelopment plan. No such plan shall become effective unless and until it receives the favorable vote of two-thirds of all the members of the governing body.

3. By the last day of February each year, each commission shall report to the director of economic development the name, address, phone number and primary line of business of any business which relocates to the district. The director of the department of economic development shall compile and report the same to the governor, the speaker of the house and the president pro tempore of the senate on the last day of April each year.

99.820. 1. A municipality may:

(1) By ordinance introduced in the governing body of the municipality within fourteen to ninety days from the completion of the hearing required in section 99.825, approve redevelopment plans and redevelopment projects, and designate redevelopment project areas pursuant to the notice and hearing requirements of sections 99.800 to 99.865. No redevelopment project shall be approved unless a redevelopment plan has been approved and a redevelopment area has been designated prior to or concurrently with the approval of such redevelopment project and the area selected for the redevelopment project shall include only those parcels of real property and improvements thereon directly and substantially benefited by the proposed redevelopment project improvements;

(2) Make and enter into all contracts necessary or incidental to the implementation and furtherance of its redevelopment plan or project;

(3) Pursuant to a redevelopment plan, subject to any constitutional limitations, acquire by purchase, donation, lease or, as part of a redevelopment project, eminent domain, own, convey, lease, mortgage, or dispose of, land and other property, real or personal, or rights or interests therein, and grant or acquire licenses, easements and options with respect thereto, all in the manner and at such price the municipality or the commission determines is reasonably necessary to achieve the objectives of the redevelopment plan. No conveyance, lease, mortgage, disposition of land or other property, acquired by the municipality, or agreement relating to the development of the property shall be made except upon the adoption of an ordinance by the governing body of the municipality. Each municipality or its commission shall establish written procedures relating to bids and proposals for implementation of the redevelopment projects. Furthermore, no conveyance, lease, mortgage, or other disposition of land or agreement relating to the development of property shall be made without making public disclosure of the terms of the disposition and all bids and proposals made in response to the municipality's request. Such procedures for obtaining such bids and proposals shall provide reasonable opportunity for any person to submit alternative proposals or bids;

(4) Within a redevelopment area, clear any area by demolition or removal of existing buildings and structures;

(5) Within a redevelopment area, renovate, rehabilitate, or construct any structure or building;

(6) Install, repair, construct, reconstruct, or relocate streets, utilities, and site improvements essential to the preparation of the redevelopment area for use in accordance with a redevelopment plan;

(7) Within a redevelopment area, fix, charge, and collect fees, rents, and other charges for the use of any building or property owned or leased by it or any part thereof, or facility therein;

(8) Accept grants, guarantees, and donations of property, labor, or other things of value from a public or private source for use within a redevelopment area;

- (9) Acquire and construct public facilities within a redevelopment area;
- (10) Incur redevelopment costs and issue obligations;
- (11) Make payment in lieu of taxes, or a portion thereof, to taxing districts;
- (12) Disburse surplus funds from the special allocation fund to taxing districts as follows:

(a) Such surplus payments in lieu of taxes shall be distributed to taxing districts within the redevelopment area which impose ad valorem taxes on a basis that is proportional to the current collections of revenue which each taxing district receives from real property in the redevelopment area;

(b) Surplus economic activity taxes shall be distributed to taxing districts in the redevelopment area which impose economic activity taxes, on a basis that is proportional to the amount of such economic activity taxes the taxing district would have received from the redevelopment area had tax increment financing not been adopted;

(c) Surplus revenues, other than payments in lieu of taxes and economic activity taxes, deposited in the special allocation fund, shall be distributed on a basis that is proportional to the total receipt of such other revenues in such account in the year prior to disbursement;

(13) If any member of the governing body of the municipality, a member of a commission established pursuant to subsection 2 of this section, or an employee or consultant of the municipality, involved in the planning and preparation of a redevelopment plan, or redevelopment project for a redevelopment area or proposed redevelopment area, owns or controls an interest, direct or indirect, in any property included in any redevelopment area, or proposed redevelopment area, which property is designated to be acquired or improved pursuant to a redevelopment project, he or she shall disclose the same in writing to the clerk of the municipality, and shall also so disclose the dates, terms, and conditions of any disposition of any such interest, which disclosures shall be acknowledged by the governing body of the municipality and entered upon the minutes books of the governing body of the municipality. (14) Charge as a redevelopment cost the reasonable costs incurred by its clerk or other official in administering the redevelopment project. (3) In all municipalities six members shall be appointed by the chief elected officer of the municipality, with the consent of the majority of the governing body of the municipality;

(7) At the option of the members appointed by the municipality, the members who are appointed by the school boards and other taxing districts may serve on the commission for a term to coincide with the length of time a redevelopment project, redevelopment plan or designation of a redevelopment area is considered for approval by the commission, or for a definite term pursuant to this subdivision. If the members representing school districts and other taxing districts are appointed for a term coinciding with the length of time a redevelopment project, plan or area is approved, such term shall terminate upon final approval of the project, plan or designation of the area by the governing body of the municipality. Thereafter the commission shall consist of the six members appointed by the municipality, except that members representing school boards and other taxing districts shall be appointed as provided in this section prior to any amendments to any redevelopment plans, redevelopment projects or designation of a redevelopment area. If any school district or other taxing jurisdiction fails to appoint members of the commission within thirty days of receipt of written notice of a proposed redevelopment plan, redevelopment project or designation of a redevelopment area, the remaining members may proceed to exercise the power of the commission. Of the members first appointed by the municipality, two shall be designated to serve for terms of two years, two shall be designated to serve for a term of three years and two shall be designated to serve for a term of four years from the date of such initial appointments. Thereafter, the members appointed by the municipality shall serve for a term of four years, except that all vacancies shall be filled for unexpired terms in the same manner as were the original appointments.

3. The commission, subject to approval of the governing body of the municipality, may exercise the powers enumerated in sections 99.800 to 99.865, except final approval of plans, projects and designation of redevelopment areas. The commission shall hold public hearings and provide notice pursuant to sections 99.825 and 99.830. The requirements of subsection 2 of this section and this subsection shall not apply to redevelopment projects upon which the required hearings have been duly held prior to August 31, 1991.

4. If the commission makes a negative recommendation to the governing body regarding a redevelopment plan, redevelopment project, designation of redevelopment area, or amendments thereto, then such plan, project, designation, or amendment shall not be adopted except by a favorable vote of two-thirds of all the members of the governing body."; and

"135.636. 1. This section shall be known and may be cited as the "Motherhood/Fatherhood Stay-at-Home Tax Credit".

2. As used in this section, the following terms mean:

(1) "Eligible child", any natural, adopted, or stepchild of a stay-at-home parent if such eligible child is between the ages of newborn to twenty-four months;

(2) "Stay-at-home parent", any married parent of an eligible child if such stay-at-home parent was gainfully employed before the birth or adoption of the eligible child or marriage to a person with an eligible child, who is no longer gainfully employed as a result of the decision to stay at home to provide care for the eligible child, and whose annual salary while the stay-at-home parent was gainfully employed was one hundred thousand dollars or less. "Stay-at-home parent" shall not include any recipient of any public assistance;

(3) "Tax credit", a credit against the tax otherwise due under chapter 143, RSMo, excluding withholding tax imposed by sections 143.191 to 143.265, RSMo;

(4) "Taxpayer", any stay-at-home parent or such parent's spouse whose filing status is married filing combined who is subject to the tax imposed in chapter 143, RSMo, excluding withholding tax imposed by sections 143.191 to 143.265, RSMo.

3. For all taxable years beginning on or after January 1, 2007, a taxpayer shall be allowed a tax credit for providing care for an eligible child. The tax credit amount shall be equal to twenty-five percent of the stay-at-home parent's annual salary in the year before the stay-at-home parent terminated gainful employment to become a stay-at-home parent. If the amount of the tax credit issued exceeds the amount of the taxpayer's state tax liability for the tax year for which the credit is claimed, the difference shall not be refundable but may be carried forward to any of the taxpayer's three subsequent taxable years. No tax credit granted under this section shall be transferred, sold, or assigned. The cumulative amount of tax credits which may be issued under this section in any one fiscal year shall not exceed two million dollars.

4. The director of the department of revenue shall establish a procedure by which, from the beginning of the fiscal year until some point in time later in the fiscal year to be determined by the director, the cumulative amount of tax credits are equally apportioned among all taxpayers allowed a tax credit under this section. The director may establish more than one period of time and reapportion more than once during each fiscal year. To the maximum extent possible, the director shall establish the procedure described in this subsection in such a manner as to ensure that taxpayers can claim all the tax credits possible up to the cumulative amount of tax credits available for the fiscal year.

6. The department of revenue may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. House Amendment No. 23

AMEND House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 22, Section 67.410, Page 22, Line 120, by inserting the following after all of said line:

"67.457. 1. To establish a neighborhood improvement district, the governing body of any city or county shall comply with either of the procedures described in subsection 2 or 3 of this section.

2. The governing body of any city or county proposing to create a neighborhood improvement district may by resolution submit the question of creating such district to all qualified voters residing within such district at a general or special election called for that purpose. Such resolution shall set forth the project name for the proposed improvement, the general nature of the proposed improvement, the estimated cost of such improvement, the boundaries of the proposed neighborhood improvement district to be assessed, and the proposed method or methods of assessment of real property within the district, including any provision for the annual assessment of maintenance costs of the improvement in each

year during the term of the bonds issued for the original improvement and after such bonds are paid in full. The governing body of the city or county may create a neighborhood improvement district when the question of creating such district has been approved by the vote of the percentage of electors within such district voting thereon that is equal to the percentage of voter approval required for the issuance of general obligation bonds of such city or county under article VI, section 26 of the constitution of this state. The notice of election containing the question of creating a neighborhood improvement district shall contain the project name for the proposed improvement, the general nature of the proposed improvement, the estimated cost of such improvement, the boundaries of the proposed neighborhood improvement district to be assessed, the proposed method or methods of assessment of real property within the district, including any provision for the annual assessment of maintenance costs of the improvement in each year after the bonds issued for the original improvement are paid in full, and a statement that the final cost of such improvement assessed against real property within the district and the amount of general obligation bonds issued therefor shall not exceed the estimated cost of such improvement, as stated in such notice, by more than twenty-five percent, and that the annual assessment for maintenance costs of the improvements shall not exceed the estimated annual maintenance cost, as stated in such notice, by more than twenty-five percent. The ballot upon which the question of creating a neighborhood improvement district is submitted to the qualified voters residing within the proposed district shall contain a question in substantially the following form:

Shall (name of city or county) be authorized to create a neighborhood improvement district proposed for the (project name for the proposed improvement) and incur indebtedness and issue general obligation bonds to pay for all or part of the cost of public improvements within such district, the cost of all indebtedness so incurred to be assessed by the governing body of the (city or county) on the real property benefited by such improvements for a period of years, and, if included in the resolution, an assessment in each year thereafter with the proceeds thereof used solely for maintenance of the improvement?

3. As an alternative to the procedure described in subsection 2 of this section, the governing body of a city or county may create a neighborhood improvement district when a proper petition has been signed by the owners of record of at least two-thirds by area of all real property located within such proposed district. **Each owner of record of real property located in the proposed district is allowed one signature. Any person, corporation, or limited liability partnership owning more than one parcel of land located in such proposed district shall be allowed only one signature on such petition.** The petition, in order to become effective, shall be filed with the city clerk or county clerk. A proper petition for the creation of a neighborhood improvement district shall set forth the project name for the proposed improvement, the general nature of the proposed improvement, the estimated cost of such improvement, the boundaries of the proposed neighborhood improvement district to be assessed, the proposed method or methods of assessment of real property within the district, including any provision for the annual assessment of maintenance costs of the improvement in each year during the term of the bonds issued for the original improvement and after such bonds are paid in full, a notice that the names of the signers may not be withdrawn later than seven days after the petition is filed with the city clerk or county clerk, and a notice that the final cost of such improvement assessed against real property within the district and the amount of general obligation bonds issued therefor shall not exceed the estimated cost of such improvement, as stated in such petition, by more than twenty-five percent, and that the annual assessment for maintenance costs of the improvements shall not exceed the estimated annual maintenance cost, as stated in such petition, by more than twenty-five percent. **Any neighborhood improvement district in existence prior to August 28, 2007, where two-thirds of the property located in such district was owned by a single person, corporation, or limited liability partnership shall be nullified. Any remaining indebtedness resulting from the issuance of bonds to fund the improvements within the neighborhood improvement district shall revert to the governing body of the city or county.**

4. Upon receiving the requisite voter approval at an election or upon the filing of a proper petition with the city clerk or county clerk, the governing body may by resolution or ordinance determine the advisability of the improvement and may order that the district be established and that preliminary plans and specifications for the improvement be made. Such resolution or ordinance shall state and make findings as to the project name for the proposed improvement, the nature of the improvement, the estimated cost of such improvement, the boundaries of the neighborhood improvement district to be assessed, the proposed method or methods of assessment of real property within the district, including any provision for the annual assessment of maintenance costs of the improvement in each year after the bonds issued for the original improvement are paid in full, and shall also state that the final cost of such improvement assessed against the real property within the neighborhood improvement district and the amount of general obligation bonds issued therefor shall not, without a new election or petition, exceed the estimated cost of such improvement by more than twenty-five percent.

5. The boundaries of the proposed district shall be described by metes and bounds, streets or other sufficiently specific description. The area of the neighborhood improvement district finally determined by the governing body of the city or county to be assessed may be less than, but shall not exceed, the total area comprising such district.

6. In any neighborhood improvement district organized prior to August 28, 1994, an assessment may be levied and collected after the original period approved for assessment of property within the district has expired, with the proceeds thereof used solely for maintenance of the improvement, if the residents of the neighborhood improvement district either vote to assess real property within the district for the maintenance costs in the manner prescribed in subsection 2 of this section or if the owners of two-thirds of the area of all real property located within the district sign a petition for such purpose in the same manner as prescribed in subsection 3 of this section."; and

(14) To have and exercise all rights and powers necessary or incidental to or implied from the specific powers granted herein. Such specific powers shall not be considered as a limitation upon any power necessary or appropriate to carry out the purposes of sections 250.300 to 250.330.

250.324. 1. In addition to the other powers granted the authority and providers in sections 250.300 to 250.330, providers or any other political subdivision of this state owning or operating, or which has the authority to own and operate, a water system or a wastewater system, or both, may enter into purchase agreements with the authority for the purchase, sale, exchange, or transmission of wholesale water or wastewater service whereby they are obligated to make payments in amounts which shall be sufficient to enable the authority to meet its expenses, interest and principal payments, whether at maturity or upon sinking fund redemption, for its obligations, reasonable reserves for debt service, operation, and maintenance, and renewals and replacements, and the requirements of any rate covenants with respect to debt service coverage contained in any resolution, trust indenture, or other security instrument. Purchase agreements may contain such other terms and conditions as may be determined by the parties, including provisions obligating payments for wholesale water or wastewater service irrespective of whether such wholesale water or wastewater services is produced or delivered, or collected or delivered to the authority, or whether any project contemplated by any such agreement is completed, operable, or operating, and notwithstanding suspension, interruption, interference, reduction, or curtailment of the services

of such project. Such agreements may be for a term covering the life of a project or for any other term, or for an indefinite period. Such agreement may provide that if one or more of the providers or users of any project or facility default in the payment of its obligations under any such agreement, the remaining providers or users which also have such agreements shall be required to accept and pay for and shall be entitled proportionately to use or otherwise dispose of the wholesale water or wastewater service purchased by the defaulting provider or user.

2. The obligations of a provider or user of a project or facility under a purchase agreement with an authority or arising out of the default by any other provider or user with respect to such an agreement shall not be construed to constitute debt of the provider or user. To the extent provided in the purchase agreement, such obligations shall constitute special obligations of the provider or user, payable solely from revenues and other moneys derived by the provider or user from its utility and shall be treated as expenses of operating the utility.

250.327. 1. An authority may at any time authorize or issue obligations for the purpose of paying all or any part of the cost of any project. Every issue of such obligations shall be payable from the net revenues of the wholesale water system, wholesale sewer system, or a combination thereof as the case may be, of the authority, including without limitation the proceeds of any agreement with any provider or user for the sale of wholesale water or wastewater services, and may be further secured by other property of the authority which may be pledged, assigned, mortgaged, or a security interest granted for such payment without preference or priority of the first obligations issued subject to any agreement with the holders of any other obligations pledging any specified property or revenues. Such obligations shall be authorized by resolution of the majority of the entire board of directors of the authority and, if issued by the authority, shall bear such date or dates and shall mature at such time or times, but not in excess of forty years, as the resolution shall specify. Such obligations shall be in such denomination, bear interest at such rate or rates, be in such form, either coupon or registered, be issued as current interest obligations, compound interest obligations, variable rate obligations, convertible obligations, or zero coupon obligations, be issued in such manner, be payable in such place or places and subject to redemption as such resolution may provide notwithstanding the provisions of section 108.170, RSMo. The obligations may be sold at either public or private sale, at such interest rates, and at such price or prices as the authority shall determine.

2. Any issue of authority obligations outstanding may be refunded at any time by the authority by issuing its refunding obligations in such amount as the authority may deem necessary. Such obligations may not exceed the amount sufficient to refund the principal of the obligations so to be refunded together with any unpaid interest thereon and any premiums, commissions, service fees, and other expenses necessary to be paid in connection with the refunding. Any such refunding may be effected either by sale of the refunding obligations and the application of the proceeds thereof to the payment of the obligations being refunded or by the exchange of the refunding obligations for the obligations being refunded with the consent of the holder or holders of the obligations being refunded. Refunding obligations may be issued regardless of whether the obligations being refunded were issued in connection with the same project or a separate project and regardless of whether the obligations proposed to be refunded shall be payable on the same date or different dates or shall be due serially or otherwise.

3. Obligations issued under this section shall exclusively be the responsibility of the authority payable solely out of authority funds and property provided in sections 250.300 to 250.330 and shall not constitute a debt or liability of the state of Missouri or any agency or political subdivision of the state, or any of the providers or users. The authority shall not be obligated to pay such obligations with any funds other than those specifically pledged to repayment of the obligations. Any obligations issued by an authority shall state on their face that they are not obligations of the state of Missouri or any agency or political subdivision thereof other than the authority.

4. Obligations issued under this section, the interest thereon, or any proceeds from such obligations shall be exempt from taxation in the state of Missouri for all purposes except the state estate tax.

5. The authority may enter into funding or financing arrangements or any other contract or agreement with any person or business entity, or any federal, state, or local government agency or authority deemed necessary or desirable to fund, finance, or effectuate any project, including without limitation credit enhancement, credit support or interest rate agreements.

250.330. 1. Proceedings for the dissolution of an authority shall be substantially the same as proceedings for the formation of the authority, as follows: A petition describing the authority sought to be dissolved shall be filed with the clerk of the circuit court of the county wherein the petition to form the authority was filed. Such

petition shall allege that further operation of the authority is inimicable to the best interests of the providers which are members of the authority, that the authority should in the interest of the public welfare and safety be dissolved, that an alternative for the services of the projects owned and operated by the authority is available and better able to serve the providers that are members of the authority, and such other information as may be useful to the court in determining whether the petition should be granted and a decree of dissolution entered. Such petition shall also include a detailed plan for payment of all debt and obligations of the authority at the time of dissolution. Such petition shall be accompanied by a cash deposit of fifty dollars as an advancement of the costs of the proceeding and the petition shall be signed by a majority of the providers that are members of the authority. The authority shall be a party and, if the board of directors in its discretion determines that such dissolution is not in the public interest, the authority shall oppose such petition and pay all cost and expense thereof.

2. Upon the filing of the petition, the petition shall be presented to the circuit court and such court shall fix a date for a hearing on such petition as provided in this section. Thereupon, the clerk of the court shall give notice of the filing of the petition in some newspaper of general circulation in each of the providers that are members of the authority. The notice shall contain a description of the general purposes of the petition and shall set forth the date fixed for the hearing on the petition, which shall not be less than seven nor more than twenty-one days after the date of the last publication of the notice and shall be on some regular judicial day of the court wherein the petition is pending. Such notice shall be signed by the clerk of the circuit court and shall be published in three successive issues of a weekly newspaper or in twenty successive issues of a daily newspaper.

3. The court, for good cause shown, may continue the case or the hearing thereon from time to time until final disposition thereof.

4. Exceptions to the dissolution of an authority may be made by any voter of the providers that are members of the authority and by the authority as herein provided. Such exceptions shall be filed not less than five days prior to the date set for the hearing on the petition, and shall specify the grounds upon which the exceptions are filed and the court shall take them into consideration in passing upon the petition and shall also consider the evidence in support of the petition and in support of the exceptions made. Unless petitioners prove that all debts and financial obligations of the authority can be paid in full upon dissolution, the petition shall be dismissed at the cost of the petitioners.

5. If the court finds that it would not be to the public interest to dissolve an authority, the petition shall be dismissed at the costs of the petitioners. If, however, the court finds in favor of the petitioners, the court shall enter its interlocutory decree of dissolution which decree shall provide for the submission of the question to the voters of the authority in substantially the following form:

"Shall Wholesale Water and Sewer Authority be dissolved?".

6. The decree of dissolution shall not become final and conclusive until it shall have been submitted to the voters residing within the boundaries of each provider that is a member of the authority and until it shall have been assented to by a majority of two-thirds of the voters voting on the proposition. The decree shall provide for the submission of the question and shall fix the date thereof. The returns shall be certified by the election authorities to the circuit court having jurisdiction in the case and the court shall thereupon enter its order canvassing the returns and declaring the result of such election.

7. If upon canvass and declaration it is found and determined that the question shall have been assented to by a majority of two-thirds of the voters voting on such proposition, the court shall in such order declaring the result of the election enter a further order declaring the decree of dissolution to be final and conclusive. If, however, the court finds that the question had not been assented to by the majority required, the court shall enter a further order declaring such decree of dissolution to be void and of no effect. No appeal shall lie from any of the aforesaid orders. If the court declares the decree of dissolution to be final, as provided in this section, the clerk of the circuit court shall file certified copies of such decree of dissolution and of such final order with the secretary of state of the state of Missouri and with the recorder of deeds of the county or counties in which the authority does business and with the clerk of the county commission of the county or counties in which the authority does business.

8. Notwithstanding any other provision of this section to the contrary, no authority shall be dissolved until after all of its debts shall have been paid and the court in its decree of dissolution provides for the disposition of the property of the authority."; and

If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the governing body of the fire protection district shall not impose the sales tax authorized in this section unless and until the governing body of such fire protection district resubmits a proposal to authorize the governing body of the fire protection district to impose the sales tax authorized by this section and such proposal is approved by a majority of the qualified voters voting thereon.

If the amount awarded to or settled upon multiple claimants exceeds two million dollars, any party may apply to any circuit court to apportion to each claimant his proper share of the total amount limited by subsection 1 of this section. The share apportioned each claimant shall be in the proportion that the ratio of the award or settlement made to him bears to the aggregate awards and settlements for all claims arising out of the accident or occurrence, but the share shall not exceed three hundred thousand dollars.

[5.] 8. The limitation on awards for liability provided for in this section shall be increased or decreased on an annual basis effective January first of each year in accordance with the Implicit Price Deflator for Personal Consumption Expenditures as published by the Bureau of Economic Analysis of the United States Department of Commerce. The current value of the limitation shall be calculated by the director of the department of insurance, who shall furnish that value to the secretary of state, who shall publish such value in the Missouri Register as soon after each January first as practicable, but it shall otherwise be exempt from the provisions of section 536.021, RSMo.

"287.067. 1. In this chapter the term "occupational disease" is hereby defined to mean, unless a different meaning is clearly indicated by the context, an identifiable disease arising with or without human fault out of and in the course of the employment. Ordinary diseases of life to which the general public is exposed outside of the employment shall not be compensable, except where the diseases follow as an incident of an occupational disease as defined in this section. The disease need not to have been foreseen or expected but after its contraction it must appear to have had its origin in a risk connected with the employment and to have flowed from that source as a rational consequence.

2. An injury by occupational disease is compensable only if the occupational exposure was the prevailing factor in causing both the resulting medical condition and disability. The "prevailing factor" is defined to be the primary factor, in relation to any other factor, causing both the resulting medical condition and disability. Ordinary, gradual deterioration, or progressive degeneration of the body caused by aging or by the normal activities of day-to-day living shall not be compensable.

3. An injury due to repetitive motion is recognized as an occupational disease for purposes of this chapter. An occupational disease due to repetitive motion is compensable only if the occupational exposure was the prevailing factor in causing both the resulting medical condition and disability. The "prevailing factor" is defined to be the primary factor, in relation to any other factor, causing both the resulting medical condition and disability. Ordinary, gradual deterioration, or progressive degeneration of the body caused by aging or by the normal activities of day-to-day living shall not be compensable.

4. "Loss of hearing due to industrial noise" is recognized as an occupational disease for purposes of this chapter and is hereby defined to be a loss of hearing in one or both ears due to prolonged exposure to harmful noise in employment. "Harmful noise" means sound capable of producing occupational deafness.

5. "Radiation disability" is recognized as an occupational disease for purposes of this chapter and is hereby defined to be that disability due to radioactive properties or substances or to Roentgen rays (X-rays) or exposure to ionizing radiation caused by any process involving the use of or direct contact with radium or radioactive properties or substances or the use of or direct exposure to Roentgen rays (X-rays) or ionizing radiation.

6. Disease of the lungs or respiratory tract, hypotension, hypertension, or disease of the heart or cardiovascular system, including carcinoma, may be recognized as occupational diseases for the purposes of this chapter and are defined to be disability due to exposure to smoke, gases, carcinogens, inadequate oxygen, of paid firefighters of a paid fire department or paid police officers of a paid police department certified under chapter 590, RSMo, if a direct causal relationship is established, or psychological stress of firefighters of a paid fire department **or paid police officers of a paid police department certified under chapter 590, RSMo**, if a direct causal relationship is established.

7. Any employee who is exposed to and contracts any contagious or communicable disease arising out of and in the course of his or her employment shall be eligible for benefits under this chapter as an occupational disease.

8. With regard to occupational disease due to repetitive motion, if the exposure to the repetitive motion which is found to be the cause of the injury is for a period of less than three months and the evidence demonstrates that the exposure to the repetitive motion with the immediate prior employer was the prevailing factor in causing the injury, the prior employer shall be liable for such occupational disease."; and

MESSAGES FROM THE SENATE

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and passed **SCS HCR 20**.

SENATE COMMITTEE SUBSTITUTE FOR HOUSE CONCURRENT RESOLUTION NO. 20

WHEREAS, in May 2005, the United States Congress enacted the REAL ID Act of 2005 as part of the Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Tsunami Relief Act (PL 109-13), which was signed by President Bush on May 11, 2005, and which becomes effective May 11, 2008; and

WHEREAS, some of the requirements of the REAL ID Act are that states shall:

(1) Issue a driver's license or state identification card in a uniform format, containing uniform information, as prescribed by the federal Department of Homeland Security;

(2) Verify the issuance, validity, and completeness of all primary documents used to issue a driver's license, such as those showing that the bearer is a United States citizen or a lawful alien, a lawful refugee, or a person holding a valid visa;

(3) Provide for secure storage of all primary documents that are used to issue a federally approved driver's license or state identification card;

(4) Provide fraudulent document recognition training to all persons engaged in issuing driver's licenses or state identification cards; and

(5) Issue a driver's license or state identification card in a prescribed format if it is a license or card that does not meet the criteria provided for a federally approved license or identification card; and

WHEREAS, use of the federal minimum standards for state driver's licenses and state-issued identification cards will be necessary for any type of federally regulated activity for which an identification card must be displayed, including flying in a commercial airplane, making transactions with a federally licensed bank, entering a federal building, or making application for federally supported public assistance benefits, including Social Security; and

WHEREAS, some of the intended privacy requirements of the REAL ID Act, such as the use of common machine-readable technology and state maintenance of a database that can be shared with the United States government and agencies of other states, may actually make it more likely that a federally required driver's license or state identification card, or the information about the bearer on which the license or card is based, will be stolen, sold, or otherwise used for purposes that were never intended or that are criminally related than if the REAL ID Act had not been enacted; and

WHEREAS, these potential breaches in privacy that could result directly from compliance with the REAL ID Act may violate the right to privacy secured in the Missouri Constitution, for thousands of residents of Missouri; and

WHEREAS, the American Association of Motor Vehicle Administrators, the National Governors' Association, and the National Conference of State Legislatures have estimated, in an impact analysis dated September 2006, that the cost to the states to implement the REAL ID Act will be more than \$11 billion over 5 years, and it is estimated that the implementation of the REAL ID Act will cost Missouri millions to fully implement the Act, none of such costs being paid for by the federal government; and

WHEREAS, for all of these reasons, the American Association of Motor Vehicle Administrators, the National Governors' Association, and the National Conference of State Legislatures, in a letter dated March 17, 2005, to the majority and minority leaders of the United States Senate, opposed the adoption of the REAL ID Act, but the opposition of those groups, and the groups' request that Congress rely on driver's license security provisions already passed by Congress in the Intelligence Reform and Terrorism Prevention Act of 2004, was largely ignored by Congress; and

WHEREAS, the regulations that are to be adopted by the U.S. Department of Homeland Security to implement the requirements of the REAL ID Act have yet to be adopted and, in reality, will probably not become effective until the Spring of 2007, effectively giving the states only one year in which to become familiar with the implementing regulations and comply with those regulations and the requirements of the REAL ID Act; and

WHEREAS, the mandate to the states, through federal legislation that provides no funding for its requirements, to issue what is, in effect, a national identification card appears to be an attempt to "commandeer" the political machinery of the states and to require the states to be agents of the federal government, in violation of the principles of federalism contained in the Tenth Amendment to the United States Constitution, as interpreted by the United States Supreme Court in *New York v. United States*, 488 U.S. 1041 (1992), *United States v. Lopez*, 514 U.S. 549 (1995), and *Printz v. United States*, 521 U.S. 898 (1997);

WHEREAS, state legislatures in Georgia, Massachusetts, Montana, New Mexico, New Hampshire, and Washington, have, through legislation or resolutions, opposed the implementation of the REAL ID Act; and

WHEREAS, the Missouri General Assembly affirms its abhorrence of and opposition to global terrorism, and affirms its commitment to protecting the civil rights and civil liberties of all Missouri residents and opposes any measures, including the REAL ID Act, that unconstitutionally infringe upon those civil rights and civil liberties:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives, Ninety-Fourth General Assembly, First Regular Session, the Senate concurring therein, hereby calls on Congress to repeal the REAL ID Act; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution and be immediately transmitted to the Honorable George W. Bush, President of the United States; the President of the United States Senate; the Speaker of the House of Representatives; and each member of Congress from the State of Missouri.

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and adopted **HCS SCS SB 54, as amended**, and has taken up and passed **HCS SCS SB 54, as amended**.

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and adopted the Conference Committee Report on **HCS SCS SBs 62 & 41, as amended**, and has taken up and passed **CCS HCS SCS SBs 62 & 41**.

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate refuses to adopt the Conference Committee Report No. 2 on **HCS SCS SB 64, as amended**, and requests the House grant further conference.

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has dissolved the conference on **HCS SCS SB 198** and has taken up and adopted **HCS SCS SB 198** and has taken up and passed **HCS SCS SB 198**.

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and adopted the Conference Committee Report No. 2 on **HCS#2 SB 406, as amended**, and has taken up and passed **CCS#2 HCS#2 SB 406**.

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and adopted the Conference Committee Report on **HCS SB 416**, and has taken up and passed **CCS HCS SB 416**.

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate refuses to concur in **HCS SS SCS SB 577, as amended**, and requests the House to recede from its position and, failing to do so, grant the Senate a conference thereon.

House Amendment No. 1

AMEND House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 429, Section 174.712, Page 10, Line 5, by inserting immediately after said line the following:

"188.015. Unless the language or context clearly indicates a different meaning is intended, the following words or phrases for the purposes of sections 188.010 to 188.130 shall be given the meaning ascribed to them:

(1) "Abortion", the intentional destruction of the life of an embryo or fetus in his or her mother's womb or the intentional termination of the pregnancy of a mother with an intention other than to increase the probability of a live birth or to remove a dead or dying unborn child;

(2) "Abortion facility", a clinic, physician's office, or any other place or facility in which abortions are performed other than a hospital;

(3) "Conception", the fertilization of the ovum of a female by a sperm of a male;

(4) "Gestational age", length of pregnancy as measured from the first day of the woman's last menstrual period;

(5) "Partial-birth abortion", an abortion in which the person performing the abortion:

(a) **Deliberately and intentionally vaginally delivers a living fetus until, in the case of a head first presentation, the entire fetal head is outside the body of the mother, or in the case of breech presentation, any part of the fetal trunk past the navel is outside the body of the mother, for the purpose of performing an overt act that the person knows will kill the partially delivered living fetus; and**

(b) **Performs the overt act, other than completion of delivery, that kills the partially delivered living fetus;**

(6) "Physician", any person licensed to practice medicine in this state by the state board of registration of the healing arts;

[(6)] (7) "Unborn child", the offspring of human beings from the moment of conception until birth and at every stage of its biological development, including the human conceptus, zygote, morula, blastocyst, embryo, and fetus;

[(7)] (8) "Viability", that stage of fetal development when the life of the unborn child may be continued indefinitely outside the womb by natural or artificial life-supportive systems."; and

188.021. 1. Any physician who knowingly performs a partial-birth abortion and thereby kills a human fetus shall be guilty of a class C felony.

2. Subsection 1 shall not apply to a partial-birth abortion that is necessary to save the life of a mother whose life is endangered by a physical disorder, physical illness, or physical injury, including a life endangering physical condition caused by or arising from the pregnancy itself.

3. The father, if married to the mother at the time she receives a partial-birth abortion procedure, and the maternal grandparents of the fetus, if the mother has not attained the age of eighteen years of age at the time

of the abortion, may have a civil cause of action against any person in violation of subsection 1 of this section to obtain appropriate relief, unless the pregnancy resulted from the plaintiff's criminal conduct or the plaintiff consented to the abortion. Such appropriate relief shall include money damages for all psychological and physical injuries that occurred as a result of a violation of this section and statutory damages equal to three times the cost of the partial-birth abortion.

4. A defendant accused of a violation of subsection 1 of this section may seek a hearing before the state board of registration for the healing arts on whether the physician's conduct was necessary to save the life of the mother whose life was endangered by a physical disorder, physical illness, or physical injury, including a life endangering physical condition caused by or arising from the pregnancy itself. The findings on said issue are admissible at the trial of the defendant. Upon a motion of the defendant, the court shall delay the beginning of the trial for not more than thirty days to permit such a hearing to take place.

5. Any woman upon whom a partial-birth abortion is performed may not be prosecuted under this section or for a conspiracy to violate this section.

188.075. **Except as provided in section 188.021**, any person who contrary to the provisions of sections 188.010 to 188.085 knowingly performs or aids in the performance of any abortion or knowingly fails to perform any action required by sections 188.010 to 188.085 shall be guilty of a class A misdemeanor and, upon conviction, shall be punished as provided by law."; and

However, if such records and documents are used or shared by an agency in a criminal investigation involving an officer, provisions regarding incident reports, investigative reports, or other documents covered under this section shall apply.

2. Each law enforcement agency of this state, of any county, and of any municipality shall maintain records of all incidents reported to the agency, investigations and arrests made by such law enforcement agency. All incident reports and arrest reports shall be open records. Notwithstanding any other provision of law other than the provisions of subsections 4, 5 and 6 of this section or section 320.083, RSMo, investigative reports of all law enforcement agencies are closed records until the investigation becomes inactive. If any person is arrested and not charged with an offense against the law within thirty days of the person's arrest, the arrest report shall thereafter be a closed record except that the disposition portion of the record may be accessed and except as provided in section 610.120.

3. Except as provided in subsections 4, 5, 6 and 7 of this section, if any portion of a record or document of a law enforcement officer or agency, other than an arrest report, which would otherwise be open, contains information that is reasonably likely to pose a clear and present danger to the safety of any victim, witness, undercover officer, or other person; or jeopardize a criminal investigation, including records which would disclose the identity of a source wishing to remain confidential or a suspect not in custody; or which would disclose techniques, procedures or guidelines for law enforcement investigations or prosecutions, that portion of the record shall be closed and shall be redacted from any record made available pursuant to this chapter.

4. Any person, including a family member of such person within the first degree of consanguinity if such person is deceased or incompetent, attorney for a person, or insurer of a person involved in any incident or whose property is involved in an incident, may obtain any records closed pursuant to this section or section 610.150 for purposes of investigation of any civil claim or defense, as provided by this subsection. Any individual, his or her family member within the first degree of consanguinity if such individual is deceased or incompetent, his or her attorney or insurer, involved in an incident or whose property is involved in an incident, upon written request, may obtain a complete

unaltered and unedited incident report concerning the incident, and may obtain access to other records closed by a law enforcement agency pursuant to this section. Within thirty days of such request, the agency shall provide the requested material or file a motion pursuant to this subsection with the circuit court having jurisdiction over the law enforcement agency stating that the safety of the victim, witness or other individual cannot be reasonably ensured, or that a criminal investigation is likely to be jeopardized. If, based on such motion, the court finds for the law enforcement agency, the court shall either order the record closed or order such portion of the record that should be closed to be redacted from any record made available pursuant to this subsection.

5. Any person may bring an action pursuant to this section in the circuit court having jurisdiction to authorize disclosure of the information contained in an investigative report of any law enforcement agency, which would otherwise be closed pursuant to this section. The court may order that all or part of the information contained in an investigative report be released to the person bringing the action. In making the determination as to whether information contained in an investigative report shall be disclosed, the court shall consider whether the benefit to the person bringing the action or to the public outweighs any harm to the public, to the law enforcement agency or any of its officers, or to any person identified in the investigative report in regard to the need for law enforcement agencies to effectively investigate and prosecute criminal activity. The investigative report in question may be examined by the court in camera. The court may find that the party seeking disclosure of the investigative report shall bear the reasonable and necessary costs and attorneys' fees of both parties, unless the court finds that the decision of the law enforcement agency not to open the investigative report was substantially unjustified under all relevant circumstances, and in that event, the court may assess such reasonable and necessary costs and attorneys' fees to the law enforcement agency.

6. Any person may apply pursuant to this subsection to the circuit court having jurisdiction for an order requiring a law enforcement agency to open incident reports and arrest reports being unlawfully closed pursuant to this section. If the court finds by a preponderance of the evidence that the law enforcement officer or agency has knowingly violated this section, the officer or agency shall be subject to a civil penalty in an amount up to one thousand dollars. If the court finds that there is a knowing violation of this section, the court may order payment by such officer or agency of all costs and attorneys' fees, as provided by section 610.027. If the court finds by a preponderance of the evidence that the law enforcement officer or agency has purposely violated this section, the officer or agency shall be subject to a civil penalty in an amount up to five thousand dollars and the court shall order payment by such officer or agency of all costs and attorney fees, as provided in section 610.027. The court shall determine the amount of the penalty by taking into account the size of the jurisdiction, the seriousness of the offense, and whether the law enforcement officer or agency has violated this section previously.

(1) There shall be assessed and collected a surcharge of seven dollars in each criminal case involving violations of any county ordinance or a violation of any criminal or traffic laws of the state, including infractions, or violations of municipal ordinances, provided that no such fee shall be collected in any proceeding in any court when the proceeding or defendant has been dismissed by the court or when costs are to be paid by the state, county, or municipality or against any person who has pled guilty and paid their fine under subsection 4 of section 476.385, RSMo. For purposes of this section, the term "county ordinance" shall include any ordinance of any city not within a county;

(2) The clerk responsible for collecting court costs in criminal cases shall collect and disburse such amounts as provided by sections 488.010 to 488.020, RSMo. Such funds shall be payable to the law enforcement safety fund created under section 590.803, and shall be used only for the purposes provided for in sections 590.800 to 590.830. This fee shall be collected in all criminal cases, including violations of any county or municipal ordinances or any violations of criminal or traffic laws, including cases where a collection agency is being used.

2. The board may accept gifts, donations, grants, and bequests from public or private sources to the law enforcement safety fund.

590.809. 1. The general administration and the responsibility for the proper operation of the fund and the investment of the fund are vested in a board of directors of seven persons. Two of the directors shall be chiefs of police who are members of the Missouri Police Chiefs' Association, two of the directors shall be full-time police officers or deputy sheriffs who are members of a state fraternal order of police, one of the directors shall be a sheriff, one of the directors shall be a member of the general assembly from the joint committee on public employee retirement, and one of the directors shall be a member at-large. The directors of the first board shall be appointed by the governor by and with the consent of the senate, and shall serve terms of four years from the first day of January, 2008. For subsequent boards, the two police chief directors shall be elected by a secret ballot vote of the members of the Missouri Police Chiefs' Association. The two police officers or deputy sheriff directors shall be elected by a secret ballot vote of the members of the Missouri fraternal order of police. The sheriff director shall be elected by a secret ballot vote of the members of the Missouri Sheriffs' Association. The director from the general assembly shall be appointed by the governor with the advice and consent of the senate. The member-at-large shall be appointed by the other board members. It shall be the responsibility of the initial board to establish procedures for the conduct of future elections of directors and such procedures shall be approved by a majority vote by secret ballot of the police chiefs, officers, and deputy sheriffs. The board shall have all powers and duties that are necessary and proper to enable it, its officers, employees, and agents to fully and effectively carry out all the purposes of sections 590.800 to 590.830.

2. The board of directors shall elect one of their members as chair and one of their members as vice chair and may employ an administrator who shall serve as secretary to the board. The board shall hold regular meetings at least once each quarter. Other meetings may be called as necessary by the chair. Notice of such meetings shall be given in accordance with chapter 610, RSMo.

3. The board of directors shall retain an investment counsel to be an investment advisor to the board, and the board of directors shall arrange for annual audits by a certified public accountant.

4. The board of directors shall serve without compensation for their services as such, except that each director shall be paid for any necessary expenses incurred in the performance of duties authorized by the board.

5. The board of directors shall be allowed administrative costs for the operation of the system.

6. The board shall keep a record of its proceedings which shall be open to public inspection and shall annually prepare a report showing the financial condition of the system. The report shall contain, but not be limited to, an auditor's opinion, financial statements prepared in accordance with generally accepted accounting principles, an actuary's certification along with actuarial assumptions, and financial solvency tests.

7. Notwithstanding any other provisions of law, after the expiration of the terms of the initial board of directors, the directors elected as successors to those initial directors shall be elected to staggered terms of four years each in the following manner: three directors shall be elected for a two-year term with their successors being elected to four-year terms, and four directors shall be elected for a four-year term. The procedures for such elections and the designation of which terms will initially be two-year terms and which will be four-year terms shall be established solely by the board of directors of the law enforcement safety fund system. Beginning with the election of directors under the provisions of this subsection, at least one, but not more than two of the directors, may be a member of the law enforcement safety fund system, except that any vacancies occurring on the board after all members have been duly elected shall be filled by the board and such appointed members shall serve until the next regularly scheduled election for such filled position.

8. Notwithstanding any provision of law, any board member who was elected to the board as an active member representative and becomes a retired member of the system after such election shall, with the approval of the board, continue to serve on the board as an active member representative until the next regularly scheduled election for that position.

590.812. Such membership shall continue as long as the member continues to be an employee in a municipal police department or in a sheriff's office, and continues to make at least the minimum monthly contribution to the system, or is eligible to receive grants from the fund under the provisions of sections 590.800 to 590.830.

590.815. 1. Any member who is a marshal, chief of police, police officer of a municipality, or a sheriff or deputy sheriff of a county shall receive the funds the member personally contributes, at any time, plus any interest or dividends accrued, minus any maintenance fees.

2. In addition to the funds the member personally contributes, any member who has ten years or more of creditable membership service and a minimum of ten years of prior service in a position that would have been covered by the system if it had been established, or who has five years or more of creditable membership service and a minimum of fifteen years of prior service in a position that would have been covered by the system if it had been established may also receive the moneys payable from surcharges collected as set forth in section 488.028, RSMo, and section 590.806, if the member is eligible to receive such funds and has met the retirement requirements. Such funds granted shall be equally divided among the eligible members who participate in the defined contribution system and shall be available beginning on the first of January next succeeding the expiration of five calendar years from the effective date of the establishment of the system. The money amount granted shall continue to be paid to any survivor determined and officially documented by each member upon enrollment and may be revised by official notification. In no case shall any member receive benefits from the program prior to the age of fifty-five.

590.818. For the purpose of calculating benefits of a member, creditable membership service years of service as a member of the program and twelfths of a year are to be used.

590.821. Any eligible marshal, chief of police, police officer, sheriff, or deputy sheriff who becomes a member of the system on the effective date of the establishment of the system shall be given credit for up to fifteen years of eligible prior service in any of these positions. All such prior service shall be established to the satisfaction of the board.

590.824. Any member may receive grants from the fund at any time after the end of the month during which the member becomes eligible under the provisions of section 590.815 and upon the member's submission of a written application to the board setting forth at what time, not less than thirty days nor more than ninety days subsequent to the execution and filing of the application, the member desires to receive such grants.

590.827. 1. A former member who has forfeited creditable service may have the creditable service restored by again becoming an employee and completing the creditable membership service, as set forth in section 590.812.

2. Absences for sickness or injury of less than twelve months shall be counted as membership service.

590.830. The benefits under sections 590.800 to 590.830 shall in no way affect any person's eligibility for benefits under any other retirement plan."; and

The term excludes death resulting from the willful misconduct or intoxication of the officer, emergency medical technician, paramedic, firefighter, aviation medical crew member, juvenile justice employee, or department of corrections employee. The division of workers' compensation shall have the burden of proving such willful misconduct or intoxication;

(a) For juvenile justice employees and department of corrections employees, the death shall be caused by the direct or indirect willful act of an inmate, work releasee, parolee, parole violator, person under conditional release, or any person sentenced or committed, or otherwise subject to confinement by the department of corrections or juvenile justice employees while the individual is within the facilities under the control of the department of corrections or the juvenile justice system, the individual is in the act of transporting inmates from one location to another, or the individual is performing any other official duty;

(b) For firefighters, law enforcement officers, emergency medical technicians, aviation medical crew members, and paramedics, the death shall be caused by accident or as a result of a willful act of violence committed by a person other than the officer, firefighter, emergency medical technician, aviation medical crew member, or paramedic, and a relationship exists between the commission of such act and the individual's performance of his or her duties as a law enforcement officer, firefighter, emergency medical technician, aviation medical crew member, or paramedic, regardless of whether the injury is received while the individual is on duty; the injury is received by a law enforcement officer while he or she is attempting to prevent the commission of a criminal act of another person or attempting to apprehend an individual suspected of committing a crime, regardless of whether the injury is received while the individual is on duty as a law enforcement officer; or the injury is received by the individual while traveling to or from his or her employment or during any meal break, or other break, which takes place during the period in which the law enforcement officer, firefighter, emergency medical technician, aviation medical crew member, or paramedic is on duty;

(6) "Law enforcement officer" or "officer", any person employed by the state or a local governmental entity as a policeman, peace officer, auxiliary policeman or in some like position involving the enforcement of the law and protection of the public interest at the risk of that person's life;

(7) "Local governmental entity", includes counties, municipalities, fire protection districts, and municipal corporations;

(8) "Paramedic", an emergency medical technician paramedic certified by the department of health and senior services of the state;

(9) "State", the state of Missouri and its departments, divisions, boards, bureaus, commissions, authorities, and colleges and universities;

(10) "Volunteer firefighter", a person having principal employment other than as a firefighter, but who is carried on the rolls of a regularly constituted fire department either for the purpose of the prevention or control of fire or the underwater recovery of drowning victims, the members of which are under the jurisdiction of the corporate authorities of a city, village, incorporated town, or fire protection district. Volunteer firefighter shall not mean an individual who volunteers assistance without being regularly enrolled as a firefighter.

3. (1) A claim for compensation under this section shall be filed with the division of workers' compensation not later than one year from the date of death of a law enforcement officer, emergency medical technician, paramedic, aviation medical crew member, firefighter, juvenile justice employee, or department of

corrections employee killed in the line of duty. A claim may be filed by a person who, at the time of injury, is a dependent or spouse of the deceased, or if such person is an incapacitated or disabled person, or a minor, by the person's parent, conservator, or guardian on behalf of the eligible claimant. If a claim is made within one year of the date of death of a law enforcement officer, emergency medical technician, paramedic, aviation medical crew member, firefighter, juvenile justice employee, or department of corrections employee killed in the line of duty, compensation shall be paid if the claim is found to be compensable under sections 287.243 and 287.245, by the division of workers' compensation from the line of duty compensation fund established in section 287.245 to the claimant.

(2) The amount of compensation paid to the spouse or dependent shall be one hundred thousand dollars, subject to appropriations, paid from the line of duty compensation fund established in section 287.245 for death occurring on or after January 1, 2009.

4. A burial benefit of up to a maximum of ten thousand dollars, subject to appropriations paid from the line of duty compensation fund established under section 287.245, shall be payable to the surviving spouse, dependent, or estate of a law enforcement officer, firefighter, emergency medical technician, paramedic, aviation medical crew member, juvenile justice employee, or department of corrections employee, who is killed in the line of duty on or after the effective date of this section.

5. Notwithstanding subsection 3 of this section, no compensation is payable under this section unless a claim is filed within the time specified under this section setting forth:

(1) The name, address, and title or designation of the position in which the officer, emergency medical technician, paramedic, aviation medical crew member, firefighter, juvenile justice employee, or department of corrections employee was serving at the time of his or her death;

(2) The names and addresses of the dependents or spouse making a claim to receive the compensation;

(3) A full, factual account of the circumstances resulting in or the course of events causing the death at issue; and

(4) Such other information that is reasonably required by the division.

When a claim is filed, the division of workers' compensation shall make an investigation for substantiation of matters set forth in the application.

6. The compensation provided for under this section is in addition to, and not exclusive of, any pension rights, death benefits, or other compensation the claimant may otherwise be entitled to by law.

7. Any person seeking compensation under the provisions of sections 287.243 and 287.245, who is aggrieved by the decision of the division of workers' compensation regarding his or her compensation claim, may make application for a hearing as provided in section 287.450. The procedures applicable to the processing of such hearings and determinations shall be those established by this chapter. Decisions of the administrative law judge under this section shall be binding, subject to review by either party under the provisions of section 287.480.

8. Under section 23.253, RSMo, of the Missouri Sunset Act:

(1) The provisions of the new program authorized under this section shall automatically sunset six years after the effective date of this section unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset.

287.245. 1. There is hereby established in the state treasury, the "Line of Duty Compensation Fund". Funds transferred to the line of duty compensation fund shall be made from general revenue and appropriated solely for the purpose set out in section 287.243. The state treasurer shall be custodian of the fund and may approve disbursements from the fund in accordance with sections 30.170 and 30.180, RSMo. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

2. The division of workers' compensation shall annually submit to the governor and members of the general assembly by February first of each year, a report containing a full and complete account of compensation payments made from the line of duty compensation fund.

3. All compensation paid under sections 287.243 and 287.245 and all appropriations for administration of sections 287.243 and 287.245 shall be made from the line of duty compensation fund. Any unexpended balance

remaining in the line of duty compensation fund at the end of each year, apart from any balance remaining in the subaccount retained in subsection 4 of this section shall, notwithstanding the provisions of section 33.080, RSMo, be transferred to the general revenue fund. In the event that there are insufficient funds in the line of duty compensation fund to pay all claims in full, all claims shall be paid on a pro rata basis. If there are no funds in the line of duty compensation fund, then no claim shall be paid until funds have again accumulated in the line of duty compensation fund. When sufficient funds become available from the fund, compensation which has not been paid shall be paid in chronological order with the oldest paid first. In the event compensation was to be paid in installments and some remaining installments have not been paid due to a lack of funds, then when funds do become available, that compensation shall be paid in full. All such compensation on which installments remain due shall be paid in full in chronological order before any other postdated compensation shall be paid. Any compensation pursuant to this subsection is specifically not a claim against the state if it cannot be paid due to a lack of funds in the line of duty compensation fund.

4. Any gifts, contributions, grants, or federal funds specifically given to the division of workers' compensation for the benefit of claimants under sections 287.243 and 287.245 shall be credited to and retained in a subaccount of the line of duty compensation fund. Notwithstanding the provisions of section 33.080, RSMo, to the contrary, any unexpended balance remaining in this subaccount at the end of the biennium shall not revert to the general revenue fund."; and

Further amend said title, enacting clause and intersectional references accordingly.

SENATE BILL FOR THIRD READING

SS SCS SB 225 - Munzlinger

THIRD READING OF SENATE BILL

SCS SB 66, relating to insurance company investments, was taken up by Representative Yates.

Representative Yates offered **House Amendment No. 1**.

House Amendment No. 1

AMEND Senate Committee Substitute for Senate Bill No. 66, Page 1, Line 6 of the Title, by inserting after the word, "investments" the following words, "and examinations"; and

Further amend said bill, Page 58, Section 381.068, by removing all of said section from the bill and inserting in lieu thereof the following:

"381.011. 1. Sections 381.011 to 381.412 shall be known and may be cited as the "Missouri Title Insurance Act".

2. The purpose of sections 381.011 to 381.405 is to provide the state of Missouri with a comprehensive body of law for the effective regulation and supervision of title insurance business transacted within this state in response to the McCarran-Ferguson Act, Sections 1011-1015, Title 15, United States Code.

3. Except as otherwise expressly provided in this chapter and except where the context otherwise requires, all provisions of the laws of this state relating to insurance and insurance companies generally shall apply to title insurance, title insurers, and title agents.

381.015. 1. As used in sections 381.011 to 381.412, the term "title insurance commitment" or "commitment" means a preliminary report, commitment, or binder issued prior to the issuance of a title insurance policy containing the terms, conditions, exceptions, and other matters incorporated by reference under which the title insurer is willing to issue its title insurance policy. A title insurance commitment is not an abstract of title.

2. A title insurer, title agency, or title agent issuing a lender's title insurance policy in conjunction with a mortgage loan made simultaneously with the purchase of all or part of the real estate securing the loan, where no owner's title insurance policy has been requested, shall give written notice, on a form prescribed or approved by the director, to the purchaser-mortgagor at the time the commitment is prepared. The notice shall explain that a lender's title insurance policy is to be issued protecting the mortgage-lender, and that the policy does not provide

title insurance protection to the purchaser-mortgagor as the owner of the property being purchased. The notice shall explain that the purchaser-mortgagor may obtain an owner's title insurance policy protecting the property owner, within sixty days of closing and at a specified cost or approximate cost, if the proposed coverages are or amount of insurance is not then known. A copy of the notice, signed by the purchaser-mortgagor, shall be retained in the relevant underwriting file at least fifteen years after the effective date of the policy.

3. A violation of any provision under this section is a level one violation under section 374.049, RSMo.

381.018. 1. The title insurer shall not allow the issuance of its commitments or policies by a title agency or title agent not affiliated with a title agency unless there is in force a written contract between the parties.

2. The title insurer shall maintain an inventory of all policy numbers allocated to each title agency or title agent not affiliated with a title agency.

3. The title insurer shall have on file proof that the title agency or title agent is licensed by this state at the time a written contract is entered into or before it becomes effective.

4. The title insurer shall establish the underwriting guidelines and, where applicable, limitations on title claims settlement authority to be incorporated into contracts with its title agencies and title agents not affiliated with a title agency.

5. If a title insurer terminates its contract with a title agency licensed under this chapter, the insurer shall, within seven days of the termination, notify the director of the reasons for termination, including any information that is required to be reported under subsection 5 of section 375.022, RSMo.

6. A violation of any provision under this section is a level two violation under section 374.049, RSMo.

381.019. 1. A title insurer, title agency or title agent participating in a settlement or closing of a residential real estate transaction shall provide clear, conspicuous, and distinct disclosure of premiums and charges. The director shall adopt rules not in conflict with provisions of the federal Real Estate Settlement Procedures Act, as amended, under section 381.042 to implement disclosure of the following:

- (1) Premium;
- (2) Abstract or title search and examination fee and any other associated charges or fees; and
- (3) Settlement, escrow, or closing fees.

2. A violation of any provision under this section is a level two violation under section 374.049, RSMo.

381.022. 1. As used in sections 381.011 to 381.412, the following terms mean:

(1) "Escrow", written instruments, money or other items deposited by one party with a depository, escrow agent, or escrowee for delivery to another party upon the performance of a specified condition or the happening of a certain event;

(2) "Qualified depository institution", an institution that is:

(a) Organized or, in the case of a United States branch or agency office of a foreign banking organization, licensed under the laws of the United States or any state and has been granted authority to operate with fiduciary powers;

(b) Regulated, supervised, and examined by federal or state authorities having regulatory authority over banks and trust companies;

(c) Insured by the appropriate federal entity; and

(d) Qualified under any additional rules established by the director;

(3) "Security" or "security deposit", funds or other property received by the title insurer as collateral to secure an indemnitor's obligation under an indemnity agreement under which the insurer is granted a perfected security interest in the collateral in exchange for agreeing to provide coverage in a title insurance policy for a specific title exception to coverage.

2. A title insurer, title agency, or title agent not affiliated with a title agency may operate as an escrow, security, settlement, or closing agent, provided that all funds deposited with the title insurer, title agency, or title agent not affiliated with a title agency, pursuant to written instructions in connection with any escrow, settlement, closing, or security deposit shall be submitted for collection to or deposited in a separate fiduciary trust account or accounts in a qualified depository institution no later than the close of the second business day after receipt, in accordance with the following requirements:

(1) The funds regulated under this section shall be the property of the person or persons entitled to them under the provisions of the escrow, settlement, security deposit, or closing agreement and shall be segregated for

each depository by escrow, settlement, security deposit, or closing in the records of the title insurer, title agency, or title agent not affiliated with a title agency, in a manner that permits the funds to be identified on an individual basis and in accordance with the terms of the individual written instructions or agreements under which the funds were accepted; and

(2) The funds shall be applied only in accordance with the terms of the individual written instructions or agreements under which the funds were accepted.

3. It is unlawful for any person to:

(1) Commingle personal or any other moneys with escrow funds regulated under this section;

(2) Use such escrow funds to pay or indemnify against debts of the title insurance agent or of any other person;

(3) Use such escrow funds for any purpose other than to fulfill the terms of the individual written escrow instructions after the necessary conditions of the written escrow instructions have been met;

(4) Disburse any funds held in an escrow account unless the disbursement is made under a written instruction or agreement specifying under what conditions and to whom such funds may be disbursed or under an order of a court of competent jurisdiction; or

(5) Disburse any funds held in a security deposit account unless the disbursement is made under a written agreement specifying:

(a) What actions the indemnitor shall take to satisfy his or her obligation under the agreement;

(b) The duties of the title insurer, title agency, or title agent not affiliated with a title agency with respect to disposition of the funds held, including a requirement to maintain evidence of the disposition of the title exception before any balance may be paid over to the depositing party or his or her designee; and

(c) Any other provisions the director may require by rule or order.

4. Notwithstanding the provisions of subsection 3 of this section, any bank credits, bank services, interest, or similar consideration received on funds deposited in connection with any escrow, settlement, security deposit, or closing may be retained by the title insurer, title agency, or title agent not affiliated with a title agency as compensation for administration of the escrow or security deposit, unless the specific written instructions for the funds or a governing statute provides otherwise.

5. Notwithstanding the provisions of subsection 2 of this section, a title insurer, title agency, or title agent is not authorized to provide such services as an escrow, security, settlement, or closing agent in a residential real estate transaction unless as part of the same transaction the title insurer, title agency, or title agent issues a commitment, binder, or title insurance policy and closing protection letters have been issued protecting the buyer's and the seller's interests, or the title agency or agent has given written notice to the affected person in a title insurance commitment or on a form approved by rule promulgated by the director that the person's interest in the closing or settlement is not protected by the title insurer, title agency, or title agent.

6. It is unlawful for any title agency or agent to engage in the handling of an escrow, settlement or closing, of a residential real estate transaction unless the escrow handling, settlement or closing is conducted or performed in contemplation of and in conjunction with the issuance of a title insurance policy or a closing protection letter, or prior to the receipt of any funds, the title agency or agent clearly discloses to the seller, buyer or lender involved in such escrow, settlement or closing, that no title insurer is providing any protection for closing or settlement funds received by the title agency or agent.

7. A violation of any provision under this section is a level three violation under section 374.049, RSMo.

381.023. 1. A title insurer shall, at least annually, conduct an onsite review of the underwriting, claims, and escrow practices of the title agency or agent with which it has a contract. If the title agency or agent does not maintain separate fiduciary trust accounts for each title insurer it represents, the title insurer shall verify that the funds held on its behalf are reasonably ascertainable from the books of account and records of the title agency or agent.

2. Each title insurer authorized to do business in Missouri shall adopt and utilize the following standards and procedures for the onsite review of title agencies and agents. Onsite review documentation, work papers, summaries, and reports shall be maintained by each title insurer for a period of at least four years and shall be made available to the director for examination upon request. A report shall be prepared by the title insurer at the completion of the onsite review setting forth the title insurer's findings. Onsite review findings shall include, but not be limited to, the following:

(1) A review of contracts between the title insurer and the title agency or agent;

(2) A confirmation that the title agency or agent has prepared an annual statement of financial condition of the title agency or agent, certified by the title insurance agent or designated agent of the title agency under oath or by affirmation as being a true and accurate representation of financial condition;

(3) A review of policies and practices related to conflicts of interest affiliated business arrangements, and regulatory compliance;

(4) Reconciliation of orders with commitments, title searches, title policies, and collection of premiums;

(5) A review of the agent's procedures for tracking issued commitments;

(6) A review of the practices to cancel commitments on transactions that do not close;

(7) A review of the procedures for follow-up after closing to track status of outstanding conditions required for timely issuance of policies;

(8) A review of the procedures for voiding policies;

(9) A review of the tracking of open escrow, security, settlement or closing files;

(10) A review of issued policy reports to the title insurer by the title agency or agent;

(11) A review of any files awaiting policy issuance that includes a determination of the average length of time between closing and the issuance of the title policy; and

(12) A review of a three-way reconciliation of bank balance, book balance and escrow trial balance for each individual escrow bank account.

3. If the title agency or agent is an agency or agent for two or more title insurers, the title insurers may cooperate in complying with the requirements of this section and shall be exempt from liability for sharing findings with other title insurers represented by the agency or agent.

4. The title insurer shall provide a copy of the report of each such review it performs to the director. The director shall promulgate rules setting forth the minimum threshold level at which a review would be required, the standards thereof and the form of report required.

5. A violation of any provision under this section is a level two violation under section 374.049, RSMo.

381.024. 1. It is unlawful for any title agency or title agent not affiliated with an agency to unreasonably deny access or fail to cooperate with its underwriters in the title insurers' reviews of the agency's or agent's escrow, settlement, closing and security deposit accounts.

2. It is unlawful for any title agency or title agent not affiliated with an agency, appointed by two or more title insurers, to deny any of the title insurers access to the fiduciary trust accounts in connection with providing escrow or closing settlement services, and any or all of the supporting account information in order to ascertain the safety and security of the funds held by the title agency or title agent.

3. A violation of any provision under this section is a level two violation under section 374.049, RSMo.

381.025. 1. As used in this section, the term "county" or "counties" includes any city not within a county.

2. Nothing in sections 381.011 to 381.412 shall be construed as prohibiting the division of premiums and charges between or among a title insurer and its title agent or agency, two or more title insurers, one or more title insurers and one or more title agents or agencies, or two or more title agents or agencies, provided such division of premiums and charges does not constitute a violation of the Real Estate Settlement Procedures Act, 12 U.S.C. Section 2601, et. seq., as amended.

3. A violation of any provision under section 381.141 is a level three violation under section 374.049, RSMo.

4. If the director fails to initiate a proceeding to enforce section 381.141 within forty-five days following receipt of written notice of such violation, any title insurer, title agency, or title agent doing business in the same county may maintain an action for injunctive relief against a title insurer, title agency, or title agent violating any provision of this section. In any action under this subsection, the court may award to the successful party the court costs of the action together with reasonable attorney fees.

381.026. 1. The settlement agent shall present for recording all deeds and security instruments for real estate closings handled by it within five business days after completion of all conditions precedent thereto unless otherwise instructed by all of the parties to the transaction.

2. Nothing in this chapter shall be deemed to prohibit the recording of documents prior to the time funds are available for disbursement with respect to a transaction in which a title insurer, title agency, or title agent not

affiliated with a title agency is the settlement agent, provided all parties to whom payment will become due upon such recording consent thereto in writing.

381.029. 1. As used in this section, the following terms mean:

- (1) "Affiliate", a specific person that directly or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with, the person specified;
- (2) "Affiliated business", any portion of a title insurance agency's business written in this state that was referred to it by a producer of title insurance business or by an associate of the producer, where the producer or associate, or both, have a financial interest in the title agency;
- (3) "Associate", any:
 - (a) Business organized for profit in which a producer of title business is a director, officer, partner, employee, or an owner of a financial interest;
 - (b) Employee of a producer of title business;
 - (c) Franchisor or franchisee of a producer of title business;
 - (d) Spouse, parent, or child of a producer of title insurance business who is a natural person;
 - (e) Person, other than a natural person, that controls, is controlled by, or is under common control with, a producer of title business;
 - (f) Person with whom a producer of title insurance business or any associate of the producer has an agreement, arrangement, or understanding, or pursues a course of conduct, the purpose or effect of which is to provide financial benefits to that producer or associate for the referral of business;
- (4) "Control", including the terms "controlling", "controlled by", and "under common control with", the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract other than a commercial contract for goods or nonmanagement services, or otherwise, unless the power is the result of an official position or corporate office held by the person. Control shall be presumed to exist if a person, directly or indirectly, owns, holds with the power to vote, or holds proxies representing ten percent or more of the voting securities of another person. This presumption may be rebutted by showing that control does not exist in fact. The director may determine, after furnishing all persons in interest notice and opportunity to be heard and making specific findings of fact to support the determination, that control exists in fact, notwithstanding the absence of a presumption to that effect;
- (5) "Referral", the directing or the exercising of any power or influence over the direction of title insurance business, whether or not the consent or approval of any other person is sought or obtained with respect to the referral.

2. Whenever the business to be written constitutes affiliated business, prior to commencing the transaction, the title insurer, title agency, or title agent shall ensure that its customer has been provided with disclosure of the existence of the affiliated business arrangement and a written estimate of the charge or range of charges generally made for the title services provided by the title insurer, title agency, or agent.

3. The director shall establish rules for use by all title agencies in the recording and reporting of the agency's owners and of the agency's ownership interests in other persons or businesses and of material transactions between the parties.

4. The director shall require each title insurer, agency, and agent to file on forms prescribed by the director reports setting forth the names and addresses of those persons, if any, that have a financial interest in the insurer, agency, or agent and who the insurer, agency, or agent knows or has reason to believe are producers of title insurance business or associates of producers, except the duty to report shall not include shareholders of record of any publicly traded insurer.

5. Nothing in this chapter shall be construed as prohibiting affiliated business arrangements in the provision of title insurance business so long as:

- (1) The title insurer, title agency, title agent, or party making a referral constituting affiliated business, at or prior to the time of the referral, discloses the arrangement and, in connection with the referral, provides the person being referred with a written estimate of the charge or range of charges likely to be assessed and otherwise complies with the disclosure obligations of this section;
- (2) The person being referred is not required to use a specified title insurer, agency, or agent; and
- (3) The only thing of value that is received by the title insurer, agency, agent, or party making the referral, other than payments otherwise permitted, is a return on an ownership interest. For purposes of this

subsection, the terms "required use" and "return on an ownership interest" shall have the meaning accorded to them under the Real Estate Settlement Procedures Act (RESPA), as amended.

6. A violation of any provision under this section is a level two violation under section 374.049, RSMo.

381.038. 1. For the purposes of this section, the term "direct operations" means that portion of a title insurer's operations which are attributable to business written by a bona fide employee.

2. Records relating to escrow and security deposits shall be preserved and retained by a title insurer engaged in direct operations, title agency, and title agent for as long as appropriate to the circumstances but, in no event less than seven years after the escrow or security deposit account has been closed.

3. A title agent and a title agency shall remit premiums to the title insurer under the term of its agency contract, but in no event later than within sixty days of receiving an invoice from the title insurer. A title insurer, title agency, or title agent shall promptly issue each title insurance policy within forty-five days after compliance with the requirements of the commitment for insurance, unless special circumstances as defined by rule delay the issuance.

4. This section shall not apply to a title insurer acting as coinsurer if one of the other coinsurers has complied with this section, and shall not apply to a reinsurer.

5. A violation of any provision under this section is a level two violation under section 374.049, RSMo.

381.042. 1. The director under the authority in section 374.045, RSMo, may issue rules, regulations, and orders necessary to carry out the provisions of this chapter.

2. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after January 1, 2008, shall be invalid and void.

381.045. 1. If the director determines that a person has engaged, is engaging, or has taken a substantial step toward engaging in an act, practice, omission or course of business constituting a violation in this chapter or a rule adopted or order issued pursuant thereto, or a person has materially aided or is materially aiding an act, practice, omission, or course of business constituting a violation in this chapter or a rule adopted or order issued pursuant thereto, the director may issue such administrative orders as authorized under section 374.046, RSMo. The director may also suspend or revoke the license of a producer under section 375.141, RSMo, or the certificate of authority of any title insurer as authorized under section 374.047, RSMo, for any such willful violation.

2. If the director believes that a person has engaged, is engaging, or has taken a substantial step toward engaging in an act, practice, omission or course of business constituting a violation in this chapter or a rule adopted or order issued pursuant thereto, or that a person has materially aided or is materially aiding an act, practice, omission, or course of business constituting a violation in this chapter or a rule adopted or order issued pursuant thereto, the director may maintain a civil action for relief authorized under section 374.048, RSMo.

3. Nothing contained in this section shall affect the right of the director to impose any other penalties provided for in the laws relating to the business of insurance.

4. Nothing contained in this chapter is intended to or shall in any other manner limit or restrict the rights of policyholders, claimants, and creditors.

381.048. 1. The director may bring an action against any title insurer, title agency, title agent, or any director, officer, agent, employee, trustee, or affiliate of a title insurer, title agency, or title agent in a court of competent jurisdiction to enjoin violations of the Real Estate Settlement Procedures Act, 12 U.S.C. Section 2607, as amended.

2. A violation of any provision under the federal Real Estate Settlement Procedures Act, as amended, is a level two violation under section 374.049, RSMo.

381.052. No person other than a domestic, foreign, or non-United States title insurer organized on the stock plan and duly licensed by the director shall transact title insurance business as an insurer in this state.

381.055. Subject to the exceptions and restrictions contained in this chapter, a title insurer shall have the power to:

- (1) Do only title insurance business; and
- (2) Reinsure title insurance policies.

381.058. 1. No insurer that transacts any class, type, or kind of business other than title insurance shall be eligible for the issuance or renewal of a license to transact the business of title insurance in this state nor shall title insurance be transacted, underwritten, or issued by any insurer transacting or licensed to transact any other class, type, or kind of business.

2. A title insurer shall not engage in the business of guaranteeing payment of the principal or the interest of bonds or mortgages.

3. (1) Notwithstanding subsection 1 of this section or anything else to the contrary in sections 381.011 to 381.405, a title insurer is expressly authorized to issue closing or settlement protection letters (and to collect a fee for such issuance) in all transactions where its title insurance policies are issued and where its issuing agent or agency is performing settlement services and shall do so in favor of and upon request by the applicable buyer, lender, or seller in such transaction. Such closing or settlement protection letter form shall be filed with the director under section 381.085 and shall conform to the terms of coverage and form of instrument as required by rule of the director and shall indemnify a buyer, lender, or seller solely against losses not to exceed the amount of the settlement funds only because of the following acts of the title insurer's named issuing title agency or title agent:

- (a) Acts of theft of settlement funds or fraud with regard to settlement funds; and
- (b) Failure to comply with written closing instructions by the proposed insured when agreed to by the title agency or title agent relating to title insurance coverage.

(2) The rate for issuance of a closing or settlement protection letter in a residential real estate transaction indemnifying a lessee or purchaser of an interest in land, a borrower, or a lender secured by a mortgage, including any other security instrument, of an interest in land shall be filed as a rate with the director.

(3) The rate for issuance of a closing or settlement protection letter in a residential real estate transaction indemnifying a seller of an interest in land shall be filed as a separate rate with the director.

(4) Such filed rate shall not be excessive or inadequate. The entire rate for the closing or settlement protection letter shall be retained by the title insurer.

(5) Except as provided under this section or section 381.403, a title insurer shall not provide any other coverage which purports to indemnify against improper acts or omissions of a person with regard to escrow, settlement, or closing services.

381.062. Any title insurer authorized to do an insurance business in this state, shall establish and maintain a minimum paid-in capital of not less than four hundred thousand dollars and, in addition, surplus of at least four hundred thousand dollars. Beginning January 1, 2013, any title insurer authorized to do an insurance business in this state, shall establish and maintain a minimum paid-in capital of not less than eight hundred thousand dollars and, in addition, surplus of at least eight hundred thousand dollars.

381.065. 1. The net retained liability of a title insurer for a single risk in regard to real property located in this state, or in regard to a title insurance policy issued in this state and insuring personal property, whether assumed directly or as reinsurance, shall not exceed the aggregate of fifty percent of surplus as regards policyholders plus the statutory premium reserve less the company's investment in title plants, all as shown in the most recent annual statement of the insurer on file with the director.

2. For purposes of this chapter:

- (1) A single risk shall be the insured amount of any title insurance policy, except that, where two or more title insurance policies are issued simultaneously covering different estates in the same property, a single risk shall be the sum of the insured amounts of all the title insurance policies; and

(2) A policy under which a claim payment reduces the amount of insurance under one or more other title insurance policies shall be included in computing the single risk sum only to the extent that its amount exceeds the aggregate amount of the policy or policies whose amount of insurance is reduced.

3. A title insurer may obtain reinsurance for all or any part of its liability under its title insurance policies or reinsurance agreements and may also reinsure title insurance policies issued by other title insurers on single risks located in this state or elsewhere. Reinsurance on policies issued on real property located in this state, or on policies issued in this state and insuring personal property, may be obtained from any title insurers licensed to transact title insurance business in this state, any other state, or the District of Columbia and which have a combined capital and surplus of at least one million six hundred thousand dollars.

4. The director may waive the limitation of this section for a particular risk upon application of the title insurer and for good cause shown.

381.068. In determining the financial condition of a title insurer doing business under this chapter, the general investment provisions of sections 379.080 to 379.082, RSMo, shall apply; except that, an investment in a title plant or plants in an amount equal to the actual cost shall be allowed as an admitted asset for title insurers. The aggregate amount of the investment shall not exceed twenty percent of surplus to policyholders, as shown on the most recent annual statement of the title insurer on file with the director.

381.072. 1. In determining the financial condition of a title insurer doing business under this chapter, the general provisions of the laws regulating the business of insurance requiring the establishment of reserves sufficient to cover all known and unknown liabilities including allocated and unallocated loss adjustment expense, shall apply; except that, a title insurer shall establish and maintain:

(1) (a) A known claim reserve in an amount estimated to be sufficient to cover all unpaid losses, claims, and allocated loss adjustment expenses arising under title insurance policies for which the title insurer may be liable, and for which the insurer has discovered or received notice by or on behalf of the insured or escrow or security depositor;

(b) Upon receiving notice from or on behalf of the insured of a title defect in or lien or adverse claim against the title of the insured that may result in a loss or cause expense to be incurred in the proper disposition of the claim, the title insurer shall determine the amount to be added to the reserve, which amount shall reflect a careful estimate of the loss or loss expense likely to result by reason of the claim;

(c) Reserves required under this section may be revised from time to time and shall be redetermined at least once each year;

(2) A statutory or unearned premium reserve established and maintained as follows:

(a) A domestic title insurer shall establish and maintain an unearned premium reserve computed in accordance with this section, and all sums attributed to such reserve shall at all times and for all purposes be considered and constitute unearned portions of the original premiums. This reserve shall be reported as a liability of the title insurer in its financial statements;

(b) The unearned premium reserve shall be maintained by the title insurer for the protection of holders of title insurance policies. Except as provided in this section, assets equal in value to the reserve are not subject to distribution among creditors or stockholders of the title insurer until all claims of policyholders or claims under reinsurance contracts have been paid in full, and all liability on the policies or reinsurance contracts has been paid in full and discharged or lawfully reinsured;

(c) The unearned premium reserve shall consist of:

a. The amount of the unearned premium reserve on January 1, 2008;

b. A sum equal to fifteen cents for each one thousand dollars of net retained liability under each title insurance policy, excluding mortgagee's policies simultaneously issued with owner's policies or owner's leasehold policies of the same or greater amount, on a single risk written on properties located in this state and issued after January 1, 2008; and

c. Unearned premium for closing protection letters;

(d) Amounts placed in the unearned premium reserve in any year in accordance with paragraph (c) of this subdivision shall be deducted in determining the net profit of the title insurer for that year;

(e) A title insurer shall release from the unearned premium reserve a sum equal to ten percent of the amount added to the reserve during a calendar year on July first of each of the five years following the year in which the sum was added, and shall release from the unearned premium reserve a sum equal to three and one-

third percent of the amount added to the reserve during that year on each succeeding July first until the entire amount for that year has been released. The amount of the unearned premium reserve or similar unearned premium reserve maintained before January 1, 2008, shall be released in accordance with the law in effect immediately before January 1, 2008;

(f) a. Each domestic and foreign title insurer shall file annually with the audited financial report required under section 375.1032, RSMo, an actuarial certificate made by a member in good standing of the American Academy of Actuaries, or by an actuary permitted to make such certificate by the commissioner, superintendent or director of the department of insurance of the state of incorporation of a foreign title insurer;

b. The actuarial certification shall conform to the annual statement instructions for title insurers adopted by the National Association of Insurance Commissioners and shall include the actuary's professional opinion of the insurer's reserves as of the date of the annual statement. The reserves analyzed under this section shall include reserves for known claims, including adverse developments on known claims, and reserves for incurred but not reported claims;

(g) Each domestic and foreign title insurer shall establish a supplemental reserve in the amount by which the actuarially certified reserves exceed the total of the known claim reserve and statutory premium reserve as set forth in the title insurer's annual financial report, subject to this subdivision.

2. A foreign or alien title insurer licensed to transact title insurance business in this state shall maintain at least the same reserves on title insurance policies issued on properties located in this state as are required of domestic title insurers, unless the laws of the jurisdiction of domicile of the foreign or alien title insurer require a higher amount.

381.075. 1. Sections 375.570 to 375.750, RSMo, and sections 375.1150 to 375.1246, RSMo, shall apply to all title insurers subject to this chapter, except as otherwise provided in this section. In applying such sections, the court shall consider the unique aspects of title insurance and shall have broad authority to fashion relief that provides for the maximum protection of the title insurance policyholders.

2. Security and escrow funds held by or on behalf of the title insurer shall not become general assets and shall be administered as secured claims as defined in section 375.1152, RSMo.

3. Title insurance policies that are in force at the time an order of liquidation is entered shall not be canceled except upon a showing to the court of good cause by the liquidator. The determination of good cause shall be within the discretion of the court. In making this determination, the court shall consider the unique aspects of title insurance and all other relevant circumstances.

4. The court may set appropriate dates that potential claimants must file their claims with the liquidator. The court may set different dates for claims based upon the title insurance policy than for all other claims. In setting dates, the court shall consider the unique aspects of title insurance and all other relevant circumstances.

5. As of the date of the order of insolvency or liquidation, all premiums paid, due or to become due under policies of the title insurers, shall be fully earned. It shall be the obligation of title agencies, title agents, insureds, or representatives of the title insurer to pay fully earned premium to the liquidator or rehabilitator.

381.085. 1. As used in sections 381.011 to 381.412, the terms "search", "search of the public records", or "search of title", mean a search of those records established by the laws of this state for the purpose of imparting constructive notice of matters relating to real property to purchasers for value and without knowledge.

2. A title insurer shall not deliver or issue for delivery or permit any of its authorized title agencies or title agents to deliver in this state, any standard form providing coverage, in connection with title insurance written, unless the standard form has been filed with the director thirty days prior to use.

3. Forms covered by this section shall include:

- (1) Title insurance policies, including standard form endorsements;
- (2) Title insurance commitments issued prior to the issuance of a title insurance policy; and
- (3) Closing or settlement protection letters.

4. Any term or condition related to an insurance coverage provided by a title insurance policy or any exception to the coverage, except exceptions ascertained from, or affirmative coverages offered as a result of, a search and examination of records relating to a title or inspection or survey of a property to be insured, may only be included in the policy after the term, condition or exception has been filed with the director as herein provided.

5. The director shall review such form, term, condition, or exception within thirty days. If within this time the director believes the form, term, condition, or exception is not in compliance with the insurance laws of

this state or does not contain such words, phraseology, conditions, and provisions which are specific, certain, and unambiguous and reasonably adequate to meet the needed requirements of those insured under such policies, the director may schedule a hearing to be held within sixty days and at such hearing receive evidence and suggestions of law on the matter.

6. If the director determines after a hearing that a form, term, condition, or exception shall be disapproved, the director shall issue an order disapproving the form, term, condition, or exception in a record and with findings of fact and conclusions of law in accordance with the provisions of chapter 536, RSMo. A final order may not be issued unless the director specifies the provisions of law that have not been complied with or the words, phraseology, conditions, or provisions which are not specific, certain and unambiguous and reasonably adequate to meet the needed requirement of those insured under such policies. A final order of disapproval is subject to judicial review under the provisions of chapter 536, RSMo. During the pending of any proceeding under this section, all such forms may be used, but this provision shall not deprive the director or department of any other enforcement power over such forms that may be otherwise provided by law.

7. The failure of the director to seek disapproval does not constitute an approval or endorsement of the form, term, condition, or exception by the director. It is unlawful to make any representation that the director has approved a form, term, condition, or exception filed under this section.

381.112. For purposes of the premium tax imposed by sections 148.320 and 148.340, RSMo, the premium income received by a title insurer shall mean the amount within the definition of "premium".

381.115. 1. It is unlawful for any person to transact the business of title insurance unless authorized as a title insurer, title agency or title agent;

2. It is unlawful for any person to transact business as:

(1) A title agency, unless the person is a licensed business entity insurance producer under subsection 2 of section 375.015, RSMo; or

(2) A title agent, unless the person is a licensed individual insurance producer under subsection 1 of section 375.015, RSMo, or is exempt from licensure under subsection 3 of this section.

3. A salaried employee of a title insurer, title agency, or title agent is exempt from licensure as a title agent if the employee does not materially perform or supervise others who perform any of the following:

- (1) Sell, solicit, or negotiate a title insurance policy or closing protection letter;
- (2) Calculate premiums for a title insurance policy or closing protection letter;
- (3) Determine insurability;
- (4) Establish, calculate, or negotiate title charges;
- (5) Conduct title search or examinations;
- (6) Execute title insurance policies, commitments, binders or endorsements; or
- (7) Handle escrows, settlements, or closings.

4. It is unlawful for any title insurer to contract with any person to act in the capacity of a title agency or title agent with respect to risks located in this state unless the person is licensed as required in this section.

5. The director shall adopt rules, regulations, or requirements relating to licensing and practices of persons acting in the capacity of title agencies or agents. These persons may include title agencies, title agents and employees of title insurers, or title agencies. Such rules, regulations, or requirements shall, until at least January 1, 2010, permit either provisional licensure or waiver of licensure for employees newly performing functions described in subsection 3 of this section, while under the direct supervision of a licensed insurance producer during the first six months of such employee's initial employment. This subsection is not intended to require licensure of persons performing a clerical function under the direct supervision and direction of a licensed insurance producer.

6. Every title agency licensed in this state shall:

(1) Exclude or eliminate the word insurer, insurance company, or underwriter from its business name, unless the word agency is also included as part of the name; and

(2) Provide, in a timely fashion, each title insurer with which it places business, any information the title insurer requests in order to comply with reporting requirements of the director.

7. A title agency or title agent licensed in this state prior to the effective date of this chapter shall have ninety days after the effective date of this chapter to comply with the requirements of this section.

8. If the title insurer, title agency, or title agent delegates the title search to a third party, such as an abstract company, the insurer, agency, or agent must first obtain proof that the third party is operating in compliance with rules and regulations established by the director and the third party shall provide the insurer, agency, or agent with access to and the right to copy all accounts and records maintained by the third party with respect to business placed with the title insurer. Proof from the third party may consist of a signed statement indicating compliance, and shall be effective for a three-year period.

9. A violation of any provision under this section is a level three violation under section 374.049, RSMo.

381.118. 1. Each title agency shall designate an individual as a qualified principal, who as a condition of licensure, shall successfully pass an examination developed by the producer advisory board established by section 375.019, RSMo, and approved by the director. Each title agent shall successfully pass an examination developed by the producer advisory board and approved by the director. Upon request by a title agency or agent and for good cause, the director, by order, may waive the requirements of this subsection. The examination requirement in this subsection shall be waived for all title agents and qualified principals who are licensed in this state as of January 1, 2008.

2. Each title agent licensed to sell title insurance in this state, unless exempt under subsection 8 of this section, shall successfully complete courses of study as required by this section. Any person licensed to act as a title agent shall, during each two years, attend courses or programs of instruction or attend seminars equivalent to a minimum of eight hours of instruction. The initial such two-year period shall begin January 1, 2008.

3. Subject to approval by the director, the courses or programs of instruction which shall be deemed to meet the director's standards for continuing educational requirements shall include, but not be limited to, the following:

(1) A real property law or title insurance-related course taught by an accredited college or university or qualified instructor who has taught a course of real property or title insurance law at such institution;

(2) A course or program of instruction or seminar approved by the director developed or sponsored by any authorized insurer, recognized agents' association, title insurance trade association, or approved private provider. A local agents' group may also be approved if the instructor receives no compensation for services;

(3) Courses approved for continuing legal education credit by the Missouri Bar.

4. A person teaching any approved course of instruction or lecturing at any approved seminar without compensation shall qualify for one and one-half times the number of classroom hours as would be granted to a person taking and successfully completing such course, seminar or program, but the credit may be credited no more than once a year.

5. Excess classroom hours accumulated during any two-year period may be carried forward to the two-year period immediately following the two-year period in which the course, program, or seminar was held.

6. For good cause shown, the director may grant an extension of time during which the educational requirements imposed by this section may be completed, but such extension of time shall not exceed the period of one calendar year. The director may grant an individual waiver of the mandatory continuing education requirement upon a showing by the licensee that it is not feasible for the licensee to satisfy the requirements prior to the renewal date. Waivers may be granted for reasons including, but not limited to:

(1) Serious physical injury or illness;

(2) Active duty in the armed services for an extended period of time;

(3) Residence outside the United States; or

(4) Licensee is at least seventy years of age and is currently licensed as a title agent.

7. Every person subject to the provisions of this section shall furnish in a form satisfactory to the director, written certification as to the courses, programs, or seminars of instruction taken and successfully completed by such person.

8. The provisions of this section shall not apply to those natural persons holding or applying for a license to act as a title agent in Missouri who reside in a state that has enacted and implemented a mandatory continuing education law or regulation pertaining to title agents. However, those natural persons holding or applying for a Missouri agent license who reside in states which have no mandatory continuing education law or regulations shall be subject to all the provisions of this section to the same extent as resident Missouri title agents.

9. Rules necessary to implement and administer this section shall be promulgated by the director, including, but not limited to, rules regarding the following:

(1) The producer advisory board established by section 375.019, RSMo, shall be utilized by the director to assist the director in determining acceptable content of courses, programs and seminars to include classroom equivalency;

(2) Every applicant seeking approval by the director of a continuing education course under this section shall pay to the director a filing fee of fifty dollars per course, except that such total fee shall not exceed two hundred fifty dollars per year for any single applicant. Fees shall be waived for local agents' groups if the instructor receives no compensation for services. Such fee shall accompany any application form required by the director. Courses shall be approved for a period of no more than one year. Applicants holding courses intended to be offered for a longer period must reapply for approval.

10. All funds received under the provisions of this section shall be transmitted by the director to the department of revenue for deposit in the state treasury to the credit of the insurance dedicated fund. All expenditures required by this section shall be paid from funds appropriated from the insurance dedicated fund by the general assembly.

11. When a title agent pays his or her biennial renewal fee, such agent shall also furnish the written certification required by this section.

12. - (a) One thousand dollars per violation for a class A violation;
- (b) Five hundred dollars per violation for a class B violation; and
- (c) One hundred dollars per violation for a class C violation;
- (2) Revocation or suspension of the title insurer's license; or

[381.051. 1. A title insurer, before issuing any title insurance policy covering property located in this state, shall deposit with the director of the department of insurance, hereinafter referred to as the director, a sum of four hundred thousand dollars, which shall be held for the security and protection of the holders or beneficiaries under its title insurance policies.

2. Assets deposited pursuant to this section may, with the approval of the director, be exchanged from time to time for other assets that qualify under subsection 3 of this section.

3. The depositing title insurer shall receive the income, interests, and dividends on any assets deposited. The deposit required under this section may be made in legal tender or in investments now or hereafter permitted to domestic life insurers with regard to their capital, reserve and surplus. For capital and reserve deposits, sums deposited pursuant to this section shall be valued at their market value.

4. A title insurer that has deposited assets pursuant to this section may, with the approval of the director, withdraw any part of the assets so deposited. If any such title insurer continues to engage in the business of title insurance, it shall not be permitted to withdraw assets that would reduce the amount of its deposits below the amount required by subsection 1 of this section.

5. In lieu of such a deposit maintained in this state, the director shall accept a certificate or certificates in proper form of the public officer or officers having general supervision of title insurers in its state of domicile to the effect that a deposit or total deposits, in an equal or greater amount, in classes of investment authorized in such state, are being maintained for like purposes in public custody or control pursuant to the laws of such state on behalf of the title insurer.

6. If sections 381.011 to 381.241 require a greater amount of capital and surplus or deposits than that required of a title insurer prior to September 28, 1987, such title insurer shall have three years after September 28, 1987, to comply with any such increased requirement.

2. A title insurer shall not engage in the business of guaranteeing payment of the principal or the interest of bonds or mortgages.

3. (1) Notwithstanding subsection 1 of this section, and to the extent such coverage is lawful within this state, a title insurer is expressly authorized to issue closing or settlement protection to a proposed insured upon request if the title insurer issues a commitment, binder or title insurance policy.

Such closing or settlement protection shall conform to the terms of coverage and form of instrument as required by the director and may indemnify a proposed insured solely against loss of settlement funds only because of the following acts of a title insurer's named title agency or title agent:

- (a) Theft of settlement funds; and
 - (b) Failure to comply with written closing instructions by the proposed insured when agreed to by the title agency or title agent relating to title insurance coverage.
- (2) The director may promulgate or approve a required charge for providing the coverage.

2. The director may waive the limitation of this section for a particular risk upon application of the title insurer and for good cause shown.]

[381.062. Before being licensed to do an insurance business in this state, a title insurer shall establish and maintain a minimum paid-in capital of not less than four hundred thousand dollars and, in addition, paid-in initial surplus of at least four hundred thousand dollars.]

[381.065. 1. The net retained liability of a title insurer for a single risk in regard to property located in this state, whether assumed directly or as reinsurance, shall not exceed the aggregate of fifty percent of surplus as regards policyholders plus the statutory premium reserve less the company's investment in title plants, all as shown in the most recent annual statement of the insurer on file with the director.

2. For purposes of this chapter:

(1) A single risk shall be the insured amount of any title insurance policy, except that, where two or more title insurance policies are issued simultaneously covering different estates in the same real property, a single risk shall be the sum of the insured amounts of all the title insurance policies; and

(2) A policy under which a claim payment reduces the amount of insurance under one or more other title insurance policies shall be included in computing the single risk sum only to the extent that its amount exceeds the aggregate amount of the policy or policies whose amount of insurance is reduced.

3. A title insurer may obtain reinsurance for all or any part of its liability under its title insurance policies or reinsurance agreements and may also reinsure title insurance policies issued by other title insurers on single risks located in this state or elsewhere. The aggregate amount of the investment shall not exceed fifty percent of surplus to policyholders, as shown on the most recent annual statement of the title insurer on file with the director.]

[381.072. In determining the financial condition of a title insurer doing business pursuant to this chapter, the general provisions of the insurance code requiring the establishment of reserves

sufficient to cover all known and unknown liabilities including allocated and unallocated loss adjustment expense, shall apply; except that, a title insurer shall establish and maintain:

(1) (a) A known claim reserve in an amount estimated to be sufficient to cover all unpaid losses, claims and allocated loss adjustment expenses arising under title insurance policies for which the title insurer may be liable, and for which the insurer has discovered or received notice by or on behalf of the insured or escrow or security depositor;

(b) Upon receiving notice from or on behalf of the insured of a title defect in or lien or adverse claim against the title of the insured that may result in a loss or cause expense to be incurred in the proper disposition of the claim, the title insurer shall determine the amount to be added to the reserve, which amount shall reflect a careful estimate of the loss or loss expense likely to result by reason of the claim;

(c) Reserves required pursuant to this section may be revised from time to time and shall be redetermined at least once each year;

(2) A statutory or unearned premium reserve established and maintained as follows:

(a) A domestic title insurer shall establish and maintain an unearned premium reserve computed in accordance with this section, and all sums attributed to such reserve shall at all times and for all purposes be considered and constitute unearned portions of the original premiums. This reserve shall be reported as a liability of the title insurer in its financial statements;

(b) The unearned premium reserve shall be maintained by the title insurer for the protection of holders of title insurance policies. Except as provided in this section, assets equal in value to the reserve are not subject to distribution among creditors or stockholders of the title insurer until all claims of policyholders or claims under reinsurance contracts have been paid in full, and all liability on the policies or reinsurance contracts has been paid in full and discharged or lawfully reinsured;

(c) The unearned premium reserve shall consist of:

a. The amount of the unearned premium reserve on January 1, 2001; and

b. A sum equal to fifteen cents for each one thousand dollars of net retained liability under each title insurance policy, excluding mortgagee's policies simultaneously issued with owner's policies or owner's leasehold policies of the same or greater amount, on a single risk written on properties located in this state and issued after January 1, 2001;

(d) Amounts placed in the unearned premium reserve in any year in accordance with paragraph (c) of this subdivision shall be deducted in determining the net profit of the title insurer for that year;

(e) A title insurer shall release from the unearned premium reserve a sum equal to ten percent of the amount added to the reserve during a calendar year on July first of each of the five years following the year in which the sum was added, and shall release from the unearned premium reserve a sum equal to three and one-third percent of the amount added to the reserve during that year on each succeeding July first until the entire amount for that year has been released. The amount of the unearned premium reserve or similar unearned premium reserve maintained before January 1, 2001, shall be released in accordance with the law in effect immediately before January 1, 2001;

(f) a. Each domestic and foreign title insurer shall file annually with the audited financial report required pursuant to section 375.1032, RSMo, an actuarial certificate made by a member in good standing of the American Academy of Actuaries, or by an actuary permitted to make such certificate by the commissioner, superintendent or director of the department of insurance of the state of incorporation of a foreign title insurer;

b. The actuarial certification shall conform to the annual statement instructions for title insurers adopted by the National Association of Insurance Commissioners and shall include the actuary's professional opinion of the insurer's reserves as of the date of the annual statement. The reserves analyzed pursuant to this section shall include reserves for known claims, including adverse developments on known claims, and reserves for incurred but not reported claims;

(g) a. - i. Twenty-five percent of the otherwise applicable supplemental reserve is required until December thirty-first of the year next following January 1, 2001;
- ii. Fifty percent of the otherwise applicable supplemental reserve is required until December thirty-first of the second year following January 1, 2001;
- iii. Seventy-five percent of the otherwise applicable supplemental reserve is required until December thirty-first of the third year following January 1, 2001;
- iv. One hundred percent of the supplemental reserve is required after December thirty-first of the fourth year following January 1, 2001.]

[381.075. 1. Sections 375.570 to 375.750, RSMo, and sections 375.1150 to 375.1246, RSMo, shall apply to all title insurers subject to the title insurance act, except as otherwise provided in this section. In applying such sections, the court shall consider the unique aspects of title insurance and shall have broad authority to fashion relief that provides for the maximum protection of the title insurance policyholders.

2. Security and escrow funds held by or on behalf of the title insurer shall not become general assets and shall be administered as secured claims as defined in section 375.1152, RSMo.

3. Title insurance policies that are in force at the time an order of liquidation is entered shall not be canceled except upon a showing to the court of good cause by the liquidator. The determination of good cause shall be within the discretion of the court. In making this determination, the court shall consider the unique aspects of title insurance and all other relevant circumstances.

4. The court may set appropriate dates that potential claimants must file their claims with the liquidator. The court may set different dates for claims based upon the title insurance policy than for all other claims. In setting dates, the court shall consider the unique aspects of title insurance and all other relevant circumstances.

5. As of the date of the order of insolvency or liquidation, all premiums paid, due or to become due under policies of the title insurers, shall be fully earned. It shall be the obligation of title agencies, title agents, insureds or representatives of the title insurer to pay fully earned premium to the liquidator or rehabilitator.]

[381.078. A title insurer shall only declare or distribute a dividend to shareholders with the prior written approval of the director, as would be permitted pursuant to subdivision (1) of subsection 1 of section 382.210, RSMo.]

[381.081. 1. A domestic title insurer shall establish and maintain an unearned premium reserve computed in accordance with this section, and all sums attributed to such reserve shall at all times and for all purposes be considered and constitute unearned portions of the original premiums. This reserve shall be reported as a liability of the title insurer in its financial statements.

2. The unearned premium reserve shall be maintained by the title insurer for the protection of holders of title insurance policies. Except as provided in this section, assets equal in value to the reserve are not subject to distribution among creditors or stockholders of the title insurer until all claims of policyholders or claims under reinsurance contracts have been paid in full, and all liability on the policies or reinsurance contracts has been paid in full and discharged or lawfully reinsured.

3. A foreign or alien title insurer licensed to transact title insurance business in this state shall maintain at least the same reserves on title insurance policies issued on properties located in this state as are required of domestic title insurers, unless the laws of the jurisdiction of domicile of the foreign or alien title insurer require a higher amount.

4. The unearned premium reserve shall consist of:

- (1) The amount of the unearned premium reserve on September 28, 1987; and
- (2) A sum equal to fifteen cents for each one thousand dollars of net retained liability under each title insurance policy, excluding mortgagee's policies simultaneously issued with owner's policies or owner's leasehold policies of the same or greater amount, on a single risk written on properties located in this state and issued after September 28, 1987.

5. Amounts placed in the unearned premium reserve in any year in accordance with subdivision (2) of subsection 4 of this section shall be deducted in determining the net profit of the title insurer for that year.

6. A title insurer shall release from the unearned premium reserve a sum equal to ten percent of the amount added to the reserve during a calendar year on July first of each of the five years following the year in which the sum was added, and shall release from the unearned premium reserve a sum equal to three and one-third percent of the amount added to the reserve during that year on each succeeding July first until the entire amount for that year has been released. The amount of the unearned premium reserve or similar unearned premium reserve maintained before September 28, 1987, shall be released in accordance with the law in effect immediately before September 28, 1987.]

[381.085. 1. A title insurer or authorized rate service organization shall not deliver or issue for delivery or permit any of its authorized title agencies or title agents to deliver in this state, any form, in connection with title insurance written, unless it has been filed with the director and approved by the director or thirty days have elapsed and it has not been disapproved as misleading or violative of public policy. Each violation of this subsection is a class C violation as that term is defined in section 381.045.

2. Forms covered by this section shall include:

- (1) Title insurance policies, including standard form endorsements; and
- (2) Title insurance commitments issued prior to the issuance of a title insurance policy.

3. After notice and opportunity to be heard are given to the insurer or rate service organization which submitted a form for approval, the director may withdraw approval of the form on finding that the use of the form is contrary to the legal requirements applicable at the time of withdrawal. The effective date of withdrawal of approval shall not be less than ninety days after notice of withdrawal is given.

4. Any term or condition related to an insurance coverage provided by an approved title insurance policy or any exception to the coverage, except those ascertained from a search and examination of records relating to a title or inspection or survey of a property to be insured, may only be included in the policy after the term, condition or exception has been filed with the director and approved as herein provided.]

[381.088. 1. A title insurer may satisfy its obligation to file premium rates, rating manuals and forms as required by this chapter by becoming a member of, or a subscriber to, a rate service organization, organized and licensed pursuant to the provisions of this chapter, where the organization makes the filings, and by authorizing the director in writing to accept the filings on the insurer's behalf.

2. Nothing in this chapter shall be construed as requiring any title insurer, title agency or title agent to become a member of, or a subscriber to, any rate service organization. Nothing in this chapter shall be construed as prohibiting the filing of deviations from rate service organization filings by any member or subscriber.]

[381.091. 1. If a domestic title insurer becomes insolvent, is in the process of liquidation or dissolution, or is in the possession of the director:

(1) Such amount of the assets of such title insurer equal to the unearned premium reserve then remaining may be used by or with the written approval of the director to pay for reinsurance of the liability of such title insurer upon all outstanding title insurance policies or reinsurance agreements to the extent to which claims for losses by the holders thereof are not then pending. The balance of assets, if any, equal to the unearned premium reserve, may then be transferred to the general assets of the title insurer;

(2) The net assets of the unearned premium reserve shall be available to pay claims for losses sustained by holders of title insurance policies then pending or arising up to the time reinsurance is effected. If claims for losses exceed such other assets of the title insurer, such claims, when established, shall be paid pro rata out of the surplus assets attributable to the unearned premium reserve to the extent of such surplus, if any.

2. If reinsurance is not obtained, assets equal to the unearned premium reserve and assets constituting minimum capital, or so much as remains thereof after outstanding claims have been paid, shall constitute a trust fund to be held and invested by the director for twenty years, out of which claims of policyholders shall be paid as they arise. The balance, if any, of the trust fund shall, at the expiration of twenty years, revert to the general assets of the title insurer.]

[381.092. 1. Every title insurer that shall propose its own premium rates and every title insurance rating organization shall propose premium rates that are not excessive nor inadequate for the safety and soundness of any title insurer, which do not unfairly discriminate between risks in this state which involve essentially the same exposure to loss and expense elements, and which shall give due consideration to the following matters:

- (1) The desirability for stability and responsiveness of rate structures;
- (2) The necessity of assuring the financial solvency of title insurance companies in periods of economic depression;
- (3) The necessity for paying dividends on the capital stock of title insurance companies sufficient to induce capital to be invested therein; and
- (4) A reasonable level of profit for the insurer.

2. Every title insurer that shall propose its own rates and every title insurance rating organization may adopt basic classifications of policies or contracts of title insurance which shall be used as the basis for rates.]

[381.095. 1. If the director shall find in his review of rate filings that the filings provide for, result in, or produce rates that are not unreasonably high, and are not inadequate for the safeness and soundness of the insurer, and are not unfairly discriminatory between risks in this state involving essentially the same hazards and expense elements, the director shall approve such rates. Prior to such approval the director may conduct a public hearing with respect to a rate filing. An approval shall continue in effect until the director shall issue an order of disapproval pursuant to the requirements and procedure provided for in subsections 2 and 3 of this section.

2. Upon the review at any time by the director of a rate filing, the director shall, before issuing an order of disapproval, hold a hearing upon not less than ten days' written notice, specifying in reasonable detail the matters to be considered at such hearing, to every title insurer and title insurance rating organization which made such filing, and if, after such hearing, the director finds that such filing or a part thereof does not meet the requirements of this chapter, the director shall issue an order specifying in what respects the director finds that it so fails, and stating when, within a reasonable period thereafter, such filing or a part thereof shall be deemed no longer effective. A title insurer or title insurance rating organization shall have the right at any time to withdraw a filing or a part thereof, subject to the provisions of section 381.102, in the case of deviation filing. Copies of the order shall be sent to every title insurer and title insurance rating organization affected. The order shall not affect any contract or policy made or issued prior to the expiration of the period set forth in the order.

3. Any person or organization aggrieved with respect to any filing which is in effect may make written application to the director for a hearing thereon. The title insurance company or title insurance rating organization that made the filing shall not be authorized to proceed pursuant to this subsection. Such application shall specify in reasonable detail the grounds to be relied upon by the applicant. If the director shall find that the application is made in good faith, that the applicant would be so aggrieved if his or her grounds are established, and that such grounds otherwise justify holding such a hearing, the director shall, within thirty days after receipt of such application, hold a hearing upon not less than ten days' written notice to the applicant and to every title insurance company and title insurance rating organization which made such a filing. If, after such hearing, the director finds that the filing or a part thereof does not meet the requirements of this chapter, the director shall issue an order specifying in what respects the director finds that such filing or a part thereof fails to meet the requirements of this chapter, stating when within a reasonable period thereafter, such filing or a part thereof shall be deemed no longer effective. Copies of such order shall be sent to the applicant

and to every such title insurer and title insurance rating organization. The order shall not affect any contract or policy made or issued prior to the expiration of the period set forth in the order.]

[381.098. 1. A corporation, an unincorporated association, a partnership or an individual, whether located within or outside this state, may make application to the director for license as a rating organization for title insurers, and shall file therewith:

- (1) A copy of its constitution, its articles of agreement or association or its certificate of incorporation, and of its bylaws, rules and regulations governing the conduct of its business;
- (2) A list of its members and subscribers;
- (3) The name and address of a resident of this state upon whom notices or orders of the director or process affecting such rating organization may be served; and
- (4) A statement of its qualifications as a title insurance rating organization.

2. If the director finds that the applicant is competent, trustworthy and otherwise qualified to act as a rating organization, and that its constitution, articles of agreement or association or certificate of incorporation, and its bylaws, rules and regulations governing the conduct of its business, conform to requirements of law, the director shall issue a license authorizing the applicant to act as a rating organization for title insurance. Licenses issued pursuant to this section shall remain in effect for three years unless sooner suspended or revoked by the director or withdrawn by the licensee. The fee for such license shall be one thousand five hundred dollars. Licenses issued pursuant to this section may be suspended or revoked by the director, after hearing upon notice, in the event the rating organization ceases to meet the requirements of this subsection. Every rating organization shall notify the director promptly of every change in:

- (1) Its constitution, its articles of agreement or association or its certificate of incorporation, and its bylaws, rules and regulations governing the conduct of its business;
- (2) Its list of members and subscribers; and
- (3) The name and address of the resident of this state designated by it upon whom notices or orders of the director or process affecting such rating organization may be served.

3. Subject to rules and regulations which have been approved by the director as reasonable, each title insurance rating organization shall permit any title insurance company not a member to be a subscriber to its rating services. Notices of proposed changes in such rules and regulations shall be given to subscribers. Each such rating organization shall furnish its rating services without discrimination to its members and subscribers. The reasonableness of any rule or regulation in its application to subscribers, or the refusal of any such rating organization to admit a title insurance company as a subscriber, shall at the request of any subscriber or any such title insurance company, be reviewed by the director at a hearing held upon at least ten days' written notice to such rating organization and to such subscriber. If the director finds that such rule or regulation is unreasonable in its application to subscribers, the director shall order that such rule or regulation shall not be applicable to subscribers. If the rating organization fails to grant or reject an application of a title insurance company for subscribership within thirty days after it was made, the title insurance company may request a review by the director as if the application had been rejected. If the director finds that the title insurance company has been refused admittance to the title insurance rating organization as a subscriber without justification, the director shall order such rating organization to admit the title insurance company as a subscriber. If the director finds that the action of the title insurance rating organization was justified, the director shall make an order affirming its action.]

[381.101. 1. All title insurers licensed in this state shall establish and maintain reserves against unpaid losses and loss expenses.

2. Upon receiving notice from or on behalf of the insured of a title defect in or lien or adverse claim against the title of the insured that may result in a loss or cause expense to be incurred in the proper disposition of the claim, the title insurer shall determine the amount to be added to the reserve, which amount shall reflect a careful estimate of the loss or loss expense likely to result by reason of the claim.

3. Reserves required under this section may be revised from time to time and shall be redetermined at least once each year.]

[381.102. Every member of or subscriber to a title insurance rating organization shall adhere to the filings made on its behalf by such organization, except that any title insurance company which is a member of or subscriber to such a rating organization may file with the director a uniform percentage of decrease or increase to be applied to any or all elements of the fees produced by the rating system so filed for a class of title insurance which is found by the director to be a proper rating unit for the application of such uniform decrease or increase, or to be applied to the rates for a particular area, or otherwise deviate from the rating plans, policy forms or other matters which are the subject of filings pursuant to this chapter. Such deviation filing shall specify the basis for the modification and shall be accompanied by the data or historical pattern upon which the applicant relies. A copy of the deviation filing and data shall be sent simultaneously to such rating organization. Deviation filings shall be subject to the provisions of section 381.095.]

[381.105. 1. Any member of or subscriber to a title insurance rating organization may appeal to the director from any action or decision of such rating organization in approving or rejecting any proposed change in or addition to the filings of such rating organization, and the director shall, after a hearing held upon not less than ten days' written notice to the appellant and to such rating organization, issue an order approving the action or decision of such rating organization or directing it to give further consideration to such proposal and to take action or make a decision upon it within thirty days. If such appeal is from the action or decision of the title insurance rating organization in rejecting a proposed addition to its filings, the director may, in the event the director finds that such action or decision was unreasonable, issue an order directing the rating organization to make an addition to its filings, on behalf of its members and subscribers, in a manner consistent with the director's findings, within a reasonable time after the issuance of such order. If the appeal is from the action of the title insurance rating organization with regard to a rate or a proposed change in or addition to its filings relating to the character and extent of coverage, the director shall approve the action of the rating organization or such modification thereof as shall have been suggested by the appellant if either be made in accordance with this chapter.

2. The failure of a title insurance rating organization to take action or make a decision within thirty days after submission to it of a proposal pursuant to this section shall constitute a rejection of such proposal within the meaning of this section. If such appeal is based upon the failure of the rating organization to make a filing on behalf of such member or subscriber which is based on a system of expense allocation which differs from the system of expense allocation included in a filing made by such rating organization, the director shall, if the director grants the appeal, order the rating organization to make the requested filing for use by the appellant. In deciding such appeal, the director shall apply the standards set forth in section 381.032.]

[381.108. 1. The director shall promulgate reasonable rules and statistical plans, reasonably adapted to each of the rating systems on file with the department, which may be modified from time to time, and which shall be used thereafter by each title insurer in the recording and reporting of the composition of its business, its loss and countrywide expense experience and those of its title insurance underwriters in order that the experience of all title insurers may be made available, at least annually, in such form and detail as may be necessary to aid him or her in determining whether rating systems comply with the standards set forth in this chapter. Such rules and plans may also provide for the recording of expense experience items which are specially applicable to this state and are not susceptible of determination by a prorating of countrywide expense experience. In promulgating such rules and plans, the director shall give due consideration to the rating systems on file with the department, and in order that such rules and plans may be as uniform as is practicable among the several states, to the rules and to the form of the plans used for such rating systems in other states. Such rules and plans shall not place an unreasonable burden of expense on any title insurer. No title insurer shall be required to record or report its expense and loss experience on a classification basis that is inconsistent with the rating system filed by it, nor shall any title insurer be required to report the experience to any agency of which it is not a member or subscriber. The director may designate one or more rating organizations or other agencies to assist the director in gathering such experience and making compilations thereof, and such compilations shall be made available, subject to reasonable

rules promulgated by the director, to title insurers and rating organizations. The director shall give preference in such designation to entities organized by and functioning on behalf of title insurers operating in this state. If the director, in his or her judgment, determines that one or more of such organizations designated as statistical agents is unable or unwilling to perform its statistical functions according to reasonable requirements established from time to time by the director, he or she may, after consultation with such statistical agent and upon twenty days' notice to any affected companies, designate another person to act on the director's behalf in the gathering of statistical experience. The director shall in such case establish the fee to be paid to such designated person by the affected companies in order to pay the total cost of gathering and compiling such experience. Agencies designated by the director shall assist the director in making compilations of the reported data and such compilations shall be made available, subject to reasonable rules and regulations promulgated by the director, to insurers, rating organizations and any other interested parties.

2. Reasonable rules and plans may be promulgated by the director for the interchange of data necessary for the application of rating plans.

3. In order to further uniform administration of rate regulatory laws, the director and every title insurer and rating organization may exchange information and experience data with insurance supervisory officials, title insurers and rating organizations in other states, and may consult with them with respect to rate making and the application of rating systems.

4. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536, RSMo.]

[381.111. A title insurer may obtain reinsurance for all or any part of its liability under its title insurance policies or reinsurance agreements and may also reinsure title insurance policies issued by other title insurers on single risks located in this state or elsewhere. Each person named on the license shall possess all qualifications determined by the director to be appropriate. The director may adopt rules, regulations, and requirements relating to licensing and practices of persons acting in the capacity of title agencies or agents. These persons may include title agencies, title agents, employees of either, and persons acting on behalf of title agencies or title agents. This subsection is not intended to include persons performing clerical functions.

5. For good cause shown, the director may grant an extension of time during which the educational requirements imposed by this section may be completed, but such extension of time shall not exceed the period of one calendar year. The director may grant an individual waiver of the mandatory continuing education requirement upon a showing by the licensee that it is not feasible for the licensee to satisfy the requirements prior to the renewal date. A filing fee shall be paid by the person furnishing the report as determined by the director to be necessary to cover the administrative cost related to the handling of such certification reports, subject to the limitations imposed in subsection 9 of this section.

7. The provisions of this section shall not apply to those natural persons holding or applying for a license to act as a title agent in Missouri who reside in a state that has enacted and implemented a mandatory continuing education law or regulation pertaining to title agents. However, those natural persons holding or applying for a Missouri agent license who reside in states which have no mandatory continuing education law or regulations shall be subject to all the provisions of this section to the same extent as resident Missouri title agents.

Fees shall be waived for local agents' groups if the instructor receives no compensation for services. Such fee shall accompany any application form required by the director. Courses shall be approved for a period of no more than one year. Applicants holding courses intended to be offered for a longer period must reapply for approval;

(3) The director has the authority to determine the amount of the filing fee to be paid by title agents at the time of license renewal, which shall be set at an amount to produce revenue which shall not substantially exceed the cost of administering this section, but in no event shall such fee exceed ten dollars per biennial report filed.

9. All funds received pursuant to the provisions of this section shall be transmitted by the director of the department of insurance to the department of revenue for deposit in the state treasury to the credit of the department of insurance dedicated fund. 10. When a title agent pays his or her biennial renewal fee, such agent shall also furnish the written certification and filing fee required by this section.

11. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536, RSMo.]

2. A domestic title insurer may invest in title plants. For purposes of determining the financial condition of such title insurer, title plants will be treated as an asset valued at actual cost to the title insurer, not to exceed fifty percent of the surplus as to policyholders as shown on the most recent annual statement of the title insurer.

3. Any investment of a domestic title insurer acquired before September 28, 1987, and which under such sections, would be considered ineligible as an investment on that date, shall be disposed of within five years of September 28, 1987. The director, upon application and proof that forced sale of any such investment would be contrary to the best interests of the title insurer or its policyholders, may extend the period for disposal of the investment for a reasonable time.]

[381.122. The director may during normal business hours examine, audit and inspect any and all books and records maintained by a title agency pursuant to this chapter.]

[381.125. 1. Whenever the business to be written constitutes affiliated business, prior to commencing the transaction, the title agency or title agent shall ensure that its customer has been provided with disclosure of the existence of the affiliated business arrangement and a written estimate of the charge or range of charges generally made for the title services provided by the title agency or agent.

2. The director may establish rules for use by all title agencies in the recording and reporting of the agency's owners and of the agency's ownership interests in other persons or businesses and of material transactions between the parties.

3. The director may require each title agency to file on forms prescribed by the director reports setting forth the names and addresses of those persons, if any, that have a financial interest in the agency and who the agency knows or has reason to believe are producers of title insurance business or associates of producers.

4. Nothing in this chapter shall be construed as prohibiting affiliated business arrangements in the provision of title insurance business so long as:

(1) The title agency, title agent or party making a referral constituting affiliated business, at or prior to the time of the referral, discloses the arrangement and, in connection with the referral, provides the person being referred with a written estimate of the charge or range of charges likely to be assessed and otherwise complies with the disclosure obligations of this section;

(2) The person being referred is not required to use a specified title insurance agency, agent or insurer; and

(3) The only thing of value that is received by the title agency, title agent or party making the referral, other than payments otherwise permitted, is a return on an ownership interest.

For purposes of this subsection, the terms "required use" and "return on an ownership interest" shall have the meaning accorded to them under the Real Estate Settlement Procedures Act (RESPA), 12 U.S.C. Section 2607, as amended and Regulation X, 24 CFR Section 3500, et seq.

5. Each violation of any provision of this section is a class C violation as that term is defined in section 381.045.]

[381.151. Nothing in sections 381.011 to 381.241 shall be construed as prohibiting the division of premiums and charges between or among a title insurer and its title agent or agency, two or more title insurers, one or more title insurers and one or more title agents or agencies or two or more title agents or agencies, provided such division of premiums and charges does not constitute:

(1) An unlawful rebate or inducement under the provisions of sections 381.011 to 381.241; or

(2) Payment of a forwarding fee or finder's fee.]

[381.211. Every title insurer shall file with the director copies of the following forms it proposes to use in this state, including:

(1) Title insurance policies;

(3) Preliminary reports, commitments, binders, or any other reports issued prior to the issuance of a title insurance policy.]

[381.221. For purposes of the premium tax imposed by sections 148.320 and 148.340, RSMo, the premium income received by a title insurer shall be one hundred percent of the amounts paid by or on behalf of the insured as "premiums" within the definition of that term contained in sections 381.011 to 381.241.]

[381.231. In addition to any other powers granted under sections 381.011 to 381.241, the director may adopt rules or regulations to protect the interests of the public including, but not limited to, regulations governing sales practices, escrow, collection, settlement, closing procedures, policy coverage standards, rebates and inducements, controlled business, the approval of agency contracts, unfair trade practices and fraud, statistical plans for data collection, consumer education, any other consumer matters, the business of title insurance, or any regulations otherwise implementing or interpreting the provisions of sections 381.011 to 381.241. [381.241. 1. The director of insurance or his duly authorized representative may at any time and from time to time, inspect and examine the records, books and accounts of any title insurer, and may require such periodic and special reports from any title insurer, as may be reasonably necessary

No person shall be authorized to inspect and examine the records, books and accounts of any title insurer unless such person has five years experience in the title insurance business. It shall be the duty of the director at least once every four years to make or cause to be made an examination of every title insurer. The reasonable expense of any examination shall be paid by the title insurer.

2. The purpose of such examination is to enable the director to ascertain whether there is compliance with the provisions of sections 381.011 to 381.241. If as a result of such examination the director has reason to believe that any rate, rating plan or rating system made or used by an insurer does not meet the standards and provisions of sections 381.011 to 381.241, applicable to it, the director may hold a public hearing. [(1) The director may issue cease and desist orders whenever it appears to him upon competent and substantial evidence that any person is acting in violation of any law, rule or regulation relating to corporations subject to the provisions of sections 354.010 to 354.380, or whenever the director has reason to believe that any health services corporation is in such financial condition that the assumption of additional obligations would be hazardous to its members or the general public. Before any cease and desist order shall be issued, a copy of the proposed order together with an order to show cause why such cease and desist order should not be issued shall be served either personally or by certified mail on any person named therein.

(2) (a) Upon issuing any order to show cause, the director shall notify the person named therein that the person is entitled to a public hearing before the director if a request for a hearing is made in writing to the director within fifteen days from the day of the service of the order to show cause why the cease and desist order should not be issued.

(g) The circuit court of Cole County shall have jurisdiction to review any cease and desist order of the director under the provisions of sections 536.100 to 536.150, RSMo; and, if any person against whom an order is issued fails to request judicial review, or if, after judicial review, the director's cease and desist order is upheld, the order shall become final.

3. (1) When it appears to the director that there is a violation of the law, rule or regulation relating to corporations subject to the provisions of sections 354.010 to 354.380, and that the continuance of the acts or actions of any person as herein defined would produce injury to the public or to any other person in this state, or when it appears that a person is doing or threatening to do some act in violation of the laws of this state relating to corporations subject to the provisions of sections 354.010 to 354.380, the director may file a petition for injunction in the circuit court of Cole County, Missouri, in which he may ask for a temporary injunction or restraining order as well as a permanent injunction

"376.309. 1. As used in this section, "separate account" means an account established by an insurance company, into which any amounts paid to or held by such company under applicable contracts are credited and the assets of which, subject to the provisions of this section, may be invested in such investments as shall be authorized by a resolution adopted by such company's board of directors. The income, if any, and gains and losses, realized or unrealized, on such account shall be credited to or charged against the amounts allocated to such account without regard to other income, gains or losses of the company. If and to the extent so provided under the applicable contracts, that portion of the assets of any such separate account equal to the reserves and other contract liabilities with respect to such account shall not be chargeable with liabilities arising out of any other business the company may conduct.

2. Any domestic life insurance company may, after adoption of a resolution by its board of directors, establish one or more separate accounts, and may allocate to such account or accounts any amounts paid to or held by it which are to be applied under the terms of an individual or group contract to provide benefits payable in fixed or in variable dollar amounts or in both.

3. To the extent it deems necessary to comply with any applicable federal or state act, the company may, with respect to any separate account or any portion thereof, provide for the benefit of persons having beneficial interests therein special voting and other rights and special procedures for the conduct of the business and affairs of such separate account or portion thereof, including, without limitation, special rights and procedures relating to investment policy,

investment advisory services, selection of public accountants, and selection of a committee, the members of which need not be otherwise affiliated with the company, to manage the business and affairs of such separate account or portion thereof; and the corporate charter of such company shall be deemed amended to authorize the company to do so. The provisions of this section shall not affect existing laws pertaining to the voting rights of such company's policyholders.

4. The amounts allocated to any separate account and the accumulations thereon may be invested and reinvested without regard to any requirements or limitations prescribed by the laws of this state governing the investments of life insurance companies, and the investments in such separate account or accounts shall not be taken into account in applying the investment limitations, including but not limited to quantitative restrictions, otherwise applicable to the investments of the company, except that to the extent that the company's reserve liability with regard to benefits guaranteed as to principal amount and duration, and funds guaranteed as to principal amount or stated rate of interest, is maintained in any separate account, a portion of the assets of such separate account at least equal to such reserve liability shall be, except as the director [of insurance] might otherwise approve, invested in accordance with the laws of this state governing the general investment account of any company. As used herein, the expression "general investment account" shall mean all of the funds, assets and investments of the company which are not allocated in a separate account. The provisions of section 376.170 relating to deposits for registered policies shall not be applicable to funds and investments allocated to separate accounts. No investment in the separate account or in the general investment account of a life insurance company shall be transferred by sale, exchange, substitution or otherwise from one account to another unless, in case of a transfer into a separate account, the transfer is made solely to establish the account or to support the operation of the contracts with respect to the separate account to which the transfer is made or unless the transfer, whether into or from a separate account, is made by a transfer of cash, or by a transfer of other assets having a readily determinable market value, provided that such transfer of other assets is approved by the director [of insurance] and is for assets of equivalent value. Such transfer shall be deemed approved to the extent the assets of a separate account so transferred have been paid to or are being held by the company in connection with a pension, retirement or profit-sharing plan subject to the provisions of the Internal Revenue Code, as amended, and the Employee Retirement Income Security Act of 1974, as amended. The director [of insurance] may withdraw such deemed approval by providing written notice to the company that its financial condition or past practices require such withdrawal. The director [of insurance] may approve other transfers among such accounts if the director concludes that such transfers would be equitable.

5. Unless otherwise approved by the director [of insurance], assets allocated to a separate account shall be valued at their market value on the date of valuation, or if there is no readily available market, then as provided under the terms of the contract or the rules or other written agreement applicable to such separate account; provided, that the portion of the assets of such separate account at least equal to the company's reserve liability with regard to the guaranteed benefits and funds referred to in subsection 4 of this section, if any, shall be valued in accordance with the rules otherwise applicable to the company's assets.

6. The director [of insurance] shall have the sole and exclusive authority to regulate the issuance and **authority to regulate the** sale of contracts under which amounts are to be allocated to one or more separate accounts as provided herein, and to issue such reasonable rules, regulations and licensing requirements as [he] **the director** shall deem necessary to carry out the purposes and provisions of this section; and [such contracts,] the companies [which] **that** issue [them and the agents or other persons who sell them] **such contracts** shall not be subject to [sections 409.101 to 409.419, RSMo, or amendments thereto, nor to the jurisdiction of the] **registration with the** commissioner of securities. **The director may, subject to the provisions of section 374.185, RSMo, consult and cooperate with the commissioner of securities in investigations arising from the offer and sale of contracts regulated under this section and may request assistance from the commissioner of securities in any proceeding arising from the offer and sale of any such contracts.**

7. No domestic life insurance company, and no other life insurance company admitted to transact business in this state, shall be authorized to deliver within this state any contract under which amounts are to be allocated to one or more separate accounts as provided herein until said company has satisfied the director [of insurance] that its condition or methods of operation in connection with the issuance of such contracts will not render its operation hazardous to the public or its policyholders in this state. In determining the qualifications of a company requesting authority to deliver such contracts within this state, the director [of insurance] shall consider, among other things:

- (1) The history and financial condition of the company;
- (2) The character, responsibility and general fitness of the officers and directors of the company; and

(3) In the case of a company other than a domestic company, whether the statutes and regulations of the jurisdiction of its incorporation provide a degree of protection to policyholders and the public which is substantially equal to that provided by this section and the rules and regulations issued thereunder.

8. An authorized life insurance company, whether domestic, foreign or alien, which issues contracts under which amounts are to be allocated to one or more separate accounts as provided herein, and which is a subsidiary of or affiliated through common management or ownership with another life insurance company authorized to do business in this state, may be deemed to have met the provisions of subsection 7 of this section if either it or the parent or affiliated company meets the requirements thereof.

9. If the contract provides for payment of benefits in variable amounts, it shall contain a statement of the essential features of the procedure to be followed by the company in determining the dollar amount of such variable benefits. Any such contract, including a group contract, and any certificate issued thereunder, shall state that such dollar amount may decrease or increase and shall contain on its first page a statement that the benefits thereunder are on a variable basis.

10. Except as otherwise provided in this section, all pertinent provisions of the insurance laws of this state shall apply to separate accounts and contracts relating thereto.

2. Any life insurance policy or certificate which contains any exclusion or restriction under subsection 1 of this section shall also provide that in the event the insured dies as a result of suicide within one year from the date of issue of the policy that the insurer shall promptly refund all premiums paid for coverage on such insured.

"488.2300. 1. A "Family Services and Justice Fund" is hereby established in each county or circuit with a family court, for the purpose of aiding with the operation of the family court divisions and services provided by those divisions. In **any** circuits or counties having a family court **other than St. Louis County and Jackson County**, the circuit clerk shall charge and collect a surcharge of thirty dollars in all proceedings falling within the jurisdiction of the family court. **The circuit clerk of St. Louis County and Jackson County shall charge and collect a surcharge as established by its circuit court not to exceed forty-five dollars in all proceedings falling within the jurisdiction of the family court.** The surcharge shall not be charged when no court costs are otherwise required, shall not be charged against the petitioner for actions filed pursuant to the provisions of chapter 455, RSMo, but may be charged to the respondent in such actions, shall not be charged to a government agency and shall not be charged in any proceeding when costs are waived or are to be paid by the state, county or municipality.

2. In juvenile proceedings under chapter 211, RSMo, a judgment [of up to thirty dollars] **in an amount authorized in subsection 1 of this section** may be assessed against the child, parent or custodian of the child, in addition to other amounts authorized by law, in informal adjustments made under the provisions of sections 211.081 and 211.083, RSMo, and in an order of disposition or treatment under the provisions of section 211.181, RSMo. The judgment may be ordered paid to the clerk of the circuit where the assessment is imposed.

3. All sums collected pursuant to this section and section 487.140, RSMo, shall be payable to the various county family services and justice funds.

4. Any moneys in the family services and justice fund not expended for salaries of commissioners, family court administrators and family court staff shall be used toward funding the enhanced services provided as a result of the establishment of a family court; however, it shall not replace or reduce the current and ongoing responsibilities of the counties to provide funding for the courts as required by law. Moneys collected for the family services and justice fund shall be expended for the benefit of litigants and recipients of services in the family court, with priority given to services such as mediation, counseling, home studies, psychological evaluation and other forms of alternative dispute-resolution services. Expenditures shall be made at the discretion of the presiding judge or family court administrative judge, as designated by the circuit and associate circuit judges en banc, for the implementation of the family court system as set forth in this section. No moneys from the family services and justice fund may be used to pay for mediation in any cause of action in which domestic violence is alleged.

5. From the funds collected pursuant to this section and retained in the family services and justice fund, each circuit or county in which a family court commissioner in addition to those commissioners existing as juvenile court commissioners on August 28, 1993, have been appointed pursuant to sections 487.020 to 487.040, RSMo, shall pay to and reimburse the state for the actual costs of that portion of the salaries of family court commissioners appointed pursuant to the provisions of sections 487.020 to 487.040, RSMo.

JOURNAL OF THE HOUSE

First Regular Session, 94th GENERAL ASSEMBLY

SEVENTY-SIXTH DAY, WEDNESDAY, MAY 16, 2007

The House met pursuant to adjournment.

Speaker Pro Tem Bearden in the Chair.

Prayer by Reverend James Earl Jackson.

We rely completely on You, Lord, as You turn toward us and hear our daily request for help. You have walked us through the tough decisions, granted our request for wisdom and insight, granted peace in the midst of turmoil and encouraged us in disappointment. By Your grace we have strength of mind and body to endure the extended hours. We want to do what pleases You, O God. Your law dominates our thoughts.

We continue to seek Your wisdom to sustain us through the end of this Session and beyond. For wisdom that comes from You is the antonym of pride, arrogance, dishonesty, and pretense of every kind.

Yours is counsel and advice; Yours is strength and understanding and with Your help, we, as leaders and lawmakers will legislate fairly. May we, by Your grace, finish well this week.

Now may You, God of all hope, fill us with all joy and peace in believing, so that we would abound in hope by the power of Your spirit.

We ask these things in Jesus' name. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Amy Ruggeri, Mike Ruggeri, Dominic Ruggeri, Josie Ruggeri, Alyssa Bryan and Chelsea Townsend.

The Journal of the seventy-fifth day was approved as corrected.

House Amendment No. 3

AMEND House Committee Substitute for Senate Substitute for Senate Bill No. 112, Section 160.933, Page 7, by inserting after all of said section the following:

"162.431. 1. When it is necessary to change the boundary lines between seven-director school districts, in each district affected, ten percent of the voters by number of those voting for school board members in the last annual school election in each district may petition the district boards of education in the districts affected, regardless of county lines, for a change in boundaries. The question shall be submitted at the next [general municipal] election, **as the term "election" is defined in section 115.123, RSMo.**

2. The voters shall decide the question by a majority vote of those who vote upon the question. If assent to the change is given by each of the various districts voting, each voting separately, the boundaries are changed from that date.

3. If one of the districts votes against the change and the other votes for the change, the matter may be appealed to the state board of education, in writing, within fifteen days of the submission of the question by either one of the districts affected, or in the above event by a majority of the signers of the petition requesting a vote on the proposal. At the first meeting of the state board following the appeal, a board of arbitration composed of three members, none of whom shall be a resident of any district affected, shall be appointed. In determining whether it is necessary to change the boundary line between seven-director districts, the board of arbitration shall base its decision upon the following:

(1) The presence of school-aged children in the affected area;

(2) The presence of actual educational harm to school-aged children, either due to a significant difference in the time involved in transporting students or educational deficiencies in the district which would have its boundary adversely affected; and

(3) The presence of an educational necessity, not of a commercial benefit to landowners or to the district benefitting for the proposed boundary adjustment.

4. If the potential receiving district obtained a score consistent with the criteria for classification of the district as "accredited" on its most recent annual performance report and the potential sending district obtained a score consistent with the criteria for classification of the district as "unaccredited" on its most recent annual performance report, the board shall approve the proposed boundary change for the educational well-being of the children enrolled in the potential sending district.

[4.] 5. Within twenty days after notification of appointment, the board of arbitration shall meet and consider the necessity for the proposed changes and shall decide whether the boundaries shall be changed as requested in the petition or be left unchanged, which decision shall be final. The decision by the board of arbitration shall be rendered not more than thirty days after the matter is referred to the board. The chairman of the board of arbitration shall transmit the decision to the secretary of each district affected who shall enter the same upon the records of his district and the boundaries shall thereafter be in accordance with the decision of the board of arbitration. The members of the board of arbitration shall be allowed a fee of fifty dollars each, to be paid at the time the appeal is made by the district taking the appeal or by the petitioners should they institute the appeal.

[5.] 6. If the board of arbitration decides that the boundaries shall be left unchanged, no new petition for the same, or substantially the same, boundary change between the same districts shall be filed until after the expiration of two years from the date of the municipal election at which the question was submitted to the voters of the districts."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

(9) At the option of the members appointed by the municipality, the members who are appointed by the school boards and other taxing districts may serve on the commission for a term to coincide with the length of time a redevelopment project, redevelopment plan or designation of a redevelopment area is considered for approval by the commission, or for a definite term pursuant to this subdivision. Thereafter the commission shall consist of the six members appointed by the municipality, except that members representing school boards and other taxing districts shall be appointed as provided in this section prior to any amendments to any redevelopment plans, redevelopment projects or designation of a redevelopment area. If any school district or other taxing jurisdiction fails to appoint members of the commission within thirty days of receipt of written notice of a proposed redevelopment plan, redevelopment project or designation of a redevelopment area, the remaining members may proceed to exercise the power of the commission. Prior to the conclusion of the hearing, changes may be made in the redevelopment plan, redevelopment project, or redevelopment area, provided that each affected taxing district is given written notice of such changes at least seven days prior to the conclusion of the hearing. After the public hearing but prior to the adoption of an ordinance approving a redevelopment plan or redevelopment project, or designating a redevelopment area, changes may be made to the redevelopment plan, redevelopment projects or redevelopment areas without a further hearing, if such changes do not enlarge the exterior boundaries of the redevelopment area or areas, and do not substantially affect the general land uses established in the redevelopment plan or substantially change the nature of the redevelopment projects, provided that notice of such changes shall be given by mail to each affected taxing district and by publication in a newspaper of general circulation in the area of the proposed redevelopment not less than ten days prior to the adoption of the changes by ordinance. House Amendment No. 7

AMEND House Committee Substitute for Senate Bill No. 582, Sections 135.010 and 135.030, Pages 29 to 33, by deleting all of said sections and inserting in lieu thereof the following:

"135.010. As used in sections 135.010 to 135.030 the following words and terms mean:

(1) "Claimant", a person or persons claiming a credit under sections 135.010 to 135.030. If the persons are eligible to file a joint federal income tax return and reside at the same address at any time during the taxable year, then the credit may only be allowed if claimed on a combined Missouri income tax return or a combined claim return reporting their combined incomes and property taxes. A claimant shall not be allowed a property tax credit unless the claimant or spouse has attained the age of sixty-five on or before the last day of the calendar year and the claimant or spouse was a resident of Missouri for the entire year, or the claimant or spouse is a veteran of any branch of the armed forces of the United States or this state who became one hundred percent disabled as a result of such service, or the claimant or spouse is disabled as defined in subdivision (2) of this section, and such claimant or spouse provides proof of such disability in such form and manner, and at such times, as the director of revenue may require, or if the claimant has reached the age of sixty on or before the last day of the calendar year and such claimant received surviving spouse Social Security benefits during the calendar year and the claimant provides proof, as required by the director of revenue, that the claimant received surviving spouse Social Security benefits during the calendar year for which the credit will be claimed. A claimant shall not be allowed a property tax credit if the claimant filed a valid claim for a credit under section 137.106, RSMo, in the year following the year for which the property tax credit is claimed. The residency requirement shall be deemed to have been fulfilled for the purpose of determining the eligibility of a surviving spouse for a property tax credit if a person of the age of sixty-five years or older who would have otherwise met the requirements for a property tax credit dies before the last day of the calendar year. The residency requirement shall also be deemed to have been fulfilled for the purpose of determining the eligibility of a claimant who would have otherwise met the requirements for a property tax credit but who dies before the last day of the calendar year;

(2) "Disabled", the inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than twelve months. A claimant shall not be required to be gainfully employed prior to such disability to qualify for a property tax credit;

(3) "Gross rent", amount paid by a claimant to a landlord for the rental, at arm's length, of a homestead during the calendar year, exclusive of charges for health and personal care services and food furnished as part of the rental agreement, whether or not expressly set out in the rental agreement. If the director of revenue determines that the landlord and tenant have not dealt at arm's length, and that the gross rent is excessive, then [he] **the director** shall determine the gross rent based upon a reasonable amount of rent. Gross rent shall be deemed to be paid only if actually paid prior to the date a return is filed. The director of revenue may prescribe regulations requiring a return of information by a landlord receiving rent, certifying for a calendar year the amount of gross rent received from a tenant claiming a property tax credit and shall, by regulation, provide a method for certification by the claimant of the amount of gross rent paid for any calendar year for which a claim is made. The regulations authorized by this subdivision may require a landlord or a tenant or both to provide data relating to health and personal care services and to food. Neither a landlord nor a tenant may be required to provide data relating to utilities, furniture, home furnishings or appliances;

(4) "Homestead", the dwelling in Missouri owned or rented by the claimant and not to exceed five acres of land surrounding it as is reasonably necessary for use of the dwelling as a home. It may consist of part of a multidwelling or multipurpose building and part of the land upon which it is built. "Owned" includes a vendee in possession under a land contract and one or more tenants by the entireties, joint tenants, or tenants in common and includes a claimant

actually in possession if he was the immediate former owner of record, if a lineal descendant is presently the owner of record, and if the claimant actually pays all taxes upon the property. It may include a mobile home;

(5) "Income", Missouri adjusted gross income as defined in section 143.121, RSMo, less [two] **four** thousand dollars as an exemption for the claimant's spouse residing at the same address, and increased, where necessary, to reflect the following:

(a) Social Security, railroad retirement, and veterans payments and benefits unless the claimant is a one hundred percent service-connected, disabled veteran or a spouse of a one hundred percent service-connected, disabled veteran. The one hundred percent service-connected disabled veteran shall not be required to list veterans payments and benefits;

(b) The total amount of all other public and private pensions and annuities;

(c) Public relief, public assistance, and unemployment benefits received in cash, other than benefits received under this chapter;

(d) No deduction being allowed for losses not incurred in a trade or business;

(e) Interest on the obligations of the United States, any state, or any of their subdivisions and instrumentalities;

(6) "Property taxes accrued", property taxes paid, exclusive of special assessments, penalties, interest, and charges for service levied on a claimant's homestead in any calendar year. Property taxes shall qualify for the credit only if actually paid prior to the date a return is filed. The director of revenue shall require a tax receipt or other proof of property tax payment. If a homestead is owned only partially by claimant, then "property taxes accrued" is that part of property taxes levied on the homestead which was actually paid by the claimant. For purposes of this subdivision, property taxes are "levied" when the tax roll is delivered to the director of revenue for collection. If a claimant owns a homestead part of the preceding calendar year and rents it or a different homestead for part of the same year, "property taxes accrued" means only taxes levied on the homestead both owned and occupied by the claimant, multiplied by the percentage of twelve months that such property was owned and occupied as the homestead of the claimant during the year. When a claimant owns and occupies two or more different homesteads in the same calendar year, property taxes accrued shall be the sum of taxes allocable to those several properties occupied by the claimant as a homestead for the year. If a homestead is an integral part of a larger unit such as a farm, or multipurpose or multidwelling building, property taxes accrued shall be that percentage of the total property taxes accrued as the value of the homestead is of the total value. For purposes of this subdivision "unit" refers to the parcel of property covered by a single tax statement of which the homestead is a part;

(7) "Rent constituting property taxes accrued", twenty percent of the gross rent paid by a claimant and spouse in the calendar year.

135.030. 1. As used in this section:

(1) [The term "maximum upper limit" shall, in the calendar year 1989, be the sum of thirteen thousand five hundred dollars. For each calendar year through December 31, 1992, the maximum upper limit shall be increased by five hundred dollars per year. For calendar years after December 31, 1992, and prior to calendar year 1998, the maximum upper limit shall be the sum used on December 31, 1992.] For each calendar year after December 31, 1997, **and before calendar year 2007, the term "maximum upper limit" shall be the sum of twenty-five thousand dollars. For the calendar year beginning on January 1, 2007, the maximum upper limit shall be the sum of thirty thousand dollars, and for all subsequent calendar years such limit shall be increased in one-hundred-dollar increments on the first day of January in each year by the same percentage of increase in the Consumer Price Index for All Urban Consumers, as published by the Bureau of Labor Statistics of the United States Department of Labor, or its successor index;**

(2) [The term "minimum base" shall, in the calendar year 1989, be the sum of five thousand dollars. For each succeeding calendar year through December 31, 1992, the minimum base shall be increased, in one hundred-dollar increments, by the same percentage as the increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor index, as defined and officially recorded by the United States Department of Labor, or its successor agency, or five percent, whichever is greater. The increase in the index shall be that as first published by the Department of Labor for the calendar year immediately preceding the year in which the minimum base is calculated. For calendar years after December 31, 1992, and prior to calendar year 1998, the minimum base shall be the sum used on December 31, 1992.] For each calendar year after December 31, 1997, **and before calendar year 2007, the term "minimum base" shall be the sum of thirteen thousand dollars. For the calendar year beginning on January 1, 2007, the minimum base shall be the sum of eighteen thousand dollars, and for all subsequent calendar years such base shall be increased in one-hundred-dollar increments on the first day of**

January in each year by the same percentage of increase in the Consumer Price Index for All Urban Consumers, as published by the Bureau of Labor Statistics of the United States Department of Labor, or its successor index.

2. When calculating the **maximum upper limit and the minimum base** for purposes of this section, whenever the increase in the Consumer Price Index used in the calculation would result in a figure which is greater than one one-hundred-dollar increment but less than another one-hundred-dollar increment, the director of revenue shall always round that figure off to the next higher one-hundred-dollar increment when determining the table of credits under this section.

3. If the income on a return is equal to or less than the maximum upper limit for the calendar year for which the return is filed, the property tax credit shall be determined from a table of credits based upon the amount by which the total property tax described in section 135.025 exceeds the percent of income in the following list:

If the income on the return is:

The percent is:

Not over the minimum base

0 percent with credit not to exceed actual property tax or rent equivalent paid up to \$750

Over the minimum base but not over the maximum upper limit

[1/16] **1/32** percent accumulative per \$300 from 0 percent to 4 percent.

The director of revenue shall prescribe a table based upon the preceding sentences. The property tax shall be in increments of twenty-five dollars and the income in increments of three hundred dollars. The credit shall be the amount rounded to the nearest whole dollar computed on the basis of the property tax and income at the midpoints of each increment. As used in this subsection, the term "accumulative" means an increase by continuous or repeated application of the percent to the income increment at each three hundred dollar level.

4. Notwithstanding [the provision of] subsection 4 of section 32.057, RSMo, the department of revenue or any duly authorized employee or agent shall determine whether any taxpayer filing a report or return with the department of revenue who has not applied for the credit allowed pursuant to section 135.020 may qualify for the credit, and shall notify any qualified claimant of [his or her] **the claimant's** potential eligibility, where the department determines such potential eligibility exists."; and

Further amend said bill, Section 135.610, Page 36, Line 66, by inserting after all of said line, the following:

"135.634. 1. As used in this section, the following terms mean:

(1) "Tax credit", a credit against the tax otherwise due under chapter 143, RSMo, excluding withholding tax imposed by sections 143.191 to 143.265, RSMo;

(2) "Taxpayer", any individual subject to the tax imposed in chapter 143, RSMo, excluding withholding tax imposed by sections 143.191 to 143.265, RSMo, and who is eligible for the federal earned income credit.

2. For all taxable years beginning on or after January 1, 2007, a taxpayer shall be allowed a tax credit for income earned by the taxpayer. The tax credit amount shall be equal to twenty percent of the amount of any federal earned income credit claimed by the taxpayer in the tax year for which the tax credit is claimed. The amount of the tax credit issued shall not exceed the amount of the taxpayer's state tax liability for the tax year for which the credit is claimed. No amount of credit that the taxpayer is prohibited by this section from claiming in a tax year shall be refundable, nor shall any tax credit granted under this section be transferred, sold, or assigned.

3. The department of revenue may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

4. Under section 23.253, RSMo, of the Missouri Sunset Act:

(1) The provisions of the new program authorized under this section shall automatically sunset on December thirty-first six years after the effective date of this section unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset on December thirty-first twelve years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset."; and

Further amend said bill, Section 141.640, Page 60, Line 9, by inserting after all of said section, the following:

"143.126. 1. As used in this section, "taxpayer" means any resident individual who is sixty-five years of age or older and whose Missouri adjusted gross income is either:

(1) Forty thousand dollars or less if the taxpayer's filing status is single, head of household, or married filing separately; or

(2) Fifty thousand dollars or less if the taxpayer's filing status is married filing combined.

2. For all taxable years beginning on or after January 1, 2007, any taxpayer shall be allowed to subtract from the taxpayer's Missouri adjusted gross income to determine Missouri taxable income an amount equal to the amount of any Social Security benefits or Social Security disability benefits received by the taxpayer and that are included in federal adjusted gross income under Section 86 of the Internal Revenue Code of 1986, as amended.

3. The director of the department of revenue may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

4. Under section 23.253, RSMo, of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset six years after the effective date of this section unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on December thirty-first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

House Amendment No. 8

AMEND House Committee Substitute for Senate Bill No. 582, Section 137.106, Page 43, Line 259, by inserting after all of said section and line the following:

"137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the city of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final

decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this paragraph, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the city of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following [percents] **percentages** of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131, RSMo, and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than fifty hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (6) of section 135.200, RSMo, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. All subclasses of real property, as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

(1) For real property in subclass (1), nineteen percent;

(2) For real property in subclass (2), twelve percent; and

(3) For real property in subclass (3), thirty-two percent.

6. Manufactured homes, as defined in section 700.010, RSMo, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. A manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. A manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home has been converted to real property in compliance with section 700.111, RSMo, and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home has been converted to real property in compliance with section 700.111, RSMo, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a "drive-by inspection" or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. The provisions of subsections 11 and 12 of this section shall only apply in any county with a charter form of government with more than one million inhabitants.

14. A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

15. [The provisions of this section and sections 137.073, 138.060 and 138.100, RSMo, as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, shall become effective January 1, 2003, for any taxing jurisdiction within a county with a charter form of government with greater than one million inhabitants, and the provisions of this section and sections 137.073, 138.060 and 138.100, RSMo, as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, shall become effective October 1, 2004, for all taxing jurisdictions in this state.] Any county or city not within a county in this state may, by an affirmative vote of the governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100, RSMo, as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by this act, for the next year of the general reassessment, prior to January first of any year. No county or city not within a county shall exercise this opt-out provision after implementing the provisions of this section and sections 137.073, 138.060, and 138.100, RSMo, as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by this act, in a year of general reassessment. For the purposes of applying the provisions of this subsection, a political subdivision contained within two or more counties where at least one of such counties has opted out and at least one of such counties has not opted out shall calculate a single tax rate as in effect prior to the enactment of house bill no. 1150 of the ninety-first general assembly, second regular session. "393.715. 1. The general powers of a commission to the extent provided in section 393.710 to be exercised for the benefit of its contracting members shall include the power to:

(1) Plan, develop, acquire, construct, reconstruct, operate, manage, dispose of, participate in, maintain, repair, extend or improve one or more projects, either exclusively or jointly or by participation with electric cooperative associations, municipally owned or public utilities or acquire any interest in or any rights to capacity of a project, within or outside the state, and act as an agent, or designate one or more other persons participating in a project to act as its agent, in connection with the planning, acquisition, construction, operation, maintenance, repair, extension or improvement of such project;

(2) Acquire, sell, distribute and process fuels necessary to the production of electric power and energy; provided, however, the commission shall not have the power or authority to erect, own, use or maintain a transmission line which is parallel or generally parallel to another transmission line in place within a distance of two miles, which serves the same general area sought to be served by the commission unless the public service commission finds that it is not feasible to utilize the transmission line which is in place;

(3) Acquire by purchase or lease, construct, install, and operate reservoirs, pipelines, wells, check dams, pumping stations, water purification plants, and other facilities for the production, wholesale distribution, and utilization of water and to own and hold such real and personal property as may be necessary to carry out the purposes of its organization; provided, however, that a commission shall not sell or distribute water, at retail or wholesale, within the certificated area of a water corporation which is subject to the jurisdiction of the public service commission unless the sale or distribution of water is within the boundaries of a public water supply district or municipality which is a contracting municipality in the commission and the commission has obtained the approval of the public service commission prior to commencing such said sale or distribution of water;

(4) Acquire by purchase or lease, construct, install, and operate lagoons, pipelines, wells, pumping stations, sewage treatment plants and other facilities for the treatment and transportation of sewage and to own and hold such real and personal property as may be necessary to carry out the purposes of its organization;

(6) Make and execute contracts and other instruments necessary or convenient to the exercise of the powers of the commission;

(7) Employ agents and employees;

(8) Contract with any person, within or outside the state, for the construction of any project or for any interest therein or any right to capacity thereof, without advertising for bids, preparing final plans and specifications in advance of construction, or securing performance and payment of bonds, except to the extent and on such terms as its board of directors or executive committee shall determine. Any contract entered into pursuant to this subdivision shall contain a provision that the requirements of sections 290.210 to 290.340, RSMo, shall apply;

(9) Purchase, sell, exchange, transmit, treat, dispose or distribute water, sewage, gas, heat or electric power and energy, or any by-product resulting therefrom, within and outside the state, in such amounts as it shall determine

to be necessary and appropriate to make the most effective use of its powers and to meet its responsibilities, and to enter into agreements with any person with respect to such purchase, sale, exchange, treatment, disposal or transmission, on such terms and for such period of time as its board of directors or executive committee shall determine. A commission may not sell or distribute water, gas, heat or power and energy, or sell sewage service at retail to ultimate customers outside the boundary limits of its contracting municipalities except pursuant to subsection 2 or 3 of this section;

(10) Acquire, own, hold, use, lease, as lessor or lessee, sell or otherwise dispose of, mortgage, pledge, or grant a security interest in any real or personal property, commodity or service or interest therein;

(11) Exercise the powers of eminent domain for public use as provided in chapter 523, RSMo, except that the power of eminent domain shall not be exercised against any electric cooperative association, municipally owned or public utility;

(13) Sue and be sued in its own name;

(20) Do and perform any acts and things authorized by this section under, through or by means of an agent or by contracts with any person.

2. When a municipality purchases a privately owned water utility and a commission is created pursuant to sections 393.700 to 393.770, the commission may continue to serve those locations previously receiving water from the private utility even though the location receives such service outside the geographical area of the municipalities forming the commission. New water service may be provided in such areas if the site to receive such service is located within one-fourth of a mile from a site serviced by the privately owned water utility.

393.740. 1. All bonds issued pursuant to sections 393.700 to 393.770 and all income or interest thereon shall be exempt from all state taxes, except estate and transfer taxes.

2. All property, real and tangible personal, except for properties acquired exclusively for water supply districts **and water supply commissions**, acquired by the bonds issued pursuant to sections 393.700 and 393.770 or otherwise acquired by a commission shall be subject to taxation for state, county, and municipal and other local purposes only to the same extent as if such property was owned directly by each contracting or participating municipality in such proportion or manner as specified by contract among all contracting or participating municipalities party to a project or if not specified in proportion to the percentage of each municipality's interest or participation in the facility or property."; and

(3) "State tax liability", in the case of a business taxpayer, any liability incurred by such taxpayer pursuant to the provisions of chapter 143, RSMo, chapter 147, RSMo, chapter 148, RSMo, and chapter 153, RSMo, exclusive of the provisions relating to the withholding of tax as provided for in sections 143.191 to 143.265, RSMo, and related provisions, and in the case of an individual taxpayer, any liability incurred by such taxpayer pursuant to the provisions of chapter 143, RSMo;

2. A taxpayer shall be allowed to claim a tax credit against the taxpayer's state tax liability, in an amount equal to fifty percent of the amount such taxpayer contributed to a maternity home.

3. The amount of the tax credit claimed shall not exceed the amount of the taxpayer's state tax liability for the taxable year that the credit is claimed, and such taxpayer shall not be allowed to claim a tax credit in excess of fifty thousand dollars per taxable year. However, any tax credit that cannot be claimed in the taxable year the contribution was made may be carried over to the next four succeeding taxable years until the full credit has been claimed.

4. Except for any excess credit which is carried over pursuant to subsection 3 of this section, a taxpayer shall not be allowed to claim a tax credit unless the total amount of such taxpayer's contribution or contributions to a maternity home or homes in such taxpayer's taxable year has a value of at least one hundred dollars.

The director of the department of social services may establish more than one period of time and reapportion more than once during each fiscal year. To the maximum extent possible, the director of the department of social services shall establish the procedure described in this subsection in such a manner as to ensure that taxpayers can claim all the tax credits possible up to the cumulative amount of tax credits available for the fiscal year.

8. This section shall become effective January 1, 2000, and shall apply to all tax years after December 31, 1999.

9. Notwithstanding any other law to the contrary, any tax credits granted under this section may be assigned, transferred, sold, or otherwise conveyed without consent or approval."; and

In addition, each donor may name a cotrustee, including the donor, and a successor or successors to the cotrustee, to act with the trustees of the trust on behalf of the designated life beneficiary; provided, however, a life beneficiary shall not be eligible to be a cotrustee or a successor cotrustee[; provided, however, that] . Any net income which is not used shall be added to principal annually. In the event that the trust and the cotrustee shall be unable to agree either on the amount of income or principal or income and principal to be used or the benefits to be provided, then either the trust or the cotrustee shall have the right to request that the matter be resolved by arbitration which shall be conducted in accordance with the Commercial Arbitration Rules of the American Arbitration Association. (4) Any donor, during his or her lifetime, except for a trust created pursuant to section 473.657, RSMo, or section 475.093, RSMo, may revoke any gift made to the trust; provided, however, any donor may, at any time, voluntarily waive the right to revoke. In the event that at the time the donor shall have revoked his or her gift to the trust the life beneficiary shall not have received any benefits provided by use of trust income or principal, then an amount equal to one hundred percent of the principal balance shall be returned to the donor. Any undistributed net income shall be distributed to the charitable trust. In the event that at the time the donor shall have revoked his or her gift to the trust the life beneficiary shall have received any benefits provided by the use of trust income or principal, then an amount equal to ninety percent of the principal balance shall be returned to the donor. The balance of the principal balance together with all undistributed net income shall be distributed to the charitable trust;

(5) Any acting cotrustee, except a cotrustee of a trust created pursuant to section 473.657, RSMo, or section 475.093, RSMo, other than the original donor of a life beneficiary's account, shall have the right, for good and sufficient reason upon written notice to the trust and the department stating such reason, to withdraw all or a portion of the principal balance. In such event, the applicable portion, as set forth in subdivision (7) of this subsection, of the principal balance shall then be distributed to the successor trust and the balance of the principal balance together with any undistributed net income shall be distributed to the charitable trust;

(6) In the event that a life beneficiary for whose benefit a contribution or contributions shall have been made to the family trust shall cease to [be eligible for services provided by the department of mental health] **have a disability as defined in section 402.200** and neither the donor nor the then acting cotrustee, except a cotrustee of a trust created pursuant to section 473.657, RSMo, or section 475.093, RSMo, shall revoke or withdraw the applicable portion, as set forth in subdivision (7) of this subsection, of the principal balance, then the board of trustees may, by written notice to such donor or acting cotrustee, terminate the trust as to such beneficiary and thereupon shall distribute the applicable portion, as set forth in subdivision (7) of this subsection, of the principal balance, to the trustee of the successor trust to be held, administered and distributed by such trustee in accordance with the provisions of the successor trust described in subdivision (12) of this subsection;

(7) If at the time of withdrawal or termination as provided in subdivision (6) of this subsection of a life beneficiary's account from the trust either the life beneficiary shall not have received any benefits provided by the use of the trust income or principal or the life beneficiary shall have received benefits provided by the use of trust income or principal for a period of not more than five years from the date a contribution shall have first been made to the trust for such life beneficiary, then an amount equal to ninety percent of the principal balance shall be distributed to the successor trust, and the balance of the principal balance together with all undistributed net income shall be distributed to the charitable trust; provided, however, if the life beneficiary at the time of such withdrawal by the cotrustee or termination as provided above shall have received any benefits provided by the use of trust income or principal for a period of more than five years from the date a contribution shall have first been made to the trust for such life beneficiary, then an amount equal to seventy-five percent of the principal balance shall be distributed to the successor trust, and the balance of the principal balance together with all undistributed net income shall be distributed to the charitable trust;

(8) Subject to the provisions of subdivision (9) of this subsection, if the life beneficiary dies before receiving any benefits provided by the use of trust income or principal, then an amount equal to one hundred percent of the principal balance shall be distributed to such person or persons as the donor shall have designated. Any undistributed net income shall be distributed to the charitable trust. If at the time of death of the life beneficiary, the life beneficiary shall have been receiving benefits provided by the use of trust income or principal or income and principal, then, in such event, an amount equal to seventy-five percent of the principal balance shall be distributed to such person or persons as the donor designated, and the balance of the principal balance, together with all undistributed net income, shall be distributed to the charitable trust;

(9) In the event the trust is created as a result of a distribution from a personal representative of an estate of which the life beneficiary is a distributee, then if the life beneficiary dies before receiving any benefits provided by the use of trust income or principal, an amount equal to one hundred percent of the principal balance shall be distributed to such person or persons who are the life beneficiary's heirs at law. Any undistributed income shall be distributed to the charitable trust. If at the time of death of the life beneficiary the life beneficiary shall have been receiving benefits provided by the use of trust income or principal or income and principal, then, an amount equal to seventy-five percent of the principal balance shall be distributed to such person or persons who are the life beneficiary's heirs at law. The balance of the principal balance together with all undistributed income shall be distributed to the charitable trust. If there are no heirs at the time of either such distribution, the then-principal balance together with all undistributed income shall be distributed to the charitable trust;

(10) In the event the trust is created [as a result of the recovery of damages by reason of a personal injury to the life beneficiary, then if the life beneficiary dies before receiving any benefits provided by the use of trust income or principal, the state of Missouri shall receive all amounts remaining in the life beneficiary's account up to an amount equal to the total medical assistance paid on behalf of such life beneficiary under a state plan under Title 42 of the United States Code, and then to the extent there is any amount remaining in the life beneficiary's account, an amount equal to one hundred percent of the principal balance shall be distributed to such person or persons who are the life beneficiary's heirs at law. If there are no heirs, the balance, if any, of the principal balance together with all undistributed income shall be distributed to the charitable trust. If at the time of death of the life beneficiary the life beneficiary should have been receiving benefits provided by the use of trust income or principal or income and principal then the state of Missouri shall receive all amounts remaining in the life beneficiary's account up to an amount equal to the total medical assistance paid on behalf of such life beneficiary under a state plan under Title 42 of the United States Code, and then to the extent there is any amount remaining in the life beneficiary's account, an amount equal to seventy-five percent of the principal balance shall be distributed to such person or persons who are the life beneficiary's heirs at law and the balance of the principal balance together with all undistributed income shall be distributed to the charitable trust. If there are no heirs, the balance of the principal balance, together with all undistributed income, shall be distributed to the charitable trust;

(11) In the event an account is established] **with the proceeds from the recovery of damages by reason of a personal injury to the life beneficiary or** with the assets of the beneficiary by the beneficiary, a family member, the beneficiary's guardian, or pursuant to a court order, all in accordance with Title 42 of the United States Code Section **1396p(d)(4)(A) or Section 1396p(d)(4)(C)**, then upon the death of the life beneficiary the state of [Missouri] **residence of the beneficiary** shall receive all amounts remaining in the life beneficiary's account up to an amount equal to the total medical assistance paid on behalf of such life beneficiary under a state plan under Title 42 of the United States Code[, and then] ("**State Plan**") **; except that twenty-five percent of the principal balance shall first be distributed to the charitable trust.** To the extent there is any amount remaining in the life beneficiary's account, [an amount equal to seventy-five percent of] the principal balance shall be distributed to such person or persons who are the life beneficiary's heirs at law [and the balance of the principal balance together with all undistributed income shall be distributed to the charitable trust]. If there are no heirs, the balance of the principal balance together with all undistributed income shall be distributed to the charitable trust. **In the event that two or more states are entitled to receive reimbursement for medical assistance paid on behalf of a beneficiary and the total of such medical assistance is in excess of the balance in the beneficiary account, then each such state shall be paid an amount equal to that portion of the beneficiary's account as is equal to the portion of the total medical assistance paid by each such state;**

[(12)] (11) Notwithstanding the provisions of subdivisions (4) to (8) of this subsection to the contrary, the donor may voluntarily agree to a smaller percentage of the principal balance in any account established by such donor than is provided in this subsection to be returned to the donor or distributed to the successor trust, as the case may be; and a corresponding larger percentage of the principal balance in such account to be distributed either to the charitable trust or to a designated restricted account within the charitable trust;

[(13)] **(12)** Upon receipt of a notice of withdrawal from a designated cotrustee, other than the original donor, and a determination by the board of trustees that the reason for such withdrawal is good and sufficient, or upon the issuance of notice of termination by the board of trustees, the board of trustees shall distribute and pay over to the designated trustee of the successor trust the applicable portion of the principal balance as set forth in subdivision (7) of this subsection; provided, however, that court approval of distribution to a successor trustee shall be required in connection with any trust created pursuant to section 473.657, RSMo, or section 475.093, RSMo.

The designated trustee of the successor trust shall hold, administer and distribute the principal and income of the successor trust, in the discretion of such trustee, for the maintenance, support, health, education and general well-being of the beneficiary, recognizing that it is the purpose of the successor trust to supplement, not replace, any government benefits for the beneficiary's basic support to which such beneficiary may be entitled and to increase the quality of such beneficiary's life by providing the beneficiary with those amenities which cannot otherwise be provided by public assistance or entitlements or other available sources. Permissible expenditures include, but are not limited to, more sophisticated dental, medical and diagnostic work or treatment than is otherwise available from public assistance, private rehabilitative training, supplementary education aid, entertainment, periodic vacations and outings, expenditures to foster the interests, talents and hobbies of the beneficiary, and expenditures to purchase personal property and services which will make life more comfortable and enjoyable for the beneficiary but which will not defeat his or her eligibility for public assistance. Expenditures may include payment of the funeral and burial costs of the beneficiary. The designated trustee, in his or her discretion, may make payments from time to time for a person to accompany the beneficiary on vacations and outings and for the transportation of the beneficiary or of friends and relatives of the beneficiary to visit the beneficiary. Any undistributed income shall be added to the principal from time to time. Expenditures shall not be made for the primary support or maintenance of the beneficiary, including basic food, shelter and clothing, if, as a result, the beneficiary would no longer be eligible to receive public benefits or assistance to which the beneficiary is then entitled. After the death and burial of the beneficiary, the remaining balance of the successor trust shall be distributed to such person or persons as the donor shall have designated;

[(14)] **(13)** The charitable trust shall be administered as part of the family trust, but as a separate account. The income attributable to the charitable trust shall be used to provide benefits for individuals who have a disability [or who are eligible for services provided by or through the department and who either have no immediate family or whose immediate family, in the reasonable opinion of the trustees, is financially unable to make a contribution to the trust sufficient to provide benefits for such individuals, while maintaining such individuals' eligibility for government entitlement funding] **and who have no income or very limited income other than benefits.** The trustees may from time to time determine to use part of the principal of the charitable trust to provide such benefits. [As used in this section, the term "immediate family" includes parents, children and siblings. The individuals to be beneficiaries of the charitable trust shall be recommended to the trustees by the department and others from time to time.] The trustees shall annually determine the amount of charitable trust income or principal to be used to provide benefits and the nature and type of benefits to be provided for each identified beneficiary of the charitable trust. Any income not used shall be added to principal annually;

[(15)] **(14)** Any person, with the consent of the board of trustees, may establish a restricted account within the charitable trust and shall be permitted to determine, with the consent of the board of trustees, the beneficiaries of such restricted account provided such beneficiaries qualify as participants of the trust as set forth in subsection 1 of section 402.205.

402.217. 1. No beneficiary shall have any vested or property rights or interests in [the family] **any trust established for the benefit of such beneficiary**, nor shall any beneficiary have the power to anticipate, assign, convey, alienate, or otherwise encumber any interest in the income or principal of the [family] trust, nor shall such income or the principal or any interest of any beneficiary thereunder be liable for any debt incurred by such beneficiary, nor shall the principal or income of the [family] trust be subject to seizure by any creditor or any beneficiary under any writ or proceeding in law or in equity.

2. Except for the right of a donor to revoke any gift made to the trust, pursuant to subdivision (4) of subsection 2 of section 402.215, and the right of any acting cotrustee, other than the original donor, to withdraw all or a portion of the principal balance, pursuant to subdivision (5) of subsection 2 of section 402.215, neither the donor nor any acting cotrustee shall have the right to sell, assign, convey, alienate or otherwise encumber, for consideration or otherwise, any interest in the income or principal of the family trust, nor shall such income or the principal or any interest of any beneficiary thereunder be liable for any debt incurred by the donor or any acting cotrustee, nor shall the principal or

income of the family trust be subject to seizure by any creditor of any donor or any acting cotrustee under any writ or proceeding in law or in equity."; and

Further amend said bill, Page 119, Section 570.055, Line 3, by inserting after all of said line the following:

"589.660. As used in sections 589.660 to 589.681, the following terms mean:

- (1) "Address", a residential street address, school address, or work address of a person, as specified on the person's application to be a program participant;
- (2) "Application assistant", an employee of a state or local agency, or of a nonprofit program that provides counseling, referral, shelter, or other specialized service to victims of domestic violence, rape, sexual assault, or stalking, who has been designated by the respective agency or program, and who has been trained and registered by the secretary of state to assist individuals in the completion of program participation applications;
- (3) "Designated address", the address assigned to a program participant by the secretary;
- (4) "Mailing address", an address that is recognized for delivery by the United States Postal Service;
- (5) "Program", the address confidentiality program established in section 589.663;
- (6) "Program participant", a person certified by the secretary of state as eligible to participate in the address confidentiality program;
- (7) "Secretary", the secretary of state.

589.663. There is created in the office of the secretary of state a program to be known as the "Address Confidentiality Program" to protect victims of domestic violence, rape, sexual assault, or stalking by authorizing the use of designated addresses for such victims and their minor children. The program shall be administered by the secretary under the following application and certification procedures:

- (1) An adult person, a parent or guardian acting on behalf of a minor, or a guardian acting on behalf of an incapacitated person may apply to the secretary to have a designated address assigned by the secretary to serve as the person's address or the address of the minor or incapacitated person;
- (2) The secretary may approve an application only if it is filed with the office of the secretary in the manner established by rule and on a form prescribed by the secretary. A completed application shall contain:
 - (a) The application preparation date, the applicant's signature, and the signature and registration number of the application assistant who assisted the applicant in applying to be a program participant;
 - (b) A designation of the secretary as agent for purposes of service of process and for receipt of first-class mail, legal documents, and certified mail;
 - (c) A sworn statement by the applicant that the applicant has good reason to believe that he or she:
 - a. Is a victim of domestic violence, rape, sexual assault, or stalking; and
 - b. Fears further violent acts from his or her assailant;
 - (d) The mailing address where the applicant may be contacted by the secretary or a designee and the telephone number or numbers where the applicant may be called by the secretary or the secretary's designee; and
 - (e) One or more addresses that the applicant requests not be disclosed for the reason that disclosure will jeopardize the applicant's safety or increase the risk of violence to the applicant or members of the applicant's household;
- (3) Upon receipt of a properly completed application, the secretary may certify the applicant as a program participant. A program participant is certified for four years following the date of initial certification unless the certification is withdrawn or cancelled before that date. The secretary shall send notification of lapsing certification and a reapplication form to a program participant at least four weeks prior to the expiration of the program participant's certification;
- (4) The secretary shall forward first-class mail, legal documents, and certified mail to the appropriate program participants.

589.666. Certification of a program participant may be cancelled by the secretary if one or more of the following conditions apply:

- (1) If the program participant obtains a name change, unless the program participant provides the secretary with documentation of a legal name change within ten business days of the name change;
- (2) If there is a change in the mailing address from the person listed on the application, unless the program participant provides the secretary with notice of the change in such manner as the secretary provides by rule; or
- (3) The applicant or program participant violates subsection 2 of section 589.663.

589.669. Upon demonstration of a program participant's certification in the program, state and local agencies and the courts shall accept the designated address as a program participant's address when creating a new public record unless the secretary has determined that:

- (1) The agency has a bona fide statutory or administrative requirement for the use of the program participant's address or mailing address, such that it is unable to fulfill its statutory duties and obligations without the address; and
- (2) The program participant's address or mailing address shall be used only for those statutory and administrative purposes.

589.672. If the secretary deems it appropriate, the secretary may make a program participant's address or mailing address available for inspection or copying, under the following circumstances:

- (1) If requested of the secretary by a law enforcement agency in the manner provided for by rule; or
- (2) Upon request to the secretary by a director of a state agency or the director's designee in the manner provided for by rule and upon a showing of a bona fide statutory or administrative requirement for the use of the program participant's address or mailing address, such that the director or the director's designee is unable to fulfill statutory duties and obligations without the address or mailing address.

589.675. If the secretary deems it appropriate, the secretary shall make a program participant's address and mailing address available for inspection or copying under the following circumstances:

- (1) To a person identified in a court order, upon the secretary's receipt of such court order that specifically orders the disclosure of a particular program participant's address and mailing address and the reasons stated for the disclosure; or
- (2) If the certification has been cancelled because the applicant or program participant violated subsection 2 of section 589.663.

589.678. A program participant's application and supporting materials are not a public record and shall be kept confidential by the secretary.

589.681. The secretary shall promulgate rules to establish and administer the address confidentiality program. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in sections 589.660 to 589.681 shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

589.683. Pursuant to section 23.253, RSMo, of the Missouri Sunset Act:

- (1) Any new program authorized under sections 589.660 to 589.681 shall automatically sunset six years after the effective date of sections 589.660 to 589.681 unless reauthorized by an act of the general assembly; and
- (2) If such program is reauthorized, the program authorized under sections 589.660 to 589.681 shall automatically sunset twelve years after the effective date of the reauthorization of sections 589.660 to 589.681; and
- (3) Sections 589.660 to 589.681 shall terminate on September first of the calendar year immediately following the calendar year in which a program authorized under sections 589.660 to 589.681 is sunset.

595.030. 1. No compensation shall be paid unless the claimant has incurred an out-of-pocket loss of at least fifty dollars or has lost two continuous weeks of earnings or support from gainful employment. "Out-of-pocket loss" shall mean unreimbursed or unreimbursable expenses or indebtedness reasonably incurred:

(1) For medical care or other services, including psychiatric, psychological or counseling expenses, necessary as a result of the crime upon which the claim is based, except that the amount paid for psychiatric, psychological or counseling expenses per eligible claim shall not exceed two thousand five hundred dollars; **or**

(2) As a result of personal property being seized in an investigation by law enforcement. Compensation paid for an "out-of-pocket loss" under this subdivision shall be in an amount equal to the loss sustained, but shall not exceed two hundred fifty dollars.

2. No compensation shall be paid unless the division of workers' compensation finds that a crime was committed, that such crime directly resulted in personal physical injury to, or the death of, the victim, and that police records show that such crime was promptly reported to the proper authorities. In no case may compensation be paid if the police records show that such report was made more than forty-eight hours after the occurrence of such crime, unless the division of workers' compensation finds that the report to the police was delayed for good cause. If the victim is under eighteen years of age such report may be made by the victim's parent, guardian or custodian; by a physician, a nurse, or hospital emergency room personnel; by the division of family services personnel; or by any other member of the victim's family. **In the case of a sexual offense, filing a report of the offense to the proper authorities may include, but not be limited to, the filing of the report of the forensic examination by the appropriate medical provider, as defined in section 191.225, RSMo, with the prosecuting attorney of the county in which the alleged incident occurred.**

3. No compensation shall be paid for medical care if the service provider is not a medical provider as that term is defined in section 595.027, and the individual providing the medical care is not licensed by the state of Missouri or the state in which the medical care is provided.

4. No compensation shall be paid for psychiatric treatment or other counseling services, including psychotherapy, unless the service provider is a:

(1) Physician licensed pursuant to chapter 334, RSMo, or licensed to practice medicine in the state in which the service is provided;

(2) Psychologist licensed pursuant to chapter 337, RSMo, or licensed to practice psychology in the state in which the service is provided;

(3) Clinical social worker licensed pursuant to chapter 337, RSMo; or

(4) Professional counselor licensed pursuant to chapter 337, RSMo.

5. Any compensation paid pursuant to sections 595.010 to 595.075 for death or personal injury shall be in an amount not exceeding out-of-pocket loss, together with loss of earnings or support from gainful employment, not to exceed two hundred dollars per week, resulting from such injury or death. In the event of death of the victim, an award may be made for reasonable and necessary expenses actually incurred for preparation and burial not to exceed five thousand dollars.

6. Any compensation for loss of earnings or support from gainful employment shall be in an amount equal to the actual loss sustained not to exceed two hundred dollars per week; provided, however, that no award pursuant to sections 595.010 to 595.075 shall exceed twenty-five thousand dollars. If two or more persons are entitled to compensation as a result of the death of a person which is the direct result of a crime or in the case of a sexual assault, the compensation shall be apportioned by the division of workers' compensation among the claimants in proportion to their loss.

7. The method and timing of the payment of any compensation pursuant to sections 595.010 to 595.075 shall be determined by the division.

595.036. 1. **Any party aggrieved by a decision of the department on a claim under the provisions of sections 595.010 to 595.070 may, within thirty days following the date of notification of mailing of such decision, file a petition with the division of workers' compensation of the department of labor and industrial relations to have such decision heard de novo by an administrative law judge. The administrative law judge may affirm, reverse, or set aside the decision of the department of public safety on the basis of the evidence previously submitted in such case or may take additional evidence or may remand the matter to the department of public safety with directions. The division of workers' compensation shall promptly notify the parties of its decision and the reasons therefor.**

2. Any of the parties to a decision of **an administrative law judge** of the division of workers' compensation, **as provided by subsection 1 of this section**, on a claim heard under the provisions of sections 595.010 to 595.070 may, within thirty days following the date of notification or mailing of such decision, file a petition with the labor and industrial relations commission to have such decision reviewed by the commission. The commission may allow or deny a petition for review. If a petition is allowed, the commission may affirm, reverse, or set aside the decision of the division of workers' compensation on the basis of the evidence previously submitted in such case or may take additional evidence or may remand the matter to the division of workers' compensation with directions. The commission shall promptly notify the parties of its decision and the reasons therefor.

[2.] 3. Any petition for review filed pursuant to subsection 1 of this section shall be deemed to be filed as of the date endorsed by the United States Postal Service on the envelope or container in which such petition is received.

[3.] 4. Any party who is aggrieved by a final decision of the labor and industrial relations commission pursuant to the provisions of subsections [1 and] 2 **and 3** of this section [may seek judicial review thereof, as provided in sections 536.100 to 536.140, RSMo] **shall within thirty days from the date of the final decision, appeal the decision to the court of appeals. Such appeal may be taken by filing notice of appeal with commission, whereupon the commission shall, under its certificate, return to the court all documents and papers on file in the matter, together with a transcript of the evidence, the findings and award, which shall thereupon become the record of the cause. Upon appeal no additional evidence shall be heard and, in the absence of fraud, the findings of fact made by the commission within its powers shall be conclusive and binding. The court, on appeal, shall review only questions of law and may modify, reverse, remand for rehearing, or set aside the award upon any of the following grounds and no other:**

- (1) **That the commission acted without or in excess of its powers;**
- (2) **That the award was procured by fraud;**
- (3) **That the facts found by the commission do not support the award;**
- (4) **That there was not sufficient competent evidence in the record to warrant the making of the award.**

595.209. 1. JOURNAL OF THE HOUSE

First Regular Session, 94th GENERAL ASSEMBLY

SEVENTY-SEVENTH DAY, THURSDAY, MAY 17, 2007

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Msgr. Donald W. Lammers.

Almighty God, in these last days of the 2007 Session of this body, we ask that Your grace sustain us in the zeal with which we began in January. Help us to give to each topic still on our agenda the attention it deserves. Hold us in the virtue of great integrity, so that our judgments and decisions this week flow from the best of our wisdom and study.

May the work we are accomplishing this Session be like the spring planting, destined to bear fruit aplenty, meeting the needs of the people.

We pray for those who have suffered from the flood waters; we give thanks that not many were harmed and that the waters are returning to their banks. We praise You for these signs of Your care for us.

We pray to You Almighty God, living and reigning forever and ever. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Peyton Elizabeth Bowman, Lisa Mitchell, Mark Mitchell, Molly Mitchell, Lilly Mitchell and Dalton Tate.

The Journal of the seventy-sixth day was approved as printed.

SPECIAL RECOGNITION

Jerry Oligschlaeger, Doorman for the Missouri House of Representatives, was introduced by Representative Villa and recognized for twenty-two years of service with the House.

For purposes of this section, "access to affordable employer-sponsored health care insurance or other affordable health care coverage" refers to health insurance requiring a monthly premium less than or equal to one hundred thirty-three percent of the monthly average premium required in the state's current Missouri consolidated health care plan.

Payments made by the department under the provisions of this section shall be made only after all other available sources of payment have been exhausted.

3. (1) In order to be eligible for financial assistance for consumer-directed personal care assistance services under this section, a person shall demonstrate financial need, which shall be based on the adjusted gross income and the assets of the person seeking financial assistance and such person's spouse.

(2) In order to demonstrate financial need, a person seeking financial assistance under this section and such person's spouse must have an adjusted gross income, less disability-related medical expenses, as approved by the department, that is equal to or less than three hundred percent of the federal poverty level. The adjusted gross income shall be based on the most recent income tax return.

(3) No person seeking financial assistance for personal care services under this section and such person's spouse shall have assets in excess of two hundred fifty thousand dollars.

4. The department shall require applicants and the applicant's spouse, and consumers and the consumer's spouse, to provide documentation for income, assets, and disability-related medical expenses for the purpose of determining financial need and eligibility for the program. In addition to the most recent income tax return, such documentation may include, but shall not be limited to:

- (2) A current W-2 form for the applicant or consumer and the applicant's or consumer's spouse;

5. A personal care assistance services plan shall be developed by the department pursuant to section 208.906 for each person who is determined to be eligible and in financial need under the provisions of this section. The plan developed by the department shall include the maximum amount of financial assistance allowed by the department, subject to appropriation, for such services.

6. Each consumer who participates in the program is responsible for a monthly premium equal to the average premium required for the Missouri consolidated health care plan; provided that the total premium described in this section shall not exceed five percent of the consumer's and the consumer's spouse's adjusted gross income for the year involved.

7. (1) Nonpayment of the premium required in subsection 6 shall result in the denial or termination of assistance, unless the person demonstrates good cause for such nonpayment.

(2) No person denied services for nonpayment of a premium shall receive services unless such person shows good cause for nonpayment and makes payments for past-due premiums as well as current premiums.

(3) Any person who is denied services for nonpayment of a premium and who does not make any payments for past-due premiums for sixty consecutive days shall have their enrollment in the program terminated.

(4) No person whose enrollment in the program is terminated for nonpayment of a premium when such nonpayment exceeds sixty consecutive days shall be reenrolled unless such person pays any past-due premiums as well as current premiums prior to being reenrolled. Nonpayment shall include payment with a returned, refused, or dishonored instrument.

8. (1) Consumers determined eligible for personal care assistance services under the provisions of this section shall be reevaluated annually to verify their continued eligibility and financial need. The amount of financial assistance for consumer-directed personal care assistance services received by the consumer shall be adjusted or eliminated based on the outcome of the reevaluation. Any adjustments made shall be recorded in the consumer's personal care assistance services plan.

(2) In performing the annual reevaluation of financial need, the department shall annually send a reverification eligibility form letter to the consumer requiring the consumer to respond within ten days of receiving the letter and to provide income and disability-related medical expense verification documentation. If the department does not receive the consumer's response and documentation within the ten-day period, the department shall send a letter notifying the consumer that he or she has ten days to file an appeal or the case will be closed.

(3) The department shall require the consumer and the consumer's spouse to provide documentation for income and disability-related medical expense verification for purposes of the eligibility review. Such documentation may include but shall not be limited to the documentation listed in subsection 4 of this section.

9. (1) Applicants for personal care assistance services and consumers receiving such services pursuant to this section are entitled to a hearing with the department of social services if eligibility for personal care assistance services

is denied, if the type or amount of services is set at a level less than the consumer believes is necessary, if disputes arise after preparation of the personal care assistance plan concerning the provision of such services, or if services are discontinued as provided in section 208.924. Services provided under the provisions of this section shall continue during the appeal process.

(2) A request for such hearing shall be made to the department of social services in writing in the form prescribed by the department of social services within ninety days after the mailing or delivery of the written decision of the department of health and senior services. The procedures for such requests and for the hearings shall be as set forth in section 208.080.

10. Unless otherwise provided in this section, all other provisions of sections 208.900 through 208.927 shall apply to individuals who are eligible for financial assistance for personal care assistance services under this section.

11. The department may promulgate rules and regulations, including emergency rules, to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. Any provisions of the existing rules regarding the personal care assistance program promulgated by the department of elementary and secondary education in title 5, code of state regulations, division 90, chapter 7, which are inconsistent with the provisions of this section are void and of no force and effect.

12. The provisions of this section shall expire on June 30, [2008] **2010.**"; and

This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after January 1, 2005, shall be invalid and void."; and

Senate Amendment No. 2

AMEND Senate Substitute for Senate Committee Substitute for House Bill No. 596, Page 54, Section 301.040, Line 14, by inserting after all of said line, the following:

"301.130. 1. The director of revenue, upon receipt of a proper application for registration, required fees and any other information which may be required by law, shall issue to the applicant a certificate of registration in such manner and form as the director of revenue may prescribe and a set of license plates, or other evidence of registration, as provided by this section. Each set of license plates shall bear the name or abbreviated name of this state, the words "SHOW-ME STATE", the month and year in which the registration shall expire, and an arrangement of numbers or letters, or both, as shall be assigned from year to year by the director of revenue. The plates shall also contain fully reflective material with a common color scheme and design for each type of license plate issued pursuant to this chapter. The plates shall be clearly visible at night, and shall be aesthetically attractive. Special plates for qualified disabled veterans will have the "DISABLED VETERAN" wording on the license plates in preference to the words "SHOW-ME STATE" and special plates for members of the national guard will have the "NATIONAL GUARD" wording in preference to the words "SHOW-ME STATE".

2. The arrangement of letters and numbers of license plates shall be uniform throughout each classification of registration. The director may provide for the arrangement of the numbers in groups or otherwise, and for other distinguishing marks on the plates.

3. All property-carrying commercial motor vehicles to be registered at a gross weight in excess of twelve thousand pounds, all passenger-carrying commercial motor vehicles, local transit buses, school buses, trailers, semitrailers, motorcycles, motortricycles, motorscooters and driveaway vehicles shall be registered with the director of revenue as provided for in subsection 3 of section 301.030, or with the state highways and transportation commission as otherwise provided in this chapter, but only one license plate shall be issued for each such vehicle except as provided in this subsection. The applicant for registration of any property-carrying commercial motor vehicle may request and be issued two license plates for such vehicle, and if such plates are issued the director of revenue may assess and collect an additional charge from the applicant in an amount not to exceed the fee prescribed for personalized license plates in subsection 1 of section 301.144.

4. The plates issued to manufacturers and dealers shall bear the letter "D" preceding the number, and the director may place upon the plates other letters or marks to distinguish commercial motor vehicles and trailers and other types of motor vehicles.

5. No motor vehicle or trailer shall be operated on any highway of this state unless it shall have displayed thereon the license plate or set of license plates issued by the director of revenue or the state highways and transportation commission and authorized by section 301.140. Each such plate shall be securely fastened to the motor vehicle in a manner so that all parts thereof shall be plainly visible and reasonably clean so that the reflective qualities thereof are not impaired. **Each such plate may be encased in a transparent cover so long as the plate is plainly visible and its reflective qualities are not impaired.** License plates shall be fastened to all motor vehicles except trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds on the front and rear of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up. The license plates on trailers, motorcycles, motortricycles and motorscooters shall be displayed on the rear of such vehicles, with the letters and numbers thereon right side up. The license plate on buses, other than school buses, and on trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds shall be displayed on the front of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up or if two plates are issued for the vehicle pursuant to subsection 3 of this section, displayed in the same manner on the front and rear of such vehicles. The license plate or plates authorized by section 301.140, when properly attached, shall be prima facie evidence that the required fees have been paid.

6. (1) The director of revenue shall issue annually or biennially a tab or set of tabs as provided by law as evidence of the annual payment of registration fees and the current registration of a vehicle in lieu of the set of plates. Beginning January 1, 2010, the director may prescribe any additional information recorded on the tab or tabs to ensure that the tab or tabs positively correlate with the license plate or plates issued by the department of revenue for such vehicle. Such tabs shall be produced in each license bureau office.

(2) The vehicle owner to whom a tab or set of tabs is issued shall affix and display such tab or tabs in the designated area of the license plate, no more than one per plate.

(3) A tab or set of tabs issued by the director of revenue when attached to a vehicle in the prescribed manner shall be prima facie evidence that the registration fee for such vehicle has been paid.

(4) Except as otherwise provided in this section, the director of revenue shall issue plates for a period of at least six years.

(5) For those commercial motor vehicles and trailers registered pursuant to section 301.041, the plate issued by the highways and transportation commission shall be a permanent nonexpiring license plate for which no tabs shall be issued. Nothing in this section shall relieve the owner of any vehicle permanently registered pursuant to this section from the obligation to pay the annual registration fee due for the vehicle. The permanent nonexpiring license plate shall be returned to the highways and transportation commission upon the sale or disposal of the vehicle by the owner to whom the permanent nonexpiring license plate is issued, or the plate may be transferred to a replacement commercial motor vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement commercial motor vehicle. Upon payment of the annual registration fee, the highways and transportation commission shall issue a certificate of registration or other suitable evidence of payment of the annual fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued.

(6) Upon the sale or disposal of any vehicle permanently registered under this section, or upon the termination of a lease of any such vehicle, the permanent nonexpiring plate issued for such vehicle shall be returned to the highways and transportation commission and shall not be valid for operation of such vehicle, or the plate may be transferred to a replacement vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement vehicle. If a vehicle which is permanently registered under this section is sold, wrecked or otherwise disposed of, or the lease terminated, the registrant shall be given credit for any unused portion of the annual registration fee when the vehicle is replaced by the purchase or lease of another vehicle during the registration year.

7. The director of revenue and the highways and transportation commission may prescribe rules and regulations for the effective administration of this section. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024, RSMo.

8. Notwithstanding the provisions of any other law to the contrary, owners of motor vehicles other than apportioned motor vehicles or commercial motor vehicles licensed in excess of eighteen thousand pounds gross weight may apply for special personalized license plates. Vehicles licensed for eighteen thousand pounds that display special personalized license plates shall be subject to the provisions of subsections 1 and 2 of section 301.030.

9. Commencing January 1, 2009, the director of revenue shall cause to be reissued new license plates of such design as directed by the director consistent with the terms, conditions, and provisions of this section and this chapter. Except as otherwise provided in this section, in addition to all other fees required by law, applicants for registration of vehicles with license plates that expire between January 1, 2009, and December 31, 2011, applicants for registration of trailers or semitrailers with license plates that expire between January 1, 2009, and December 31, 2011, and applicants for registration of vehicles that are to be issued new license plates shall pay an additional fee, based on the actual cost of the reissuance, to cover the cost of the newly reissued plates required by this subsection. The additional fee prescribed in this subsection shall not be charged to persons receiving special license plates issued under section 301.073 or 301.443. Historic motor vehicle license plates registered pursuant to section 301.131 and specialized license plates are exempt from the provisions of this subsection."; and

Further amend the title and enacting clause accordingly.

THIRD READING OF SENATE BILLS

HCS SB 315, with House Amendment No. 1, pending, relating to liability for agricultural damage, was again taken up by Representative Munzlinger.

House Amendment No. 1 was withdrawn.

Representative Schad offered **House Amendment No. 2**.

House Amendment No. 2

AMEND House Committee Substitute for Senate Bill No. 315, Page 3, Section 260.546, Line 51, by inserting after all of said line the following:

"537.340. **1.** If any person shall cut down, injure or destroy or carry away any tree placed or growing for use, shade or ornament, or any timber, rails or wood standing, being or growing on the land of any other person, including any governmental entity, or shall dig up, quarry or carry away any stones, ore or mineral, gravel, clay or mold, or any ice or other substance or material being a part of the realty, or any roots, fruits or plants, or cut down or carry away grass, grain, corn, flax or hemp in which such person has no interest or right, standing, lying or being on land not such person's own, or shall knowingly break the glass or any part of it in any building not such person's own, the person so offending shall pay to the party injured treble the value of the things so injured, broken, destroyed or carried away, with costs. Any person filing a claim for damages pursuant to this section need not prove negligence or intent.

2. Notwithstanding the provisions of subsection 1 of this section, the following rules shall apply to the trimming, removing, and controlling of trees and other vegetation by any electric supplier:

(1) Every electric supplier that operates electric transmission or distribution lines shall have the authority to maintain the same by trimming, removing, and controlling trees and other vegetation posing a hazard to the continued safe and reliable operation thereof;

(2) An electric supplier may exercise its authority under subdivision (1) of this subsection if the trees and other vegetation are within the legal description of any recorded easement or, in the absence of a recorded easement, the following:

(a) Within ten feet, plus one-half the length of any attached crossarm, of either side of the centerline of electricity lines potentially energized at or below 34.5 kilovolts measured line to line and located within the limits of any city; or

(b) Within thirty feet of either side of the centerline of electricity lines potentially energized at or below 34.5 kilovolts measured line to line and located outside the limits of any city; or

(c) Within fifty feet of either side of the centerline of electricity lines potentially energized between 34.5 and one hundred kilovolts measured line to line; or

(d) Within the greater of the following for any electricity lines potentially energized at one hundred kilovolts or more measured line to line:

a. Seventy-five feet to either side of the centerline; or

b. Any required clearance distance adopted by either the Federal Energy Regulatory Commission or an Electric Reliability Organization authorized by the Energy Policy Act of 2005, 16 U.S.C. Section 824o. Such exercise shall be considered reasonable and necessary for the proper and reliable operation of electric service and shall create a presumption that the electric supplier acted with reasonable care, operated within its rights regarding the operation and maintenance of its electricity lines, and has not committed a trespass;

(3) An electric supplier may trim, remove, and control trees and other vegetation outside the provisions in subdivision (2) of this subsection if such actions are necessary to maintain the continued safe and reliable operation of its electric lines;

(4) An electric supplier may secure from the owner or occupier of land greater authority to trim, remove, and control trees and other vegetation than the provisions set forth in subdivision (2) of this subsection and may exercise any and all rights regarding the trimming, removing, and controlling of trees and other vegetation granted in any easement held by the electric supplier;

(5) An electric utility may trim or remove any tree of sufficient height outside the provisions of subdivision (2) of this subsection when such tree, if it were to fall, would threaten the integrity and safety of any electric transmission or distribution line and would pose a hazard to the continued safe and reliable operation thereof;

(6) Prior to the removal of any tree under the provisions of subdivision (5) of this subsection, an electric utility shall notify the owner or occupier of land, if available, at least fourteen days prior to such removal unless either the electric supplier deems the removal to be immediately necessary to continue the safe and reliable operation of its electricity lines, or the electric supplier is trimming or removing trees and other vegetation following a major weather event or other emergency situation;

(7) If any tree which is partially trimmed by an electric supplier dies within three months as a result of said trimming, the owner or occupier of land upon which the tree was trimmed may request in writing that the electric supplier remove said tree at the electric supplier's expense. The electric supplier shall respond to such request within ninety days;

(8) Nothing in this subsection shall be interpreted as requiring any electric utility to fully exercise the authorities granted in this subsection.

3. For purposes of this section, the term "electric supplier" means any rural electric cooperative that is subject to the provisions of chapter 394, RSMo, and any electrical corporation which is required by its bylaws to operate on the not-for-profit cooperative business plan, with its consumers who receive service as the stockholders of such corporation, and which holds a certificate of public convenience and necessity to serve a majority of its customer-owners in counties of the third classification as of August 28, 2003."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

AMEND House Committee Substitute for Senate Substitute No. 2 for Senate Committee Substitute for Senate Bill No. 161, Page 10, Section 162.1110, Line 25, by inserting after all of said line the following:

"163.043. 1. 3. The classroom trust fund shall consist of all moneys transferred to it under section 160.534, RSMo, all moneys otherwise appropriated or donated to it, and, notwithstanding any other provision of law to the contrary, all unclaimed lottery prize money.

4. The provisions of this section shall not apply to any option district as defined in section 163.042."; and

Further amend said bill, Page 22, Section 168.104, Line 37, by inserting after all of said line the following:

"168.106. The contract between a school district and a permanent teacher shall be known as an indefinite contract and shall continue in effect for an indefinite period, subject only to:

(1) Compulsory or optional retirement when the teacher reaches the age of retirement provided by law, or regulation established by the local board of education;

(2) Modification by a succeeding indefinite contract or contracts in the manner hereinafter provided;

(3) The death of the teacher;

(4) Resignation of the teacher with the written consent of the school board;

(5) Termination by the board of education after a hearing as hereinafter provided; [and]

(6) The revocation of the teacher's certificate; **and**

(7) A decision by the teacher to follow the teacher choice compensation package under sections 168.745 to 168.750 in a district and give up the right to an indefinite contract.

168.110. The board of education of a school district may modify an indefinite contract annually on or before the fifteenth day of May in the following particulars:

- (1) Determination of the date of beginning and length of the next school year;
- (2) Fixing the amount of annual compensation for the following school year as provided by the salary schedule adopted by the board of education applicable to all teachers. **A district that has been provisionally accredited, unaccredited, or lapsed, or any combination thereof for five consecutive years beginning with school year 2001-2002 shall be eligible for incentive pay funds from section 163.043 RSMo, through the transfer of such funds to the Missouri exceptional teachers fund created in section 168.745. Such qualifying districts may provide a salary that includes hiring incentives or salary schedule modifications, which may include but are not limited to credit for all prior years of service in another district, to attract and retain teachers with qualities, experience, or credentials that are exceptionally well suited to a district's needs and who are certified in math, science, special education, or English as a second language. In exchange for such incentives, teachers may be required to teach in the district offering the incentive for a period of up to three school years. Districts shall have the decision-making authority on whether to provide such incentives and modifications within the limits of this section.** The modifications shall be effective at the beginning of the next school year. All teachers affected by the modification shall be furnished written copies of the modifications within thirty days after their adoption by the board of education."; and

Further amend said bill, Page 22, Section 168.114, Line 15, by inserting after all of said line the following:

"168.126. 1. A board of education at a regular or special meeting may contract with and employ by a majority vote legally qualified probationary teachers for the school district. The contract shall be made by order of the board; shall specify the number of months school is to be taught and the wages per month to be paid; shall be signed by the probationary teacher and the president of the board, or a facsimile signature of the president may be affixed at his discretion; and the contract shall be attested by the secretary of the board by signature or facsimile. **A district that has been provisionally accredited, unaccredited, or lapsed, or any combination thereof for five consecutive years beginning with school year 2001-2002 shall be eligible for incentive pay funds from section 163.043, RSMo, through the transfer of such funds to the Missouri exceptional teachers fund created in section 168.745. Such qualifying districts may provide a salary that includes hiring incentives or salary schedule modifications, which may include but are not limited to credit for all prior years of service in another district, to attract and retain teachers with qualities, experience, or credentials that are exceptionally well suited to a district's needs and who are certified in math, science, special education, and English as a second language. In exchange for such incentives, teachers may be required to teach in the district offering the incentive for a period of up to three school years. Districts shall have the decision-making authority on whether to provide such incentives and modifications within the limits of this section.** The board shall not employ one of its members as a teacher; nor shall any person be employed as a teacher who is related within the fourth degree to any board member, either by consanguinity or affinity, where the vote of the board member is necessary to the selection of the person.

2. If in the opinion of the board of education any probationary teacher has been doing unsatisfactory work, the board of education, through its authorized administrative representative, shall provide the teacher with a written statement definitely setting forth his alleged incompetency and specifying the nature thereof, in order to furnish the teacher an opportunity to correct his fault and overcome his incompetency. If improvement satisfactory to the board of education has not been made within ninety days of the receipt of the notification, the board of education may terminate the employment of the probationary teacher immediately or at the end of the school year. Any motion to terminate the employment of a probationary teacher shall include only one person and must be approved by a majority of the members of the board of education. A tie vote thereon constitutes termination. On or before the fifteenth day of April in each school year, the board of education shall notify in writing a probationary teacher who will not be retained by the school district of the termination of his employment. Upon request, the notice shall contain a concise statement of the reason or reasons the employment of the probationary teacher is being terminated. If the reason for the termination is due to a decrease in pupil enrollment, school district reorganization, or the financial condition of the school district, then the district shall in all cases issue notice to the teacher expressly declaring such as the reason for such termination. Nothing contained in this section shall give rise to a cause of action not currently cognizant at law by a probationary teacher for

any reason given in said writing so long as the board issues the letter in good faith without malice, but an action for actual damages may be maintained by any person for the deprivation of a right conferred by this act.

3. Any probationary teacher who is not notified of the termination of his employment shall be deemed to have been appointed for the next school year, under the terms of the contract for the preceding year. A probationary teacher who is informed of reemployment by written notice shall be tendered a contract on or before the fifteenth day of May, and shall within fifteen days thereafter present to the employing board of education a written acceptance or rejection of the employment tendered, and failure of such teachers to present the acceptance within such time constitutes a rejection of the board's offer. A contract between a probationary teacher and a board of education may be terminated or modified at any time by the mutual consent of the parties thereto."; and

Further amend said bill, Page 25, Section 168.221, Lines 29 and 30, by deleting all of said lines and inserting in lieu thereof the following:

"public schools of the state, or physical or mental condition which incapacitates him for instructing"; and

Further amend said bill, section, and page, Line 58, by inserting immediately after the word "instruction." the following:

"A permanent teacher may choose to give up the right to an indefinite contract to follow the teacher choice compensation package under sections 168.745 to 168.750."; and

Further amend said bill and section, Page 26, Line 78, by adding after all of said line the following:

"7. A district that has been provisionally accredited, unaccredited, or lapsed, or any combination thereof for five consecutive years beginning with school year 2001-2002 shall be eligible for incentive pay funds from section 163.043, RSMo, through the transfer of such funds to the Missouri exceptional teachers fund created in section 168.745. Such qualifying districts may provide a salary that includes hiring incentives or salary schedule modifications, which may include but are not limited to credit for all prior years of service in another district, to attract and retain teachers with qualities, experience, or credentials that are exceptionally well suited to a district's needs and who are certified in math, science, special education, or English as a second language. In exchange for such incentives, teachers may be required to teach in the district for a period of up to three school years. The district shall have the decision-making authority on whether to provide such incentives and modifications within the limits of this section.

168.375. 1. Every certificated teacher who is an employee of a district that has been designated as unaccredited or provisionally accredited through its full accreditation review as part of the school improvement program review cycle shall, in the fifth year following the teacher's initial certification and every fifth year thereafter, submit documentation to the department of elementary and secondary education that the teacher has:

(1) Retaken the appropriate exit assessment under section 168.021 and achieved a score equal to or higher than the required score; or

(2) Successfully completed any course or examination determined by rule of the state board of education for this purpose.

2. A certificated teacher who has failed to achieve the required score on the chosen assessment under subsection 1 of this section may retake the assessment at the next available date. If a teacher fails a second time, or wishes to appeal after an initial failure, the teacher shall present documentation of effectiveness such as student test scores on a value-added instrument advancing, on average, by one grade level. The appeal shall be made through the administrative hearing commission under Chapter 621, RSMo.

3. Notwithstanding the provisions of sections 168.114 or 168.221, a teacher who fails to demonstrate a minimum level of competency shall not be considered a permanent employee of the school district.

168.745. 1. There is hereby created the "Teacher Choice Compensation Package" to permit performance-based salary stipends upon the decision of the teacher as described in section 168.747, to reward teachers for objectively demonstrated superior performance in any district that has been provisionally accredited,

unaccredited, or lapsed, or any combination thereof for five consecutive years beginning with school year 2001-2002.

2. The "Missouri Exceptional Teachers Fund" is hereby created as a special trust fund in the state treasury. Moneys in the fund shall consist of any grant, gift, or contribution from any and all public and private sources whatsoever that is designated for such purpose, including funds appropriated from the classroom trust fund created in section 163.043, RSMo. The state treasurer shall be custodian of the fund and may approve disbursements from the fund in accordance with sections 30.170 and 30.180, RSMo. The department of elementary and secondary education shall administer the fund and shall ensure that money in the fund is used only for the salaries of teachers subject to the provisions of sections 168.745 to 168.750, and for the purposes of incentive pay set forth in sections 168.110, 168.126, and 168.221 in districts meeting qualifications. Notwithstanding the provisions of section 33.080, RSMo, to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

168.747. 1. To be eligible for the teacher choice compensation package, any classroom personnel reported as a code forty, fifty, or sixty through the core data system of the Missouri department of elementary and secondary education shall opt out of his or her indefinite contract under section 168.106 or section 168.221 for the duration of employment with the district. A teacher may decide to end his or her eligibility for the teacher choice stipend but may not resume permanent teacher status with that district. A probationary teacher may opt out of consideration for a permanent contract in the second or subsequent years of employment by the district to participate in the teacher choice compensation package but may not return to permanent status in that district or resume the process for qualification for an indefinite contract in that district. A teacher who has chosen the teacher choice compensation package and changes employment to another district may choose to resume the process for qualification for an indefinite contract in that district or may choose to remain in the teacher choice compensation package of the new district.

2. Teachers shall qualify annually in October for the stipends described in section 168.749. Stipends shall be offered in five thousand dollar increments, up to fifteen thousand dollars, but shall not exceed fifty percent of a teacher's salary, before deductions for retirement but including designated pay for additional duties such as coaching, sponsoring, or mentoring. Any stipend received under section 168.749 shall be in addition to the salary to which the teacher would otherwise be entitled. Teachers receiving the stipend shall receive any pay and benefits received by teachers of similar training, experience, and duties. Such stipends shall not be considered compensation for retirement purposes.

3. Subject to appropriation, the department of elementary and secondary education shall make a payment to the district in the amount of the stipend, to be delivered as a lump sum in January following the October of qualification. If the amount appropriated is not enough to fund the total of five thousand dollar increment payments, the department may prorate the payments.

4. Teachers who receive the stipend shall have their achievement acknowledged at an annual districtwide ceremony. Invitations to the ceremony shall be extended to the district's superintendent, the principal of each school in which such a teacher works, the commissioner of education, the chairperson of the state board of education and all local and statewide elected officials who represent the school district, as well as other interested parties.

5. Every person employed by the district in a teaching position, regardless of the certification status of the person, who qualifies under any of the indicators listed in section 168.749 is eligible for the teacher choice compensation package. Teachers who are employed less than full-time are eligible for teacher choice stipends on a pro-rated basis. Any teacher who is dismissed for cause who has otherwise qualified for a teacher choice stipend shall forfeit the stipend for that year.

168.749. 1. Beginning with school year 2008-2009, teachers who elect to participate in the teacher choice compensation package in qualifying districts shall be eligible for stipends based on the following criteria:

(1) Score on a value-added test instrument or instruments. Such instruments shall be defined as those which give a reliable measurement of the skills and knowledge transferred to students during the time they are in a teacher's classroom and shall be selected by the school district from one or more of the following assessments:

(a) A list of recognized value-added instruments developed by the department of elementary and secondary education;

(b) Scores on the statewide assessments established under section 160.518, RSMo, may be used for this purpose, and the department of elementary and secondary education shall develop a procedure for identifying the value added by teachers that addresses the fact that not all subjects are tested at all grade levels each year under the state assessment program;

(c) Scores on annual tests required by the federal Elementary and Secondary Education Act reauthorization of 2002 for third through eighth grade may be used as value-added instruments if found appropriate after consideration and approval by the state board of education; and

(2) Evaluations by a peer review group. For purposes of this subdivision, the term "peer review group" shall include the principal of the school where the teacher is employed, one or more teachers employed in the school where the teacher is employed, one or more parents of students attending the school where the teacher is employed, and, for grades six to twelve, one or more students of the teacher. The principal shall appoint such teacher, parent and student members of the peer review group.

Model instruments for these evaluations shall be developed or identified by the department of elementary and secondary education. Districts may use such models or may develop their own instruments, subject to the provisions of subsection 2 of this section. A district that develops its own instrument shall not use that instrument as its sole method of evaluation.

2. The department of elementary and secondary education shall develop criteria for determining eligibility for stipend increments, including a range of target scores on assessments for use by the districts. The test-score options listed in subdivision (1) of subsection 1 of this section shall be given higher weight than the evaluation options listed in subdivision (2) of subsection 1 of this section. The decision of individual districts about the qualifications for each increment based on the evaluations listed in subdivision (2) of subsection 1 of this section and for value-added instruments for which target scores have not been developed by the department of elementary and secondary education may address the district's unique characteristics but shall require demonstrably superior performance on the part of the teacher, based primarily on improved student achievement while taking into account classroom demographics including but not limited to students' abilities, special needs, and class size. Districts shall submit any instruments they have developed on their own to the department for approval.

168.750. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in sections 168.745 to 168.749 shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

House Amendment No. 5

AMEND House Committee Substitute for Senate Substitute No. 2 for Senate Committee Substitute for Senate Bill No. 161, Page 6, Section 161.720, Line 22, by inserting after all of said line the following:

"162.961. 1. A parent, guardian or the responsible educational agency may request a due process hearing by the state board of education with respect to any matter relating to identification, evaluation, educational placement, or the provision of a free appropriate public education of the child. Such request shall include the child's name, address, school, issue, and suggested resolution of dispute if known. Except as provided in subsection 4 of this section, the board or its delegated representative shall within fifteen days after receiving notice empower a hearing panel of three persons who are not directly connected with the original decision and who are not employees of the board to which the appeal has been made. All of the panel members shall have some knowledge or training involving children with disabilities, none shall have a personal or professional interest which would conflict with his or her objectivity in the hearing, and all shall meet the department of elementary and secondary education's training and assessment requirements pursuant to state regulations and federal law and regulation requirements of the Individuals With Disabilities Education Act. One person shall be chosen by the local school district board or its delegated representative or the responsible educational agency, and one person shall be chosen at the recommendation of the parent or guardian. If either party has not chosen a panel member ten days after the receipt by the department of elementary and secondary education of the request for

a due process hearing, such panel member shall be chosen instead by the department of elementary and secondary education. Each of these two panel members shall be compensated pursuant to a rate set by the department of elementary and secondary education. The third person shall be appointed by the state board of education and shall serve as the chairperson of the panel. The chairperson shall be an attorney licensed to practice law in this state. During the pendency of any three-member panel hearing, or prior to the empowerment of the panel, the parties may, by mutual agreement, submit their dispute to a mediator pursuant to section 162.959.

2. The parent or guardian, school official, and other persons affected by the action in question shall present to the hearing panel all pertinent evidence relative to the matter under appeal. All rights and privileges as described in section 162.963 shall be permitted.

3. After review of all evidence presented and a proper deliberation, the hearing panel, within the time lines required by the Individuals With Disabilities Education Act, 20 U.S.C. Section 1415 and any amendments thereto, shall by majority vote determine its findings, conclusions, and decision in the matter in question and forward the written decision to the parents or guardian of the child and to the president of the appropriate local board of education or responsible educational agency and to the department of elementary and secondary education. A specific extension of the time line may be made by the chairman at the request of either party, except in the case of an expedited hearing as provided in subsection 4 of this section.

4. An expedited due process hearing by the state board of education may be requested by a parent to challenge a disciplinary change of placement or to challenge a manifestation determination in connection with a disciplinary change of placement or by a responsible educational agency to seek a forty-five school day alternative educational placement for a dangerous or violent student. The board or its delegated representative shall appoint a hearing officer to hear the case and render a decision within the time line required by federal law and state regulations implementing federal law. The hearing officer shall be an attorney licensed to practice law in this state. The hearing officer shall have some knowledge or training involving children with disabilities, shall not have a personal or professional interest which would conflict with his or her objectivity in the hearing, and shall meet the department of elementary and secondary education's training and assessment requirements pursuant to state regulations and federal law and regulation requirements of the Individuals With Disabilities Education Act. 5. If the responsible public agency requests a due process hearing to seek a forty-five school day alternative educational placement for a dangerous or violent student, the agency shall show by substantial evidence that there is a substantial likelihood the student will injure himself or others and that the agency made reasonable efforts to minimize that risk, and shall show that the forty-five school day alternative educational placement will provide a free appropriate public education which includes services and modifications to address the behavior so that it does not reoccur, and continue to allow progress in the general education curriculum.

6. Any due process hearing request and responses to the request shall conform to the requirements of the Individuals With Disabilities Education Act (IDEA). Determination of the sufficiency shall be made by the chairperson of the three-member hearing panel, or in the case of an expedited due process hearing, by the hearing officer. The chairperson or hearing officer shall implement the process and procedures, including time lines, required by the IDEA, related to sufficiency of notice, response to notice, determination of sufficiency dispute, and amendments of the notice.

7. A preliminary meeting, known as a resolution session, shall be convened by the responsible public agency, under the requirements of the IDEA. The process and procedures required by the IDEA in connection to the resolution session and any resulting written settlement agreement shall be implemented. **The responsible public agency or its designee shall sign the agreement. The designee identified by the responsible public agency shall have the authority to bind the agency. A local board of education, as a responsible public agency, shall identify a designee with authority to bind the school district.**

162.963. 1. At any hearing held pursuant to the provisions of section 162.961, except as otherwise provided in this section, either party or a representative shall be entitled to:

- (1) Be accompanied and advised by counsel and by individuals with special knowledge or training with respect to the problems of children with disabilities;
- (2) Present evidence and confront, cross-examine, and compel the attendance of witnesses;
- (3) Prohibit the introduction of any evidence, including all evaluations and recommendations based on the offering party's evaluation, at the hearing that has not been disclosed to that party at least five business days before the hearing[, except this shall not be applicable in the case of an expedited hearing where no discovery shall take place];
- (4) Obtain a written or, at the option of the parents, electronic verbatim record of the hearing; and

(5) Obtain written or, at the option of the parents, electronic findings of fact and decision.

2. Parents involved in hearings have the right to have the child who is the subject of the hearing present and the right to open the hearing to the public.

3. Prior to the resolution conference or hearing, the parent or guardian or a representative of the parent or guardian shall have access to any reports, records, clinical evaluations or other materials upon which the action to be reviewed was wholly or partially based which could reasonably have a bearing on the correctness of the determination.

4. A complete record shall be made of all proceedings unless otherwise specified by statute, which records shall include verbatim transcription of all testimony and shall include all documents, writings, or other evidence presented by any party. Costs incurred during these proceedings, except those of the parties for purchasing diagnostic services or legal counsel or other services of a personal nature, shall be the responsibility of the state board of education."; and

THIRD READING OF SENATE BILL

HCS SCS SBs 45 & 39, relating to transportation, was taken up by Representative Stevenson.

Representative St. Onge offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill Nos. 45 & 39, Page 1, Section A, Line 4, by inserting after all of said line the following:

"144.062. 1. With respect to exempt sales at retail of tangible personal property and materials for the purpose of constructing, repairing or remodeling facilities for:

(1) A county, other political subdivision or instrumentality thereof exempt from taxation under subdivision (10) of section 39 of article III of the Constitution of Missouri; or

(2) An organization sales to which are exempt from taxation under the provisions of subdivision (19) of subsection 2 of section 144.030; or

(3) Any institution of higher education supported by public funds or any private not-for-profit institution of higher education, exempt from taxation under subdivision (20) of subsection 2 of section 144.030; or

(4) Any private not-for-profit elementary or secondary school exempt from taxation under subdivision (22) of subsection 2 of section 144.030; or

(5) After June 30, 2008, the department of transportation or the state highways and transportation commission, hereinafter collectively referred to as exempt entities, such exemptions shall be allowed for such purchases if the purchases are related to the entities' exempt functions and activities. In addition, the sales shall not be rendered nonexempt nor shall any material supplier or contractor be obligated to pay, collect or remit sales tax with respect to such purchases made by or on behalf of an exempt entity due to such purchases being billed to or paid for by a contractor or the exempt entity contracting with any entity to render any services in relation to such purchases, including but not limited to selection of materials, ordering, pickup, delivery, approval on delivery, taking of delivery, transportation, storage, assumption of risk of loss to materials or providing warranties on materials as specified by contract, use of materials or other purchases for construction of the building or other facility, providing labor, management services, administrative services, design or technical services or advice to the exempt entity, whether or not the contractor or other entity exercises dominion or control in any other manner over the materials in conjunction with services or labor provided to the exempt entity.

2. When any exempt entity contracts for the purpose of constructing, repairing or remodeling facilities, and purchases of tangible personal property and materials to be incorporated into or consumed in the construction of the project are to be made on a tax-exempt basis, such entity shall furnish to the contractor an exemption certificate authorizing such purchases for the construction, repair or remodeling project. The form and content of such project exemption certificate shall be approved by the director of revenue. The project exemption certificate shall include but not be limited to:

(1) The exempt entity's name, address, Missouri tax identification number and signature of authorized representative;

(2) The project location, description, and unique identification number;

(3) The date the contract is entered into, which is the earliest date materials may be purchased for the project on a tax-exempt basis;

(4) The estimated project completion date; and

(5) The certificate expiration date.

Such certificate is renewable for a given project at the option of the exempt entity, only for the purpose of revising the certificate expiration date as necessary to complete the project.

3. The contractor shall furnish the certificate prescribed in subsection 2 of this section to all subcontractors, and any contractor purchasing materials shall present such certificate to all material suppliers as authorization to purchase, on behalf of the exempt entity, all tangible personal property and materials to be incorporated into or consumed

in the construction of that project and no other on a tax-exempt basis. Such suppliers shall execute to the purchasing contractor invoices bearing the name of the exempt entity and the project identification number. Nothing in this section shall be deemed to exempt the purchase of any construction machinery, equipment or tools used in constructing, repairing or remodeling facilities for the exempt entity. All invoices for all personal property and materials purchased under a project exemption certificate shall be retained by the purchasing contractor for a period of five years and shall be subject to audit by the director of revenue.

4. Any excess resalable tangible personal property or materials which were purchased for the project by a contractor under a project exemption certificate but which were not incorporated into or consumed in the construction of the project shall either be returned to the supplier for credit or the appropriate sales or use tax on such excess property or materials shall be reported on a return and paid by such contractor not later than the due date of the contractor's Missouri sales or use tax return following the month in which it was determined that the materials were not to be used in the project.

5. No contractor or material supplier shall, upon audit, be required to pay tax on tangible personal property and materials incorporated into or consumed in the construction of the project, due to the failure of the exempt entity to revise the certificate expiration date as necessary to complete any work required by the contract. If it is determined that tax is owed on such property and materials due to the failure of the exempt entity to revise such certificate expiration date, the exempt entity shall be liable for the tax owed.

6. If an entity issues exemption certificates for the purchase of tangible personal property and materials which are incorporated into or consumed in the construction of its project and such entity is found not to have had the authority granted by this section to issue such exemption certificates, then such entity shall be liable for the tax owed on such personal property and materials. In addition, if an entity which does have the authority granted by this section to issue exemption certificates issues such certificates for the purchase of tangible personal property and materials which are incorporated into or consumed in the construction of a project, or part of a project, which is found not to be related to such entity's exempt functions and activities, then such entity shall be liable for the tax owed on such personal property and materials."; and

On motion of Representative Burnett, **House Amendment No. 2** was adopted.

Representative St. Onge offered **House Amendment No. 3.**

House Amendment No. 3

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill Nos. 45 & 39, Pages 1 and 2, Section 226.527, Lines 1 to 31, by deleting all of said lines; and

Further amend said bill, Page 5, Section 226.580, Line 84, by inserting after all of said line the following:

"227.103. 1. Notwithstanding any other provision of law to the contrary, the commission is authorized to accept an annual bid bond for its construction and maintenance projects. The commission shall prescribe the form and content of an annual bid bond pursuant to the procedures set forth in the Missouri standard specifications for highway construction, or its successor.

2. The commission is authorized to promulgate administrative rules to administer the provision in this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

227.107. 1. Notwithstanding any provision of section 227.100 to the contrary, as an alternative to the requirements and procedures specified by sections 227.040 to [227.100] **227.105**, the state highways and transportation commission is authorized to enter into highway design-build project contracts. The authority granted to the state highways and transportation commission by this section shall be limited to a total of three design-build project contracts. Two design-build projects authorized by this section shall be selected by the highways and transportation commission from 1992 fifteen year plan projects. Authority to enter into design-build projects granted by this section shall expire on July 1, 2012, unless extended by statute or upon completion of three projects, whichever is first.

2. For the purpose of this section a "design-builder" is defined as an individual, corporation, partnership, joint venture or other entity, including combinations of such entities making a proposal to perform or performing a design-build highway project contract.

3. For the purpose of this section, "design-build highway project contract" is defined as the procurement of all materials and services necessary for the design, construction, reconstruction or improvement of a state highway project in a single contract with a design-builder capable of providing the necessary materials and services.

4. For the purpose of this section, "highway project" is defined as the design, construction, reconstruction or improvement of highways or bridges under contract with the state highways and transportation commission, which is funded by state, federal or local funds or any combination of such funds.

5. In using a design-build highway project contract, the commission shall establish a written procedure by rule for prequalifying design-builders before such design-builders will be allowed to make a proposal on the project.

6. In any design-build highway project contract, whether involving state or federal funds, the commission shall require that each person submitting a request for qualifications provide a detailed disadvantaged business enterprise participation plan. The plan shall provide information describing the experience of the person in meeting disadvantaged business enterprise participation goals, how the person will meet the department of transportation's disadvantaged business enterprise participation goal and such other qualifications that the commission considers to be in the best interest of the state.

7. The commission is authorized to issue a request for proposals to a maximum of five design-builders prequalified in accordance with subsection 5 of this section.

8. The commission may require approval of any person performing subcontract work on the design-build highway project.

9. The bid bond and performance bond requirements of section 227.100 and the payment bond requirements of section 107.170, RSMo, shall apply to the design-build highway project.

10. The requirements of subsection 9 of this section may be modified by the commission for any design-build highway project contract which is designated by the commission as a "design-build-finance-maintain" project. For such projects, the commission shall require the design-builder to provide or cause to be provided such bonds in such terms, durations, and amounts as it may determine to be adequate for its protection and provided by a surety or sureties satisfactory to the commission, including but not limited to:

(1) A bid or proposal bond in an amount of not less than five million dollars;

(2) A performance bond or bonds for the construction period specified in the design-build highway project contract in an amount of not less than the maximum cost of construction work performed or caused to

be performed by the design-builder in any calendar year of such period and applicable for each year of such period; and

(3) A payment bond or bonds that shall be enforceable under section 522.300, RSMo, for the protection of all persons supplying labor and material in carrying out the work provided for in the design-build highway project contract. The amount of the payment bond or bonds shall equal the total amount payable under the terms of the design-build highway project contract unless the commission determines in writing supported by specific findings that a payment bond or bonds in such amount is impractical, in which case the commission shall establish the amount of the payment bond or bonds; except that the amount of the payment bond or bonds shall not be less than the amount of the performance bond or bonds.

[10.] 11. The commission is authorized to prescribe the form of the contracts for the work.

[11.] 12. The commission is empowered to make all final decisions concerning the performance of the work under the design-build highway project contract, including claims for additional time and compensation.

[12.] 13. The provisions of sections 8.285 to 8.291, RSMo, shall not apply to the procurement of architectural, engineering or land surveying services for the design-build highway project, except that any person providing architectural, engineering or land surveying services for the design-builder on the design-build highway project must be licensed in Missouri to provide such services.

[13.] 14. The commission shall pay a reasonable stipend to prequalified responsive design-builders who submit a proposal, but are not awarded the design-build highway project.

[14.] 15. The commission shall comply with the provisions of any act of congress or any regulations of any federal administrative agency which provides and authorizes the use of federal funds for highway projects using the design-build process.

[15.] 16. The commission shall promulgate administrative rules to implement this section or to secure federal funds. Such rules shall be published for comment in the Missouri Register and shall include prequalification criteria, the make-up of the prequalification review team, specifications for the design criteria package, the method of advertising, receiving and evaluating proposals from design-builders, the criteria for awarding the design-build highway project based on the design criteria package and a separate proposal stating the cost of construction, and other methods, procedures and criteria necessary to administer this section.

[16.] 17. The commission shall make a status report to the members of the general assembly and the governor following the award of the design-build project, as an individual component of the annual report submitted by the commission to the joint transportation oversight committee in accordance with the provisions of section 21.795, RSMo. The annual report prior to advertisement of the design-build highway project contracts shall state the goals of the project in reducing costs and/or the time of completion for the project in comparison to the design-bid-build method of construction and objective measurements to be utilized in determining achievement of such goals. Subsequent annual reports shall include: the time estimated for design and construction of different phases or segments of the project and the actual time required to complete such work during the period; the amount of each progress payment to the design-builder during the period and the percentage and a description of the portion of the project completed regarding such payment; the number and a description of design change orders issued during the period and the cost of each such change order; upon substantial and final completion, the total cost of the design-build highway project with a breakdown of costs for design and construction; and such other measurements as specified by rule. The annual report immediately after final completion of the project shall state an assessment of the advantages and disadvantages of the design-build method of contracting for highway and bridge projects in comparison to the design-bid-build method of contracting and an assessment of whether the goals of the project in reducing costs and/or the time of completion of the project were met.

[17.] 18. The commission shall give public notice of a request for qualifications in at least two public newspapers that are distributed wholly or in part in this state and at least one construction industry trade publication that is distributed nationally.

[18.] 19. The commission shall publish its cost estimates of the design-build highway project award and the project completion date along with its public notice of a request for qualifications of the design-build project.

No redevelopment project shall be approved unless a redevelopment plan has been approved and a redevelopment area has been designated prior to or concurrently with the approval of such redevelopment project and the area selected for the redevelopment project shall include only those parcels of real property and improvements thereon directly and substantially benefited by the proposed redevelopment project improvements;

(2) Make and enter into all contracts necessary or incidental to the implementation and furtherance of its redevelopment plan or project;

No conveyance, lease, mortgage, disposition of land or other property, acquired by the municipality, or agreement relating to the development of the property shall be made except upon the adoption of an ordinance by the governing body of the municipality. Each municipality or its commission shall establish written procedures relating to bids and proposals for implementation of the redevelopment projects. Furthermore, no conveyance, lease, mortgage, or other disposition of land or agreement relating to the development of property shall be made without making public disclosure of the terms of the disposition and all bids and proposals made in response to the municipality's request. - (11) Make payment in lieu of taxes, or a portion thereof, to taxing districts;
- (12) Disburse surplus funds from the special allocation fund to taxing districts as follows:

(a) Such surplus payments in lieu of taxes shall be distributed to taxing districts within the redevelopment area which impose ad valorem taxes on a basis that is proportional to the current collections of revenue which each taxing district receives from real property in the redevelopment area;

(b) Surplus economic activity taxes shall be distributed to taxing districts in the redevelopment area which impose economic activity taxes, on a basis that is proportional to the amount of such economic activity taxes the taxing district would have received from the redevelopment area had tax increment financing not been adopted;

(c) Surplus revenues, other than payments in lieu of taxes and economic activity taxes, deposited in the special allocation fund, shall be distributed on a basis that is proportional to the total receipt of such other revenues in such account in the year prior to disbursement;

(13) If any member of the governing body of the municipality, a member of a commission established pursuant to subsection 2 of this section, or an employee or consultant of the municipality, involved in the planning and preparation of a redevelopment plan, or redevelopment project for a redevelopment area or proposed redevelopment area, owns or controls an interest, direct or indirect, in any property included in any redevelopment area, or proposed redevelopment area, which property is designated to be acquired or improved pursuant to a redevelopment project, he or she shall disclose the same in writing to the clerk of the municipality, and shall also so disclose the dates, terms, and conditions of any disposition of any such interest, which disclosures shall be acknowledged by the governing body of the municipality and entered upon the minutes books of the governing body of the municipality. The charge for the clerk's or other official's costs shall be determined by the municipality based on a recommendation from the commission, created pursuant to this section.

2. Prior to adoption of an ordinance approving the designation of a redevelopment area or approving a redevelopment plan or redevelopment project, the municipality shall create a commission of nine persons if the municipality is a county or a city not within a county and not a first class county with a charter form of government with a population in excess of nine hundred thousand, and eleven persons if the municipality is not a county and not in a first class county with a charter form of government having a population of more than nine hundred thousand, and twelve persons if the municipality is located in or is a first class county with a charter form of government having a population of more than nine hundred thousand, to be appointed as follows:

(3) In all municipalities six members shall be appointed by the chief elected officer of the municipality, with the consent of the majority of the governing body of the municipality;

(4) In all municipalities which are not counties and not in a first class county with a charter form of government having a population in excess of nine hundred thousand, two members shall be appointed by the county of such municipality in the same manner as members are appointed in subdivision (3) of this subsection;

(5) In a municipality which is a county with a charter form of government having a population in excess of nine hundred thousand, three members shall be appointed by the cities in the county which have tax increment financing districts in a manner in which the cities shall agree;

(6) In a municipality which is located in the first class county with a charter form of government having a population in excess of nine hundred thousand, three members shall be appointed by the county of such municipality in the same manner as members are appointed in subdivision (3) of this subsection;

(8) Effective January 1, 2008, when any city, town, or village under the authority of the East-West Gateway Council of Governments desires to implement a tax increment financing project, such city, town, or village shall first obtain the permission of the county tax increment financing commission created in this subsection within which the city, town, or village is located. In the event such commission votes in opposition to the redevelopment project, such redevelopment project shall not be approved unless at least two-thirds of the governing body of the city, town, or village votes to approve such project;

(9) At the option of the members appointed by the municipality, the members who are appointed by the school boards and other taxing districts may serve on the commission for a term to coincide with the length of time a redevelopment project, redevelopment plan or designation of a redevelopment area is considered for approval by the commission, or for a definite term pursuant to this subdivision. If the members representing school districts and other taxing districts are appointed for a term coinciding with the length of time a redevelopment project, plan or area is approved, such term shall terminate upon final approval of the project, plan or designation of the area by the governing body of the municipality. Thereafter the commission shall consist of the six members appointed by the municipality, except that members representing school boards and other taxing districts shall be appointed as provided in this section prior to any amendments to any redevelopment plans, redevelopment projects or designation of a redevelopment area. If any school district or other taxing jurisdiction fails to appoint members of the commission within thirty days of receipt of written notice of a proposed redevelopment plan, redevelopment project or designation of a redevelopment area, the remaining members may proceed to exercise the power of the commission. Of the members first appointed by the municipality, two shall be designated to serve for terms of two years, two shall be designated to serve for a term of three years and two shall be designated to serve for a term of four years from the date of such initial appointments. Thereafter, the members appointed by the municipality shall serve for a term of four years, except that all vacancies shall be filled for unexpired terms in the same manner as were the original appointments.

3. The commission, subject to approval of the governing body of the municipality, may exercise the powers enumerated in sections 99.800 to 99.865, except final approval of plans, projects and designation of redevelopment areas. The commission shall hold public hearings and provide notice pursuant to sections 99.825 and 99.830. The commission shall vote on all proposed redevelopment plans, redevelopment projects and designations of redevelopment areas, and amendments thereto, within thirty days following completion of the hearing on any such plan, project or designation and shall make recommendations to the governing body within ninety days of the hearing referred to in section 99.825 concerning the adoption of or amendment to redevelopment plans and redevelopment projects and the designation of redevelopment areas. The requirements of subsection 2 of this section and this subsection shall not apply to redevelopment projects upon which the required hearings have been duly held prior to August 31, 1991.

99.825. 1. Prior to the adoption of an ordinance proposing the designation of a redevelopment area, or approving a redevelopment plan or redevelopment project, the commission shall fix a time and place for a public hearing and notify each taxing district located wholly or partially within the boundaries of the proposed redevelopment area, plan or project. At the public hearing any interested person or affected taxing district may file with the commission written objections to, or comments on, and may be heard orally in respect to, any issues embodied in the notice. The commission shall hear and consider all protests, objections, comments and other evidence presented at the hearing. The hearing may be continued to another date without further notice other than a motion to be entered upon the minutes fixing the time and place of the subsequent hearing. Prior to the conclusion of the hearing, changes may be made in the redevelopment plan, redevelopment project, or redevelopment area, provided that each affected taxing district is given

written notice of such changes at least seven days prior to the conclusion of the hearing. After the public hearing but prior to the adoption of an ordinance approving a redevelopment plan or redevelopment project, or designating a redevelopment area, changes may be made to the redevelopment plan, redevelopment projects or redevelopment areas without a further hearing, if such changes do not enlarge the exterior boundaries of the redevelopment area or areas, and do not substantially affect the general land uses established in the redevelopment plan or substantially change the nature of the redevelopment projects, provided that notice of such changes shall be given by mail to each affected taxing district and by publication in a newspaper of general circulation in the area of the proposed redevelopment not less than ten days prior to the adoption of the changes by ordinance. After the adoption of an ordinance approving a redevelopment plan or redevelopment project, or designating a redevelopment area, no ordinance shall be adopted altering the exterior boundaries, affecting the general land uses established pursuant to the redevelopment plan or changing the nature of the redevelopment project without complying with the procedures provided in this section pertaining to the initial approval of a redevelopment plan or redevelopment project and designation of a redevelopment area. Hearings with regard to a redevelopment project, redevelopment area, or redevelopment plan may be held simultaneously.

2. Effective January 1, 2008, if, after concluding the hearing required under this section, the commission makes a recommendation under section 99.820 in opposition to a proposed redevelopment plan, redevelopment project, or designation of a redevelopment area, or any amendments thereto, a municipality desiring to approve such project, plan, designation, or amendments shall do so only upon a two-thirds majority vote of the governing body of such municipality.

3. Tax incremental financing projects within an economic development area shall apply to and fund only the following infrastructure projects: highways, roads, streets, bridges, sewers, traffic control systems and devices, water distribution and supply systems, curbing, sidewalks and any other similar public improvements, but in no case shall it include buildings."; and

(c) Surplus revenues, other than payments in lieu of taxes and economic activity taxes, deposited in the special allocation fund, shall be distributed on a basis that is proportional to the total receipt of such other revenues in such account in the year prior to disbursement;

(13) If any member of the governing body of the municipality, a member of a commission established pursuant to subsection 2 of this section, or an employee or consultant of the municipality, involved in the planning and preparation of a redevelopment plan, or redevelopment project for a redevelopment area or proposed redevelopment area, owns or controls an interest, direct or indirect, in any property included in any redevelopment area, or proposed redevelopment area, which property is designated to be acquired or improved pursuant to a redevelopment project, he or she shall disclose the same in writing to the clerk of the municipality, and shall also so disclose the dates, terms, and conditions of any disposition of any such interest, which disclosures shall be acknowledged by the governing body of the municipality and entered upon the minutes books of the governing body of the municipality. If an individual holds such an interest, then that individual shall refrain from any further official involvement in regard to such redevelopment plan, redevelopment project or redevelopment area, from voting on any matter pertaining to such redevelopment plan, redevelopment project or redevelopment area, or communicating with other members concerning any matter pertaining to that redevelopment plan, redevelopment project or redevelopment area. Furthermore, no such member or employee shall acquire any interest, direct or indirect, in any property in a redevelopment area or proposed redevelopment area after either (a) such individual obtains knowledge of such plan or project, or (b) first public notice of such plan, project or area pursuant to section 99.830, whichever first occurs;

(14) Charge as a redevelopment cost the reasonable costs incurred by its clerk or other official in administering the redevelopment project. The charge for the clerk's or other official's costs shall be determined by the municipality based on a recommendation from the commission, created pursuant to this section.

2. Prior to adoption of an ordinance approving the designation of a redevelopment area or approving a redevelopment plan or redevelopment project, the municipality shall create a commission of nine persons if the municipality is a county or a city not within a county and not a first class county with a charter form of government with a population in excess of nine hundred thousand, and eleven persons if the municipality is not a county and not in a first class county with a charter form of government having a population of more than nine hundred thousand, and twelve persons if the municipality is located in or is a first class county with a charter form of government having a population of more than nine hundred thousand, to be appointed as follows:

(1) In all municipalities two members shall be appointed by the school boards whose districts are included within the redevelopment plan or redevelopment area. Such members shall be appointed in any manner agreed upon by the affected districts;

(2) In all municipalities one member shall be appointed, in any manner agreed upon by the affected districts, to represent all other districts levying ad valorem taxes within the area selected for a redevelopment project or the redevelopment area, excluding representatives of the governing body of the municipality;

(3) In all municipalities six members shall be appointed by the chief elected officer of the municipality, with the consent of the majority of the governing body of the municipality;

(4) In all municipalities which are not counties and not in a first class county with a charter form of government having a population in excess of nine hundred thousand, two members shall be appointed by the county of such municipality in the same manner as members are appointed in subdivision (3) of this subsection;

(5) In a municipality which is a county with a charter form of government having a population in excess of nine hundred thousand, three members shall be appointed by the cities in the county which have tax increment financing districts in a manner in which the cities shall agree;

(6) In a municipality which is located in the first class county with a charter form of government having a population in excess of nine hundred thousand, three members shall be appointed by the county of such municipality in the same manner as members are appointed in subdivision (3) of this subsection;

(7) In a municipality which is in a county under the authority of the East-West Gateway Council of Governments, except any municipality in any county of the first classification with more than ninety-three thousand eight hundred but fewer than ninety-three thousand nine hundred inhabitants, the municipality shall create a commission in the same manner as the commission for a first class county with a charter form of government having a population of more than nine hundred thousand, such commission shall have twelve members with two such members appointed by the school boards whose districts are included in the county in a manner in which such school boards agree, with one such member to represent all other districts levying ad valorem taxes in a manner in which all such districts agree, three such members appointed either by the county executive or county commissioner, and six such members appointed by the cities in the county which have tax increment financing districts in a manner in which the cities shall agree;

(8) When any city, town, or village under the authority of the East-West Gateway Council of Governments desires to implement a tax increment financing project, such city, town, or village shall first obtain the permission of the county tax increment financing commission created in this subsection within which the city, town, or village is located;

(9) At the option of the members appointed by the municipality, the members who are appointed by the school boards and other taxing districts may serve on the commission for a term to coincide with the length of time a redevelopment project, redevelopment plan or designation of a redevelopment area is considered for approval by the commission, or for a definite term pursuant to this subdivision. If the members representing school districts and other taxing districts are appointed for a term coinciding with the length of time a redevelopment project, plan or area is approved, such term shall terminate upon final approval of the project, plan or designation of the area by the governing body of the municipality. Thereafter the commission shall consist of the six members appointed by the municipality, except that members representing school boards and other taxing districts shall be appointed as provided in this section prior to any amendments to any redevelopment plans, redevelopment projects or designation of a redevelopment area. If any school district or other taxing jurisdiction fails to appoint members of the commission within thirty days of receipt of written notice of a proposed redevelopment plan, redevelopment project or designation of a redevelopment area, the remaining members may proceed to exercise the power of the commission. Of the members first appointed by the municipality, two shall be designated to serve for terms of two years, two shall be designated to serve for a term of three years and two shall be designated to serve for a term of four years from the date of such initial appointments. Thereafter, the members appointed by the

municipality shall serve for a term of four years, except that all vacancies shall be filled for unexpired terms in the same manner as were the original appointments.

3. The commission, subject to approval of the governing body of the municipality, may exercise the powers enumerated in sections 99.800 to 99.865, except final approval of plans, projects and designation of redevelopment areas. The commission shall hold public hearings and provide notice pursuant to sections 99.825 and 99.830. The commission shall vote on all proposed redevelopment plans, redevelopment projects and designations of redevelopment areas, and amendments thereto, within thirty days following completion of the hearing on any such plan, project or designation and shall make recommendations to the governing body within ninety days of the hearing referred to in section 99.825 concerning the adoption of or amendment to redevelopment plans and redevelopment projects and the designation of redevelopment areas. The requirements of subsection 2 of this section and this subsection shall not apply to redevelopment projects upon which the required hearings have been duly held prior to August 31, 1991.]

[99.825. 1. Prior to the adoption of an ordinance proposing the designation of a redevelopment area, or approving a redevelopment plan or redevelopment project, the commission shall fix a time and place for a public hearing and notify each taxing district located wholly or partially within the boundaries of the proposed redevelopment area, plan or project. At the public hearing any interested person or affected taxing district may file with the commission written objections to, or comments on, and may be heard orally in respect to, any issues embodied in the notice. The commission shall hear and consider all protests, objections, comments and other evidence presented at the hearing. The hearing may be continued to another date without further notice other than a motion to be entered upon the minutes fixing the time and place of the subsequent hearing. Prior to the conclusion of the hearing, changes may be made in the redevelopment plan, redevelopment project, or redevelopment area, provided that each affected taxing district is given written notice of such changes at least seven days prior to the conclusion of the hearing. After the public hearing but prior to the adoption of an ordinance approving a redevelopment plan or redevelopment project, or designating a redevelopment area, changes may be made to the redevelopment plan, redevelopment projects or redevelopment areas without a further hearing, if such changes do not enlarge the exterior boundaries of the redevelopment area or areas, and do not substantially affect the general land uses established in the redevelopment plan or substantially change the nature of the redevelopment projects, provided that notice of such changes shall be given by mail to each affected taxing district and by publication in a newspaper of general circulation in the area of the proposed redevelopment not less than ten days prior to the adoption of the changes by ordinance. After the adoption of an ordinance approving a redevelopment plan or redevelopment project, or designating a redevelopment area, no ordinance shall be adopted altering the exterior boundaries, affecting the general land uses established pursuant to the redevelopment plan or changing the nature of the redevelopment project without complying with the procedures provided in this section pertaining to the initial approval of a redevelopment plan or redevelopment project and designation of a redevelopment area. Hearings with regard to a redevelopment project, redevelopment area, or redevelopment plan may be held simultaneously.

2. If, after concluding the hearing required under this section, the commission makes a recommendation under section 99.820 in opposition to a proposed redevelopment plan, redevelopment project, or designation of a redevelopment area, or any amendments thereto, a municipality desiring to approve such project, plan, designation, or amendments shall do so only upon a two-thirds majority vote of the governing body of such municipality.

3. Tax incremental financing projects within an economic development area shall apply to and fund only the following infrastructure projects: highways, roads, streets, bridges, sewers, traffic control systems and devices, water distribution and supply systems, curbing, sidewalks and any other similar public improvements, but in no case shall it include buildings.]"; and

"135.535. 1. A corporation, limited liability corporation, partnership or sole proprietorship, which moves its operations from outside Missouri or outside a distressed community into a distressed community, or which commences operations in a distressed community on or after January 1, 1999, and in either case has more than seventy-five percent of its employees at the facility in the distressed community, and which has fewer than one hundred employees for whom payroll taxes are paid, and which is a manufacturing, biomedical, medical devices, scientific research, animal research, computer software design or development, computer programming, including Internet, web hosting, and other information technology, wireless or wired or other telecommunications or a professional firm shall receive a forty percent credit against income taxes owed pursuant to chapter 143, 147 or 148, RSMo, other than taxes withheld pursuant to sections 143.191 to 143.265, RSMo, for each of the three years after such move, if approved by the department of economic development, which shall issue a certificate of eligibility if the department determines that the taxpayer is eligible for such credit. The maximum amount of credits per taxpayer set forth in this subsection shall not exceed one hundred twenty-five thousand dollars for each of the three years for which the credit is claimed. The department of economic development, by means of rule or regulation promulgated pursuant to the provisions of chapter 536, RSMo, shall assign appropriate North American Industry Classification System numbers to the companies which are eligible for the tax credits provided for in this section. Such three-year credits shall be awarded only one time to any company which moves its operations from outside of Missouri or outside of a distressed community into a distressed community or to a company which commences operations within a distressed community. A taxpayer shall file an application for certification of the tax credits for the first year in which credits are claimed and for each of the two succeeding taxable years for which credits are claimed.

2. Employees of such facilities physically working and earning wages for that work within a distressed community whose employers have been approved for tax credits pursuant to subsection 1 of this section by the department of economic development for whom payroll taxes are paid shall also be eligible to receive a tax credit against individual income tax, imposed pursuant to chapter 143, RSMo, equal to one and one-half percent of their gross salary paid at such facility earned for each of the three years that the facility receives the tax credit provided by this section, so long as they were qualified employees of such entity. The employer shall calculate the amount of such credit and shall report the amount to the employee and the department of revenue.

3. A tax credit against income taxes owed pursuant to chapter 143, 147 or 148, RSMo, other than the taxes withheld pursuant to sections 143.191 to 143.265, RSMo, in lieu of the credit against income taxes as provided in subsection 1 of this section, may be taken by such an entity in a distressed community in an amount of forty percent of the amount of funds expended for computer equipment and its maintenance, medical laboratories and equipment, research laboratory equipment, manufacturing equipment, fiber optic equipment, high speed telecommunications, wiring or software development expense up to a maximum of seventy-five thousand dollars in tax credits for such equipment or expense per year per entity and for each of three years after commencement in or moving operations into a distressed community.

4. A corporation, partnership or sole partnership, which has no more than one hundred employees for whom payroll taxes are paid, which is already located in a distressed community and which expends funds for such equipment pursuant to subsection 3 of this section in an amount exceeding its average of the prior two years for such equipment, shall be eligible to receive a tax credit against income taxes owed pursuant to chapters 143, 147 and 148, RSMo, in an amount equal to the lesser of seventy-five thousand dollars or twenty-five percent of the funds expended for such additional equipment per such entity. Tax credits allowed pursuant to this subsection or subsection 1 of this section may be carried back to any of the three prior tax years and carried forward to any of the five tax years.

5. An existing corporation, partnership or sole proprietorship that is located within a distressed community and that relocates employees from another facility outside of the distressed community to its facility within the distressed community, and an existing business located within a distressed community that hires new employees for that facility may both be eligible for the tax credits allowed by subsections 1 and 3 of this section. To be eligible for such tax credits, such a business, during one of its tax years, shall employ within a distressed community at least twice as many employees as were employed at the beginning of that tax year. A business hiring employees shall have no more than one hundred employees before the addition of the new employees. This subsection shall only apply to a business which

is a manufacturing, biomedical, medical devices, scientific research, animal research, computer software design or development, computer programming or telecommunications business, or a professional firm.

6. Tax credits shall be approved for applicants meeting the requirements of this section in the order that such applications are received. Certificates of tax credits issued in accordance with this section may be transferred, sold or assigned by notarized endorsement which names the transferee.

7. The tax credits allowed pursuant to subsections 1, 2, 3, 4 and 5 of this section shall be for an amount of no more than ten million dollars for each year beginning in 1999. **To the extent there are available tax credits remaining under the ten million dollar cap provided in this section, up to one hundred thousand dollars in the remaining credits shall first be used for tax credits authorized under section 135.562.** The total maximum credit for all entities already located in distressed communities and claiming credits pursuant to subsection 4 of this section shall be seven hundred and fifty thousand dollars. The department of economic development in approving taxpayers for the credit as provided for in subsection 6 of this section shall use information provided by the department of revenue regarding taxes paid in the previous year, or projected taxes for those entities newly established in the state, as the method of determining when this maximum will be reached and shall maintain a record of the order of approval. Any tax credit not used in the period for which the credit was approved may be carried over until the full credit has been allowed.

8. A Missouri employer relocating into a distressed community and having employees covered by a collective bargaining agreement at the facility from which it is relocating shall not be eligible for the credits in subsection 1, 3, 4 or 5 of this section, and its employees shall not be eligible for the credit in subsection 2 of this section if the relocation violates or terminates a collective bargaining agreement covering employees at the facility, unless the affected collective bargaining unit concurs with the move.

9. Notwithstanding any provision of law to the contrary, no taxpayer shall earn the tax credits allowed in this section and the tax credits otherwise allowed in section 135.110, or the tax credits, exemptions, and refund otherwise allowed in sections 135.200, 135.220, 135.225 and 135.245, respectively, for the same business for the same tax period.

135.562. 1. If any taxpayer with a federal adjusted gross income of thirty thousand dollars or less incurs costs for the purpose of making all or any portion of such taxpayer's principal dwelling accessible to an individual with a disability who permanently resides with the taxpayer, such taxpayer shall receive a tax credit against such taxpayer's Missouri income tax liability in an amount equal to the lesser of one hundred percent of such costs or two thousand five hundred dollars per taxpayer, per tax year.

2. Any taxpayer with a federal adjusted gross income greater than thirty thousand dollars but less than sixty thousand dollars who incurs costs for the purpose of making all or any portion of such taxpayer's principal dwelling accessible to an individual with a disability who permanently resides with the taxpayer, shall receive a tax credit against such taxpayer's Missouri income tax liability in an amount equal to the lesser of fifty percent of such costs or two thousand five hundred dollars per taxpayer, per tax year. No taxpayer shall be eligible to receive tax credits under this section in any tax year immediately following a tax year in which such taxpayer received tax credits under the provisions of this section.

3. Tax credits issued pursuant to this section may be refundable in an amount not to exceed two thousand five hundred dollars per tax year.

4. Eligible costs for which the credit may be claimed include:

- (1) Constructing entrance or exit ramps;**
- (2) Widening exterior or interior doorways;**
- (3) Widening hallways;**
- (4) Installing handrails or grab bars;**
- (5) Moving electrical outlets and switches;**
- (6) Installing stairway lifts;**
- (7) Installing or modifying fire alarms, smoke detectors, and other alerting systems;**
- (8) Modifying hardware of doors; or**
- (9) Modifying bathrooms.**

5. The tax credits allowed, including the maximum amount that may be claimed, pursuant to this section shall be reduced by an amount sufficient to offset any amount of such costs a taxpayer has already deducted from such taxpayer's federal adjusted gross income or to the extent such taxpayer has applied any other state or federal income tax credit to such costs.

6. A taxpayer shall claim a credit allowed by this section in the same taxable year as the credit is issued, and at the time such taxpayer files his or her Missouri income tax return; provided that, such return is timely filed.

7. The department may, in consultation with the department of social services, promulgate such rules or regulations as are necessary to administer the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

8. The provisions of this section shall apply to all tax years beginning on or after January 1, 2008.

9. The provisions of this section shall expire December 31, 2013.

10. In no event shall the aggregate amount of all tax credits allowed pursuant to this section exceed one hundred thousand dollars in any given fiscal year. The tax credits issued pursuant to this section shall be on a first-come, first-served filing basis."; and

MESSAGE FROM THE GOVERNOR

The following Proclamation was received from His Excellency, Governor Matt Blunt:

PROCLAMATION

WHEREAS, Missouri has bridges with a poor or serious condition rating, and it is vital to the safety of Missourians, of visitors to the state, and to the state economy's reliance on a modern and safe transportation infrastructure that the bridges most in need of repair are brought up to good condition as quickly as possible; and

WHEREAS, legislative action is necessary to allow for bonding that will allow the Safe and Sound Bridge Program to begin as soon as possible, which will allow the state to address problems at 800 of Missouri's bridges most in need of repair through a single, efficient contract with construction to be completed within five years; and

WHEREAS, during the First Regular Session of the Ninety-fourth General Assembly, the General Assembly considered House Bill No. 327, with the objective to provide various economic development opportunities in Missouri; and

WHEREAS, the proposed legislation sought to address several concerns, including promoting economic development, quality jobs, and tax credits. The legislation resulted in excessive and unquantifiable expense to Missouri taxpayers; and

WHEREAS, the Governor has promised to promote the wise and prudent use of taxpayer resources to promote economic development in Missouri; and

WHEREAS, the failure to enact a measured and prudent bill for economic development constitutes an immediate economic threat to the well-being of the economy of the state of Missouri; and

WHEREAS, Article IV, Section 9 of the Missouri Constitution authorizes the Governor on extraordinary occasions to convene the General Assembly by proclamation, wherein he shall state specifically each matter on which action is deemed necessary; and

WHEREAS, an extraordinary occasion as envisioned by Article IV, Section 9 of the Missouri Constitution is appropriate given that the action of the General Assembly is deemed necessary concerning Missouri's economic development.

JOURNAL OF THE HOUSE

FIRST EXTRAORDINARY SESSION, 94th GENERAL ASSEMBLY

SECOND DAY, TUESDAY, AUGUST 21, 2007

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by D. Adam Crumbliss, Chief Clerk.

Our Heavenly Father,

It is only by Your grace that we stand assembled today armed with the spirit of service, enshrouded by love. Your sacrifices have made possible the wonder of life that we cherish as we seek to establish a better future for our fellow man built on a rock foundation of hope, love, trust, and faith.

We do not stand alone in these efforts. Your wisdom has provided for each of us families and loved ones to sustain our sense of purpose in times of challenge and great strife. It is they that have laid down their lives to support those of us gathered here today. Absent Your gift of their love and abiding sacrifice, we would be as fishermen lost at sea without a star by which to navigate.

Father, let our prayers turn today to those loved ones who surrender all things tranquil and prosperous to afford us the freedom to serve. Shine Your light upon them and lift them up with Your blessings of love.

In Your name we pray. Amen.

The Pledge of Allegiance to the flag was recited.

JOURNAL OF THE HOUSE

FIRST EXTRAORDINARY SESSION, 94TH GENERAL ASSEMBLY

FOURTH DAY, THURSDAY, AUGUST 23, 2007

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Chris Dunn, Office of the Speaker.

Heavenly Father,

This is a great day in our state and in our country. We thank You for giving us the gift of life that we each have. May we glorify You as the day progresses.

In the beginning of the 35th Psalm, Your Word says, "Contend, O LORD, with those who contend with me; fight against those who fight against me." Today, we join with the Founding Fathers, who opened up the Constitutional Convention of 1774 with the reading of this Psalm. They asked for Your protection and asked that You might fight against those who sought to destroy the freedoms and liberties they were seeking as they formed a new nation.

Thank You for the freedoms and liberties we have today. Help us not take for granted the liberties that You and our Founding Fathers established and defended. Bless those who are protecting us even this moment.

As King David closed the 35th Psalm, he used these words: "My tongue will speak of your righteousness and of your praises all day long." We honor You this morning and seek Your will in this House.

In Your name we pray. Amen.

The Pledge of Allegiance to the flag was recited.

The Journals of the first, second and third days were approved as printed.

(7) Effective January 1, 2008, in a municipality which is in a county under the authority of the East-West Gateway Council of Governments, except any municipality in any county of the first classification with more than ninety-three thousand eight hundred but fewer than ninety-three thousand nine hundred inhabitants, the municipality shall create a commission in the same manner as the commission for any county with a charter form of government and with more than one million inhabitants, such commission shall have twelve members with two such members appointed by the school boards whose districts are included in the county in a manner in which such school boards agree, with one such member to represent all other districts levying ad valorem taxes in a manner in which all such districts agree, six such members appointed either by the county executive or county commissioner, and three such members appointed by the cities in the county which have tax increment financing districts in a manner in which the cities shall agree;

(8) Effective January 1, 2008, when any city, town, or village under the authority of the East-West Gateway Council of Governments, except any municipality in any county of the first classification with more than ninety-three thousand eight hundred but fewer than ninety-three thousand nine hundred inhabitants, desires to implement a tax increment financing project, such city, town, or village shall first obtain the permission of the county tax increment financing commission created in this subsection within which the city, town, or village is located. In the event such commission votes in opposition to the redevelopment project, such redevelopment project shall not be approved unless at least two-thirds of the governing body of the city, town, or village votes to approve such project;

(9) At the option of the members appointed by the municipality, the members who are appointed by the school boards and other taxing districts may serve on the commission for a term to coincide with the length of time a redevelopment project, redevelopment plan or designation of a redevelopment area is considered for approval by the commission, or for a definite term pursuant to this subdivision. If the members representing school districts and other taxing districts are appointed for a term coinciding with the length of time a redevelopment project, plan or area is approved, such term shall terminate upon final approval of the project, plan or designation of the area by the governing body of the municipality. Thereafter the commission shall consist of the six members appointed by the municipality, except that members representing school boards and other taxing districts shall be appointed as provided in this section prior to any amendments to any redevelopment plans, redevelopment projects or designation of a redevelopment area. If any school district or other taxing jurisdiction fails to appoint members of the commission within thirty days of receipt of written notice of a proposed redevelopment plan, redevelopment project or designation of a redevelopment area, the remaining members may proceed to exercise the power of the commission. Of the members first appointed by the municipality, two shall be designated to serve for terms of two years, two shall be designated to serve for a term of three years and two shall be designated to serve for a term of four years from the date of such initial appointments. Thereafter, the members appointed by the municipality shall serve for a term of four years, except that all vacancies shall be filled for unexpired terms in the same manner as were the original appointments.

3. The commission, subject to approval of the governing body of the municipality, may exercise the powers enumerated in sections 99.800 to 99.865, except final approval of plans, projects and designation of redevelopment areas. The commission shall hold public hearings and provide notice pursuant to sections 99.825 and 99.830. The commission

shall vote on all proposed redevelopment plans, redevelopment projects and designations of redevelopment areas, and amendments thereto, within thirty days following completion of the hearing on any such plan, project or designation and shall make recommendations to the governing body within ninety days of the hearing referred to in section 99.825 concerning the adoption of or amendment to redevelopment plans and redevelopment projects and the designation of redevelopment areas. The requirements of subsection 2 of this section and this subsection shall not apply to redevelopment projects upon which the required hearings have been duly held prior to August 31, 1991."; and

Further amend said bill, Page 104, Section 620.1881, Line 319, by inserting after all of said line the following:

"[99.820. 1. A municipality may:

(1) By ordinance introduced in the governing body of the municipality within fourteen to ninety days from the completion of the hearing required in section 99.825, approve redevelopment plans and redevelopment projects, and designate redevelopment project areas pursuant to the notice and hearing requirements of sections 99.800 to 99.865. No redevelopment project shall be approved unless a redevelopment plan has been approved and a redevelopment area has been designated prior to or concurrently with the approval of such redevelopment project and the area selected for the redevelopment project shall include only those parcels of real property and improvements thereon directly and substantially benefited by the proposed redevelopment project improvements;

(2) Make and enter into all contracts necessary or incidental to the implementation and furtherance of its redevelopment plan or project;

(3) Pursuant to a redevelopment plan, subject to any constitutional limitations, acquire by purchase, donation, lease or, as part of a redevelopment project, eminent domain, own, convey, lease, mortgage, or dispose of, land and other property, real or personal, or rights or interests therein, and grant or acquire licenses, easements and options with respect thereto, all in the manner and at such price the municipality or the commission determines is reasonably necessary to achieve the objectives of the redevelopment plan. No conveyance, lease, mortgage, disposition of land or other property, acquired by the municipality, or agreement relating to the development of the property shall be made except upon the adoption of an ordinance by the governing body of the municipality. Each municipality or its commission shall establish written procedures relating to bids and proposals for implementation of the redevelopment projects. Furthermore, no conveyance, lease, mortgage, or other disposition of land or agreement relating to the development of property shall be made without making public disclosure of the terms of the disposition and all bids and proposals made in response to the municipality's request. Such procedures for obtaining such bids and proposals shall provide reasonable opportunity for any person to submit alternative proposals or bids;

(4) Within a redevelopment area, clear any area by demolition or removal of existing buildings and structures;

(5) Within a redevelopment area, renovate, rehabilitate, or construct any structure or building;

(6) Install, repair, construct, reconstruct, or relocate streets, utilities, and site improvements essential to the preparation of the redevelopment area for use in accordance with a redevelopment plan;

(7) Within a redevelopment area, fix, charge, and collect fees, rents, and other charges for the use of any building or property owned or leased by it or any part thereof, or facility therein;

(9) Acquire and construct public facilities within a redevelopment area;

(10) Incur redevelopment costs and issue obligations;

(11) Make payment in lieu of taxes, or a portion thereof, to taxing districts;

(12) Disburse surplus funds from the special allocation fund to taxing districts as follows:

(a) Such surplus payments in lieu of taxes shall be distributed to taxing districts within the redevelopment area which impose ad valorem taxes on a basis that is proportional to the current collections of revenue which each taxing district receives from real property in the redevelopment area;

(b) Surplus economic activity taxes shall be distributed to taxing districts in the redevelopment area which impose economic activity taxes, on a basis that is proportional to the

amount of such economic activity taxes the taxing district would have received from the redevelopment area had tax increment financing not been adopted;

(c) Surplus revenues, other than payments in lieu of taxes and economic activity taxes, deposited in the special allocation fund, shall be distributed on a basis that is proportional to the total receipt of such other revenues in such account in the year prior to disbursement;

(13) If any member of the governing body of the municipality, a member of a commission established pursuant to subsection 2 of this section, or an employee or consultant of the municipality, involved in the planning and preparation of a redevelopment plan, or redevelopment project for a redevelopment area or proposed redevelopment area, owns or controls an interest, direct or indirect, in any property included in any redevelopment area, or proposed redevelopment area, which property is designated to be acquired or improved pursuant to a redevelopment project, he or she shall disclose the same in writing to the clerk of the municipality, and shall also so disclose the dates, terms, and conditions of any disposition of any such interest, which disclosures shall be acknowledged by the governing body of the municipality and entered upon the minutes books of the governing body of the municipality. If an individual holds such an interest, then that individual shall refrain from any further official involvement in regard to such redevelopment plan, redevelopment project or redevelopment area, from voting on any matter pertaining to such redevelopment plan, redevelopment project or redevelopment area, or communicating with other members concerning any matter pertaining to that redevelopment plan, redevelopment project or redevelopment area. Furthermore, no such member or employee shall acquire any interest, direct or indirect, in any property in a redevelopment area or proposed redevelopment area after either (a) such individual obtains knowledge of such plan or project, or (b) first public notice of such plan, project or area pursuant to section 99.830, whichever first occurs;

(14) Charge as a redevelopment cost the reasonable costs incurred by its clerk or other official in administering the redevelopment project. The charge for the clerk's or other official's costs shall be determined by the municipality based on a recommendation from the commission, created pursuant to this section.

2. Prior to adoption of an ordinance approving the designation of a redevelopment area or approving a redevelopment plan or redevelopment project, the municipality shall create a commission of nine persons if the municipality is a county or a city not within a county and not a first class county with a charter form of government with a population in excess of nine hundred thousand, and eleven persons if the municipality is not a county and not in a first class county with a charter form of government having a population of more than nine hundred thousand, and twelve persons if the municipality is located in or is a first class county with a charter form of government having a population of more than nine hundred thousand, to be appointed as follows:

(1) In all municipalities two members shall be appointed by the school boards whose districts are included within the redevelopment plan or redevelopment area. Such members shall be appointed in any manner agreed upon by the affected districts;

JOURNAL OF THE HOUSE

VETO SESSION

First Regular Session, 94th GENERAL ASSEMBLY

FIRST DAY, WEDNESDAY, SEPTEMBER 12, 2007

Speaker Jetton in the Chair.

Prayer by Representative Jeff Grisamore.

Heavenly Father, we come before Your Throne of Grace on this final day of the First Regular Session of the 94th General Assembly of the Great State of Missouri. We thank You for all that has been accomplished this session for the people of Missouri.

Father, we thank You for the incredible and awesome privilege You have given us to represent and serve our constituents and the people of Missouri. We pray for Your continued strength and wisdom to serve them well. We ask You for Your continued blessing and favor upon our State and all of its people—that You, O God, would shed Your grace upon Missouri.

We thank You that Your Word says that You are the God of all comfort and a Father of the fatherless and defender of widows. As yesterday was the 6th anniversary of the terrorists' attacks of September 11, 2001, we ask You for Your continued comfort to the families who lost loved ones on that tragic day, and we thank You that You are a Father to the fatherless and a defender of widows who lost loved ones that day.

We continue to pray for our brave men and women in uniform who are engaging in the global war on terror. We pray that You would protect them and provide for their families in their absence.

As we close our First Regular Session of this 94th General Assembly today and look forward the Second Session next year, we remember Your Word in Psalm 133 that says how good and pleasant it is when brethren dwell together in unity and that in that place You command a blessing.

We thank You for the many things that we have been able to accomplish in a bi-partisan way and ask You for a spirit of unity as we move forward next year.

We ask for Your continued wisdom, counsel and strength to serve our constituents and the people of Missouri; and we thank You for Your grace and mercy that we receive from You daily. In Jesus' Name, Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Kelsey Moore, Megan Kelly, Joseph Dockins, Jennifer Elizabeth Scott and Diane Smith.

MESSAGE FROM THE SENATE

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and adopted **SR 1**.

SENATE RESOLUTION NO. 1

BE IT RESOLVED by the Senate that the Secretary of Senate inform the House of Representatives that the Senate is duly convened and is now in session as provided by Article III, Section 32 of the Constitution and is ready for the consideration of its business.

MESSAGES FROM THE GOVERNOR

June 27, 2007

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 9** entitled:

"AN ACT"

To appropriate money for the expenses, grants, refunds, and distributions of the Department of Corrections and the several divisions and programs thereof to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, for the period beginning July 1, 2007 and ending June 30, 2008.

Section 9.210

I hereby veto the words "Personal Service." As acknowledged by the General Assembly, the inclusion of this text was a typographical error. Without correction, the result of the insertion would be to prevent the Department of Corrections from providing substance abuse treatment for incarcerated offenders. Such a result would contravene the stated intent of the section.

On June 27, 2007 I approved said **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 9** except for those items specifically vetoed and not approved.

Respectfully submitted,

/s/ Matt Blunt
Governor

June 27, 2007

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 327** entitled:

"AN ACT"

To repeal sections 21.750, 32.105, 32.115, 99.805, 99.820, 99.825, 100.286, 135.400, 135.403, 135.460, 135.478, 135.500, 135.535, 135.545, 135.550, 135.600, 135.630, 135.750, 135.950, 135.963, 135.967, 135.1150, 137.106, 142.815, 144.030, 144.605, 147.010, 173.196, 173.796, 178.895, 178.896, 208.750, 208.755, 238.202, 238.207, 238.208, 238.225, 238.230, 238.275, 348.300, 578.395, 620.495, 620.521, 620.523, 620.527, 620.528, 620.529, 620.530, 620.537, 620.638, 620.1039, 620.1878, and 620.1881, RSMo, and to enact in lieu thereof eighty-two new sections relating to certain programs administered by the department of economic development.

I disapprove of **Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 327**. My reasons for disapproval are as follows:

- I. The bill would create a new incentive program that is poorly structured because it is not aimed at attracting businesses to create jobs with health insurance and above-average pay.

House Bill 327 creates a Quality Jobs type program for small businesses. However, businesses that pay only 85 percent of the average county wage and do not offer health insurance coverage would be able to qualify for incentives under the program. I remain insistent that any incentives of this type pay employees at or above the

average county wage, or the average state wage in some instances, and provide health insurance to its employees consistent with the Quality Jobs Program.

- II. The bill could force Missouri businesses to operate at a competitive disadvantage due to changes in state tax laws.

The language changing current law regarding the presence of businesses in the state and their tax liability is bad public policy. The resulting effect could put businesses already operating in Missouri at a competitive disadvantage. The bill would also create an opportunity for businesses to realign their corporate structure to avoid tax liability. Finally, even though the short-term fiscal impact would be minimal, the long-term negative impact on state revenues could be substantial.

- III. The bill would put the Quality Jobs Program at risk to a legal challenge.

Language in the bill could undermine the basic objectives of the highly successful Quality Jobs Program. The bill adds a provision to the Quality Jobs Act allowing a 50 percent tax credit for companies that provide tuition reimbursement to eligible employees. The credit is capped at \$5,000 per employee with a total annual cap of \$250,000. When this provision was added, the definition of employee was changed to a full-time worker who has an annual salary equal to or less than the average county wage. This definition was supposed to apply only to the eligibility for the tuition reimbursement tax credit, but, due to what I assume was an inadvertent drafting error, was made to a definition that applies to the entire Quality Jobs Program. This creates a potential legal issue regarding companies that pay above average county wages and their ability to qualify for benefits and companies that pay less than average county wages and their potential for claiming benefits. This could lead to valuable tax credit cap allocation being consumed by jobs that are less desirable than the high quality jobs the program was intended to encourage.

- IV. The bill would create a regional railroad authority giving eminent domain and taxing authority to unelected officials.

House Bill 327 authorizes local government entities to create a new type of political subdivision called a regional railroad authority. Regional railroad authorities created under this legislation will be directed by unelected officials and granted some degree of eminent domain and taxing powers. This comes at a time when we have been working successfully to end the abuse of eminent domain authority to protect private landowners.

- V. The bill could divert money intended to support regional airports across Missouri to fund a tax exemption on fuel purchases for flights that merely connect to transoceanic flights departing from an out-of-state city.

House Bill 327 creates a fuel-tax exemption for transoceanic flights originating in Missouri. Currently, there are no such flights. However, there is concern that airlines could claim the exemptions for flights that merely connect to transoceanic flights in non-Missouri cities. Those claims could lead to a loss of \$400,000 in state revenue that is intended to support regional airports across Missouri.

- VI. The bill includes language which conflicts with provisions in Senate Bill 30, which was signed into law on June 13, 2007.

The bill contains two provisions that conflict with language in Senate Bill 30. First, subsection two of Section 144.054 creates a sales tax exemption for energy sources used in manufacturing, and in research and development. With regard to this exemption, Senate Bill 30 references the term “other energy sources” while House Bill 327 references the term “other utilities.” Because the terminology is different, it is estimated to cost an additional \$27 million in general revenue to implement the provisions in both bills. Secondly, the exemptions for energy sources created by both bills do not align. SB 30 does not apply the exemption to local sales taxes while HB 327 does exempt local sales taxes. Local government officials have raised concerns about the conflict.

For the above stated reasons, I am returning **Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 327** without my approval.

Respectfully submitted,

ADDRESS BY SPEAKER PRO TEM PRATT

In 2002, I was first elected to the Missouri House on my one month wedding anniversary - since that time, Sherry and I have two beautiful children and are nearing our fifth wedding anniversary. It has been an amazing five years in my personal life, and an amazing five years for the State of Missouri.

Five years ago, we faced tremendous budget shortfalls. Education dollars were withheld from our schools. Missouri was losing jobs. The debate in Jefferson City was focused on tax increases. Partisanship was at an all time high. In a nutshell - our great state was not doing well.

In the last five years, life has improved for Missourians. Several economic development bills have passed to increase the number of jobs in our state - more Missourians are working! School funding has dramatically increased in the last five years - Missouri children are getting a better education! More scholarships and improved funding for higher education - more Missouri children are going to college! We passed Jessica's Law and several bills to stop methamphetamine - Missourians are safer! We passed Social Security tax relief, retirement tax relief, and property tax relief - We are letting Missourians keep more of the money they earn! We passed the conceal and carry bill and the castle doctrine - We respect Missourians' gun rights! We have decreased the number of abortions in the State of Missouri - We have respected life!

Finally, the climate has improved in the Missouri House of Representatives. Republicans and Democrats have equal debate time on important bills - both sides have the opportunity to be heard. We have considered many Republican and Democrat bills in the Missouri House in the past five years. We have improved our great state by working in a bipartisan fashion to improve the lives of our constituents.

As Speaker Pro Tem, I pledge to work with all members to continue the great work of the Missouri House of Representatives. I am very excited about the future of our great state, and I look forward to seeing the results of our hard work on my 6th, 7th, and 8th wedding anniversary.

May God Bless you, and may God Bless the great state of Missouri.

Speaker Jetton resumed the Chair.
